VOL. LXXXIII—No. 133 CITY OF KINGSTON, N. Y., THURSDAY EVENING, MARCH 25, 1954. PRICE FIVE CENTS

City Won't Start Clearing Out Old Houses This Year

Appraisals Made on Ann Street Properties to Be Razed

Kingston's removal of substandard housing in conjunction with the completed, state-sponsored housing project in the Flatbush avenue area is not scheduled to start this year, but is due to get under way within two years after completion of the Colonial Gardens development, it was learned today.

Properties which are expected to be involved in the replacement, or so-called slum clearance phase of the state housing program, have been appraised and the next step will be to complete negotiations, George E. Yerry, Jr., chairman of the Kingston Housing Authority said this morning.

Appraisals Made

The authority considered properties in the Ann street area at the time the state-sponsored project was approved locally and the appraisals have been made in this downtown area.

The Colonial Gardens project was completed last fall and the city has two years from the date of its completion under terms of the housing law to start on the removal of the designated substandard houses.

Negotiations with individual property owners is the next step. Owners who have not completed negotiations with the housing authority by the time it is ready for the clearance project will be subject to condemnation proceedings.

Sub-standard housing in and out of the considered area is due to come in for attention after next July when certain phases of the state's multiple dwelling law becomes effective, and it is expected that buildings which are not substantial enough for the required renovations will be abandoned as dwellings under the multiple dwelling law.

Could Start Sooner

Yerry said the authority does not, at this time, forsee actual start of razing operations in the area to be cleared, before the end of this year, but he indicated it could start earlier than expected if negotiations with property owners bring early settlement.

Newburgh's City Council recently accepted that city's housing authority's proposal that the city and state join in a project to clear slums from three sites, and it appropriated $150,000 to be made available to the authority to assist in purchasing the designated properties and clearing them.

The Newburgh authority is to use its $85,000 slum clearance fund for the project and will undertake to obtain another $50,000 from the State Division of Housing.

It is expected that the cleared land will be turned over to the city for public purposes and may include installation of metered parking, the Newburgh News said.

2,600 Attend Lions' Show Second Night

A total of 2,600 persons attended the second night of Kingston Area on Parade at the state armory on Wednesday, Lawrence M. Jenson, general chairman, reported.

The mercantile and industrial exposition and automobile show sponsored by the Lions Club continues nightly through Saturday. Doors are open from 7 to 11 p. m.

Opening night attendance on Tuesday was 2,248.

Children under 16 cannot be admitted to the exposition unless accompanied by a responsible adult.

$3,000 Verdict Is Given in Fisher Car Accident Case

Bus Driver Was Injured While Crossing Road After Getting Out of Vehicle

John J. Fisher, Kingston bus driver who was severely injured when struck by a motor vehicle while crossing the street at Broadway and East Chester street, was awarded $3,000 by a jury on Supreme Court Wednesday afternoon. John L. Larkin appeared for Fisher and Cook & Cook for defendants.

The action was brought against Edward Angelo Poalillo, Sr., and another. Fisher had alighted from a bus and was on his way to work when he was struck. He sustained severe injuries and was hospitalized for some time. At the time of the accident the defendant's vehicle was proceeding south and making a left turn from East Chester street into Broadway.

A jury was drawn and testimony was taken in an action for separation brought by Elaine Clayton Alte against Richard T. Alte of Kingston. Seymour Werbalowsky of Richter and Werbalowsky appears for plaintiff and Joseph Avis for defendant.

Action Settled

A negligence action brought by William P. Trinkle against Joseph H. Smith & Company and another, was announced settled. W. L. Boulanger for plaintiff and

IBM Contract Not Signed for Building

A rumor, which apparently originated in labor circles in New York city to the effect that International Business Machines Corporation was to sign contracts today for construction of their new plant in the town of Ulster, was denied today by K. L. Snover, assistant general manager of IBM at Poughkeepsie.

"It's just another rumor," Snover said when queried by a Freeman reporter. "When we are ready to sign a contract for construction of the Kingston plant, we will announce it from our office," he assured The Freeman.

Title to a large tract of land in the town of Ulster for construction of a multimillion dollar plant, was taken by IBM in February. When the plant is in full operation it will employ several thousand.

Shipyard Jobs for 225 Men Are Expected at Island Dock When Navy Project Is in Full Swing

75 Workers Are Hired to Begin Monday on Project of Finishing Vessels

Test Satisfactory

Union Representative Has Part in Resuming Work on 16 Ships

Resumption by Island Dock Inc., of the building of U. S. Navy landing craft is expected to put 225 ment to work in the shipyard in about three months, it was learned today.

Roger W. Mabie, general manager of the Island Dock yard, said work will resume Monday. Present plans call for resuming work with a force of about 75 men and adding more as the work progresses.

George E. Yerry, Jr., business agent for the Kingston Metal Trades Council, AFL, said he met Wednesday with representatives of Island Dock "to discuss plans for rehiring men in anticipation of the resumption of work on 16 landing craft for the U. S. Navy for which the Island Dock shipyard holds contracts."

Problems Settled

Mabie said work was suspended some time ago pending settlement of "several contractural problems, and most of these have been resolved."

Yerry said an official report commented: "The builders' trial on the first vessel, the LCU 1466, conducted on 5 October 1953, was most successful. All tests were completed without difficulty; and it is believed that the forthcoming preliminary acceptance trial will also be successful. The quality of LCU 1466 and of the remaining 16 vessels, which are now in various stages of construction, is considered to be above average." The LCU 1466 was accepted by the U. S. Navy and delivered at the N. Y. Naval Shipyard at Brooklyn on 7 January 1954.

The report also said: "Although in point of time, Island Dock is behind schedule, its rate of production is believed to be above average. Island Dock has encountered numerous interferences and difficulties during construction which were beyond its control and which contributed to a delayed delivery rate. The LCU class of vessels were subject to interferences in the piping and electrical installation, which were principally due to government furnished working plans.

Late Delivery Blamed

The time consumed in making the necessary changes and corrections delayed the construction schedule. It was determined that such plans and other government furnished property were not delivered in sufficient time to enable Island Dock to meet the contract delivery schedule and that, as a result, Island Dock has been delayed in performance of the contract and has incurred additional costs arising from such delay and from the performance of extra work resulting from plan revisions and additions."

Mabie expressed the thanks of Island Dock, Inc., to Yerry for his trips to Washington in behalf of the company and to the local U. S. Navy inspection officer and his staff for their cooperation and assistance in helping Island Dock work out its contractual problems and thereby effect the resumption of work.

Yerry said that in view of the many conflicting reports concerning the work stoppage, he was pleased to have the facts about the above average work performed at the local shipyard and that he expected a continuation of the fine labor-management relations with Island Dock, Inc.

VFW Commander Says Organization Is Against Haymes

Richards Declares Crooner Can Go Back and Take Rita to Argentina With Him

Manchester, N. H., March 25 (AP)—Wayne E. Richards, national commander of the Veterans of Foreign Wars, said last night his organization had something to do with trying to get crooner Dick Haymes deported.

Richards told a banquet meeting that the VFW had asked U. S. Atty. Gen. Herbert Brownell to deport Haymes and added:

"I read in some of the papers that Dick and his wife, Rita Hayworth, are charging 'pressure' in government for their departure. They don't identify the influence. I'll gladly take part of the influence."

Richards said also: "I say if any man like Haymes makes a lot of dough in this country and is afraid, or refuses to serve his country in time of need, he can go back to Argentina and take Rita with him."

Not Around for Comment

Neither Haymes nor his attorney could be reached for comment.

The Immigration Service has ordered Haymes deported to his native Argentina, taking the position he is ineligible for U. S. citizenship because he claimed draft exemption as a neutral alien.

The singer and his lawyer made a whirlwind tour of Washington yesterday. The attorney, Bartley Crum, said they came to consult with friends. Crum said he will try to see Sen. Langer (R.-N. D.) today. He has asked the senator to check immigration files in Haymes' case.

Arranges for Passport

Haymes and Crum dodged newsmen, who trailed them from the airport. They finally succeeded in shaking the newsmen at the Argentine embassy, where Haymes completed arrangements for a passport.

But reporters managed to talk with the singer just before he returned to New York with Crum.

"They haven't got a chance of kicking me out of the country," Haymes told them, but he did not elaborate.

From Los Angeles came word of financial troubles for Haymes if the deportation order sticks—a 25 per cent penalty added to his unpaid income tax, which Crum last month estimated at $30,000.

Red Asks Asylum

Berlin, March 25 (AP)—Max Janecke, public prosecutor in the Soviet zone town of Brandenburg, crossed into West Berlin yesterday and asked for political asylum. Authorities said Janecke was subjected to angry insults by other East German refugees when he appeared at the refugee center.

A&P Workers Return Friday; Re-Opening Set for Next Week

Warehouse Strike Is Settled in Albany; 100 Stores Shut for 24 Days

Although approximately 50 employes of the two Kingston branches of the A & P Store will return to work Friday, indications are that the stores will not open for business until sometime next week.

This was indicated today by John L. Wood, manager of the North Front street store who said that employes will return to their jobs tomorrow and will start restocking duties.

Settlement of the 24-day warehousemen's strike last night in Albany set the stage for re-opening of about 100 A & P stores affected by the strike. The stores affected were in northeastern New

Vols Will Honor Chief Murphy at Dinner on May 25

Testimonial Is Planned in Tribute to Fire Leader's Services to City, County

Fire Chief Joseph L. Murphy of Kingston will be honored at a testimonial dinner sponsored by the Ulster County Volunteer Firemen's Association at Bethany Hall of the Old Dutch Church Tuesday, May 25, at 7 p. m. The dinner is being given in recognition of the valuable service which Chief Murphy has given the City of Kingston, the County of Ulster and the County Association.

A committee has been appointed by President Leon Keator to make plans and arrangements for the dinner. Arthur C. Chipp is chairman with Albert Kurdt and Jay E. Molyneaux as other members.

Since this is a County Association sponsored dinner, member companies will be granted first opportunity to have representatives at the dinner. Tickets will be allocated to company members until April 21 when if not sold they will be available to any volunteer fireman in the order of reservations. Joseph Fassbender of Kingston is treasurer of the ticket committee.

To Discuss Merger

A special meeting of St. Remy School District 5 will be held Monday, March 29, at the St. Remy School, to discuss the merger of the district with Rifton. W. J. Kelley, clerk, has called the meeting to obtain expressions of opinion from the people of the district.

Po'keepsie Postal Employe Charged With Mail Theft

A Poughkeepsie postal employe was arraigned Wednesday in that city charged with embezzling funds in the mail at the Poughkeepsie Post Office.

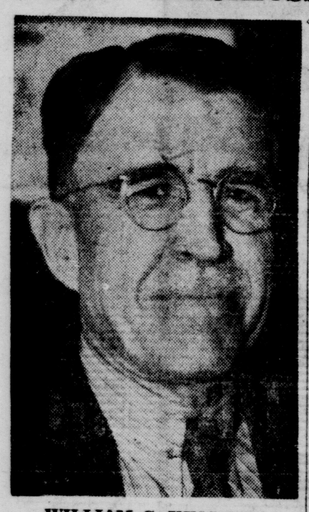
John W. Lee, 36, of 2 Allen Place, was arraigned before U. S. Commissioner Isaac Platt and released in his own recognizance.

Lee is specifically charged with the theft of 10 letters Tuesday evening while working in the post office. A veteran of World War 2, he joined the post office staff July 1, 1949. He has no previous court record.

Inspector Martin Kogel said the investigation showed the mails had been rifled for about the last three months. Losses may amount to $200 or $300, it was reported.

William Kingman, Prominent Local Business Leader, Dies

Served Canfield Firm as General Manager Since 1907; Also Was Treasurer



WILLIAM C. KINGMAN

William Casper Kingman, 83, of 78 Highland avenue, who served many years as treasurer and general manager of the Canfield Supply Co., died today in Kingston.

A native of Chatham, Columbia county, Kingman was named as general manager of the local concern in 1907 when Palmer A. Canfield, Jr., retired. His complete period of service with Canfields covered a span of 63 years.

Kingman was born August 7, 1870, the son of the late Oliver P. and Cornelia Casper Kingman, and received his education in the public schools of Columbia county, at Nassau Academy and at Albany Business College.

He came directly from business college to Canfields, entering that firm's employ March 19, 1891. He began as a clerk, later serving as a traveling salesman and then secretary of the concern.

Active in Civic Circles

Despite his busy life as a prominent business leader of the city, Kingman was active in many civic organizations in Kingston.

He formerly served as a director of the Rondout National Bank and trustee of the Rondout Savings Bank, the Children's Home, the YWCA, the Home for the Aged and the Wiltwyck Cemetery Association.

Ordained Ruling Elder

In 1901, Kingman was ordained a ruling elder of the Rondout Presbyterian Church, which is a lifelong office. He also served as clerk of that body for many years.

Fraternally, Kingman was a mason, a member of Kingston Lodge, 10, F & AM and an active member of the Kingston Kiwanis Club for many years.

In September of 1898, he was married to Caroline K. Brodhead. They had two daughters, Marian and Elizabeth. Mrs. Kingman died in March 1928.

In March 1930 he was married to Edith Canfield Holmes by whom he is survived. He also is survived by his daughters, Marian,

Mundt Plans Probe During Next Week

Schedule Calls for Quick Selection of Counsel, Rules Agreement

Washington, March 25 (AP)—Sen. Mundt (R-SD) said today he still hopes to launch next week a public Senate investigation of the heated row between Sen. McCarthy (R-Wis) and top army officials.

Mundt outlined a quick-pace schedule he wants to follow as presiding officer of the inquiry.

It calls for swift selection of a special counsel and agreement on ground rules under which the Senate Investigations Subcommittee will look into:

1. An army report backed by Secretary Stevens accusing McCarthy and his chief counsel, Roy M. Cohn, of trying to get favored treatment for Pvt. G. David Schine, an unpaid subcommittee aide until he was drafted last fall.

Fantastic, He Says

2. Return accusations by McCarthy and Cohn that Stevens and his associates tried to "blackmail" the committee into dropping its inquiry into alleged Communists in the army by using Schine as a "hostage." Stevens replied that the charge was "fantastic."

Mundt told reporters he is thinking in terms of five busy days of taking testimony, declaring "I can't see anything in the picture now that would take longer." But he said unexpected developments in the testimony itself could upset his calculations and plunge the subcommittee into a much longer job.

Still awaiting decision in writing the ground rules is the exact role McCarthy may play when his subcommittee, under Mundt's temporary chairmanship, starts the inquiry.

McCarthy has said he will insist on the right to cross examine witnesses, and is willing to submit to questioning by army representatives when he testifies himself.

Red Cross, CD Officials Discuss Disaster Plans

Plans for co-ordinating the disaster relief program of Red Cross with governmental agencies and Civil Defense in the event of a major disaster, were discussed Wednesday evening at the Ulster County Red Cross Chapter House at a joint meeting of the Red Cross officials, Col. Allan L. Hanstein director of the Ulster-Kingston Civil Defense Council, Sheriff Cluett Schantz and Corporation Counsel James Abernethy as representative of Mayor Frederick H. Stang.

Attending the meeting and participating in the discussion was Miss Mae Chesney, national Red Cross disaster field representative and Llewellyn Baer, Red Cross field representative of this area, in addition to Mrs. Samuel J. Adams, chairman of the Ulster County Chapter; Bernard A. Feeney and Walter T. Tremper of the Chapter Disaster Preparedness and Relief Committee, and other Chapter officials.

Red Cross by Congressional charter is charged with the duty of providing disaster relief in the event of a "natural" disaster while Civil Defense has the duty of taking over in the event of enemy attack.

In order to cope with disasters such as flood, fire, wind or other natural causes the Red Cross maintains facilities available at a moment's notice to step in and give immediate relief supplying shelter, food, clothing, nursing and medical care in co-operation with local authorities.

Minor disasters which affect less than five families are handled by the local Chapters through local aid but in the event of a major disaster which has affected five or more families then National Red Cross steps in to give aid and assistance.

At the meeting Wednesday evening the responsibilities of Red Cross were discussed by Miss Chesney and Mr. Baer and Col. Hanstein presented an outline of Civil Defense duties and explained the Ulster county set-up. He offered the facilities of his organization on a voluntary basis to Red Cross in the event of a local emergency, explaining that Civil Defense under the present law can only act in an official capacity in the event of a provoked emergency but he offered full co-operation with Red Cross and asked that Red Cross facilities be placed at the disposal of Civil Defense.

Chairman Feeney of the Disaster committee of Red Cross will meet with Civil Defense shortly and a program of full cooperation will be discussed and worked out so that each service may take advantage of the organized facilities in time of need.

On Tuesday evening a meeting was held with Chapter officials and members of the Chapter Disaster Preparedness and Relief committee at which time Red Cross responsibilities were discussed and plans made to fully organize the disaster program. At that meeting Mr. Baer and Miss Chesney outlined the responsibilities of Red Cross and also discussed the difference between Red

U. S. Hydrogen Bomb Test Gives Great Britain Jitters

London, March 25 (AP)—Britain broke out today in a rash of hydrogen bomb jitters.

Reports of the awesome and unexpected fury of America's hydrogen bomb test explosion in the Pacific March 1 prompted fresh demands in Parliament and the press for all-out diplomatic efforts to banish the threat of atomic war.

The Laborite London Daily Herald, in a rare front page editorial, demanded that the United States call off any more hydrogen bomb tests before it turns the Pacific into "a source of peril." It called on the British government to take the initative in seeking international consultation "on all the problems involved for mankind in possession of the bomb."

The influential, Liberal Manchester guardian also warned of the possible "most serious" consequences of further hydogen bomb tests.

Newspapers used "scare" headlines over President Eisenhower's news conference statement yesterday that something must have happened at the March 1 explosion that surprised and astonished scientists.

In Parliament, Laborites have renewed their demands for some sort of fresh approach to Russia. A few Conservatives also have

Wants Immediate Action

United Nations, March 25 (AP)—Israel appealed to the western Big Three today for immediate UN action on the Arab killing of 11 Israeli bus passengers in the Negev desert but diplomats here anticipated the Security Council would delay action. The council was to meet this afternoon for further debate on Israel's charges that Egypt is blockading cargoes destined for her via the Suez Canal. UN sources believed the council would want to dispose of this matter before turning to the bus incident, for which Israel blames Jordan.

Passengers Shaken Up

New York, March 25 (AP)—Several score persons were injured today when two crowded buses collided at an intersection in Brooklyn during the morning rush hour. Police said more than 100 persons were jammed into the two vehicles. Twelve men, women and children were treated at the scene by ambulance squads and four others were taken to hospitals. Details of injuries were not immediately available.

Two Gunmen Free Prisoners From Monroe County Prison

Rochester, March 25—Two gunmen tied up two guards in Monroe County Penitentiary early today and engineered the escape of two prisoners.

Monroe county deputies took George R. Bonner, 24, of Washington, Pa., into custody here several hours later and accused him of being one of the gunmen. He was held for questioning. No charge was lodged.

Sheriff Albert W. Skinner said the escaped prisoners were reported to be still in Rochester.

They were identified as James Compton, 30, of DuBois, Pa., and Cohocton, Ohio, and another Anthony Mendolla, 45, of Rochester.

The four made their getaway in a guard's car but abandoned it and were believed to have taken a taxicab later.

Compton was serving a one year term on a bad check charge and Mendolla was serving a similar term for petit larceny.

Police, who listed the quartet as "dangerous," threw up roadblocks over a wide area of western New York and said the four might be heading for Canada. The nearest points of entry into Canada are at Buffalo and Niagara Falls, about 80 miles away.

The gunmen gained entrance to the penitentiary about 12:30 a. m. by telling Clyde Jefferds, 63, chief

To Discuss Merger

A special meeting of St. Remy School District 5 will be held Monday, March 29, at the St. Remy School, to discuss the merger of the district with Rifton. W. J. Kelley, clerk, has called the meeting to obtain expressions of opinion from the people of the district.

Warehouse Strike Is Settled in Albany; 100 Stores Shut for 24 Days

Although approximately 50 employes of the two Kingston branches of the A & P Store will return to work Friday, indications are that the stores will not open for business until sometime next week.

This was indicated today by John L. Wood, manager of the North Front street store who said that employes will return to their jobs tomorrow and will start restocking duties.

Settlement of the 24-day warehousemen's strike last night in Albany set the stage for re-opening of about 100 A & P stores affected by the strike. The stores affected were in northeastern New

Po'keepsie Postal Employe Charged With Mail Theft

A Poughkeepsie postal employe was arraigned Wednesday in that city charged with embezzling funds in the mail at the Poughkeepsie Post Office.

John W. Lee, 36, of 2 Allen Place, was arraigned before U. S. Commissioner Isaac Platt and released in his own recognizance.

Lee is specifically charged with the theft of 10 letters Tuesday evening while working in the post office. A veteran of World War 2, he joined the post office staff July 1, 1949. He has no previous court record.

Inspector Martin Kogel said the investigation showed the mails had been rifled for about the last three months. Losses may amount to $200 or $300, it was reported.

75 Workers Are Hired to Begin Monday on Project of Finishing Vessels

Test Satisfactory

Union Representative Has Part in Resuming Work on 16 Ships

Resumption by Island Dock Inc., of the building of U. S. Navy landing craft is expected to put 225 ment to work in the shipyard in about three months, it was learned today.

Roger W. Mabie, general manager of the Island Dock yard, said work will resume Monday. Present plans call for resuming work with a force of about 75 men and adding more as the work progresses.

George E. Yerry, Jr., business agent for the Kingston Metal Trades Council, AFL, said he met Wednesday with representatives of Island Dock "to discuss plans for rehiring men in anticipation of the resumption of work on 16 landing craft for the U. S. Navy for which the Island Dock shipyard holds contracts."

Problems Settled

Mabie said work was suspended some time ago pending settlement of "several contractural problems, and most of these have been resolved."

Yerry said an official report commented: "The builders' trial on the first vessel, the LCU 1466, conducted on 5 October 1953, was most successful. All tests were completed without difficulty; and it is believed that the forthcoming preliminary acceptance trial will also be successful. The quality of LCU 1466 and of the remaining 16 vessels, which are now in various stages of construction, is considered to be above average." The LCU 1466 was accepted by the U. S. Navy and delivered at the N. Y. Naval Shipyard at Brooklyn on 7 January 1954.

The report also said: "Although in point of time, Island Dock is behind schedule, its rate of production is believed to be above average. Island Dock has encountered numerous interferences and difficulties during construction which were beyond its control and which contributed to a delayed delivery rate. The LCU class of vessels were subject to interferences in the piping and electrical installation, which were principally due to government furnished working plans.

Late Delivery Blamed

The time consumed in making the necessary changes and corrections delayed the construction schedule. It was determined that such plans and other government furnished property were not delivered in sufficient time to enable Island Dock to meet the contract delivery schedule and that, as a result, Island Dock has been delayed in performance of the contract and has incurred additional costs arising from such delay and from the performance of extra work resulting from plan revisions and additions."

Mabie expressed the thanks of Island Dock, Inc., to Yerry for his trips to Washington in behalf of the company and to the local U. S. Navy inspection officer and his staff for their cooperation and assistance in helping Island Dock work out its contractual problems and thereby effect the resumption of work.

Yerry said that in view of the many conflicting reports concerning the work stoppage, he was pleased to have the facts about the above average work performed at the local shipyard and that he expected a continuation of the fine labor-management relations with Island Dock, Inc.

France Refuses Approval

Bonn, Germany, March 25 (AP)—The three western powers have failed thus far to break their deadlock over West German rearmament legislation, allied officials said today. Despite pressure from the United States and Britain, France still refuses to give its approval to the constitutional amendments adopted to clear the way for German membership in the proposed European Defense Community (EDC), tiese officials said.

Treasury Receipts

Washington, March 25 (AP)—The cash position of the treasury March 23: Balance $5,682,714,736.52. Deposits fiscal year July 1 $49,999,214,378.10. Withdrawals fiscal year $51,828,922,953.13. William Kingman, Prominent Local Business Leader, Dies

WILLIAM C. KINGMAN

Served Canfield Firm as General Manager Since 1907; Also Was Treasurer

William Casper Kingman, 83, of 78 Highland avenue, who served many years as treasurer and general manager of the Canfield Supply Co., died today in Kingston.

A native of Chatham, Columbia county, Kingman was named as general manager of the local concern in 1907 when Palmer A. Canfield, Jr., retired. His complete period of service with Canfields covered a span of 63 years.

Kingman was born August 7, 1870, the son of the late Oliver P. and Cornelia Casper Kingman, and received his education in the public schools of Columbia county, at Nassau Academy and at Albany Business College.

He came directly from business college to Canfields, entering that firm's employ March 19, 1891. He began as a clerk, later serving as a traveling salesman and then secretary of the concern.

Active in Civic Circles

Despite his busy life as a prominent business leader of the city, Kingman was active in many civic organizations in Kingston.

He formerly served as a director of the Rondout National Bank and trustee of the Rondout Savings Bank, the Children's Home, the YWCA, the Home for the Aged and the Wiltwyck Cemetery Association.

Ordained Ruling Elder

In 1901, Kingman was ordained a ruling elder of the Rondout Presbyterian Church, which is a lifelong office. He also served as clerk of that body for many years.

Fraternally, Kingman was a mason, a member of Kingston Lodge, 10, F & AM and an active member of the Kingston Kiwanis Club for many years.

In September of 1898, he was married to Caroline K. Brodhead. They had two daughters, Marian and Elizabeth. Mrs. Kingman died in March 1928.

In March 1930 he was married to Edith Canfield Holmes by whom he is survived. He also is survived by his daughters, Marian,

Mundt Plans Probe During Next Week

Schedule Calls for Quick Selection of Counsel, Rules Agreement

Washington, March 25 (AP)—Sen. Mundt (R-SD) said today he still hopes to launch next week a public Senate investigation of the heated row between Sen. McCarthy (R-Wis) and top army officials.

Mundt outlined a quick-pace schedule he wants to follow as presiding officer of the inquiry.

It calls for swift selection of a special counsel and agreement on ground rules under which the Senate Investigations Subcommittee will look into:

1. An army report backed by Secretary Stevens accusing McCarthy and his chief counsel, Roy M. Cohn, of trying to get favored treatment for Pvt. G. David Schine, an unpaid subcommittee aide until he was drafted last fall.

Fantastic, He Says

2. Return accusations by McCarthy and Cohn that Stevens and his associates tried to "blackmail" the committee into dropping its inquiry into alleged Communists in the army by using Schine as a "hostage." Stevens replied that the charge was "fantastic."

Mundt told reporters he is thinking in terms of five busy days of taking testimony, declaring "I can't see anything in the picture now that would take longer." But he said unexpected developments in the testimony itself could upset his calculations and plunge the subcommittee into a much longer job.

Still awaiting decision in writing the ground rules is the exact role McCarthy may play when his subcommittee, under Mundt's temporary chairmanship, starts the inquiry.

McCarthy has said he will insist on the right to cross examine witnesses, and is willing to submit to questioning by army representatives when he testifies himself.

Red Cross, CD Officials Discuss Disaster Plans

Plans for co-ordinating the disaster relief program of Red Cross with governmental agencies and Civil Defense in the event of a major disaster, were discussed Wednesday evening at the Ulster County Red Cross Chapter House at a joint meeting of the Red Cross officials, Col. Allan L. Hanstein director of the Ulster-Kingston Civil Defense Council, Sheriff Cluett Schantz and Corporation Counsel James Abernethy as representative of Mayor Frederick H. Stang.

Attending the meeting and participating in the discussion was Miss Mae Chesney, national Red Cross disaster field representative and Llewellyn Baer, Red Cross field representative of this area, in addition to Mrs. Samuel J. Adams, chairman of the Ulster County Chapter; Bernard A. Feeney and Walter T. Tremper of the Chapter Disaster Preparedness and Relief Committee, and other Chapter officials.

Red Cross by Congressional charter is charged with the duty of providing disaster relief in the event of a "natural" disaster while Civil Defense has the duty of taking over in the event of enemy attack.

In order to cope with disasters such as flood, fire, wind or other natural causes the Red Cross maintains facilities available at a moment's notice to step in and give immediate relief supplying shelter, food, clothing, nursing and medical care in co-operation with local authorities.

Minor disasters which affect less than five families are handled by the local Chapters through local aid but in the event of a major disaster which has affected five or more families then National Red Cross steps in to give aid and assistance.

At the meeting Wednesday evening the responsibilities of Red Cross were discussed by Miss Chesney and Mr. Baer and Col. Hanstein presented an outline of Civil Defense duties and explained the Ulster county set-up. He offered the facilities of his organization on a voluntary basis to Red Cross in the event of a local emergency, explaining that Civil Defense under the present law can only act in an official capacity in the event of a provoked emergency but he offered full co-operation with Red Cross and asked that Red Cross facilities be placed at the disposal of Civil Defense.

Chairman Feeney of the Disaster committee of Red Cross will meet with Civil Defense shortly and a program of full cooperation will be discussed and worked out so that each service may take advantage of the organized facilities in time of need.

On Tuesday evening a meeting was held with Chapter officials and members of the Chapter Disaster Preparedness and Relief committee at which time Red Cross responsibilities were discussed and plans made to fully organize the disaster program. At that meeting Mr. Baer and Miss Chesney outlined the responsibilities of Red Cross and also discussed the difference between Red

U. S. Hydrogen Bomb Test Gives Great Britain Jitters

London, March 25 (AP)—Britain broke out today in a rash of hydrogen bomb jitters.

Reports of the awesome and unexpected fury of America's hydrogen bomb test explosion in the Pacific March 1 prompted fresh demands in Parliament and the press for all-out diplomatic efforts to banish the threat of atomic war.

The Laborite London Daily Herald, in a rare front page editorial, demanded that the United States call off any more hydrogen bomb tests before it turns the Pacific into "a source of peril." It called on the British government to take the initative in seeking international consultation "on all the problems involved for mankind in possession of the bomb."

The influential, Liberal Manchester guardian also warned of the possible "most serious" consequences of further hydogen bomb tests.

Newspapers used "scare" headlines over President Eisenhower's news conference statement yesterday that something must have happened at the March 1 explosion that surprised and astonished scientists.

In Parliament, Laborites have renewed their demands for some sort of fresh approach to Russia. A few Conservatives also have

Two Gunmen Free Prisoners From Monroe County Prison

Rochester, March 25—Two gunmen tied up two guards in Monroe County Penitentiary early today and engineered the escape of two prisoners.

Monroe county deputies took George R. Bonner, 24, of Washington, Pa., into custody here several hours later and accused him of being one of the gunmen. He was held for questioning. No charge was lodged.

Sheriff Albert W. Skinner said the escaped prisoners were reported to be still in Rochester.

They were identified as James Compton, 30, of DuBois, Pa., and Cohocton, Ohio, and another Anthony Mendolla, 45, of Rochester.

The four made their getaway in a guard's car but abandoned it and were believed to have taken a taxicab later.

Compton was serving a one year term on a bad check charge and Mendolla was serving a similar term for petit larceny.

Police, who listed the quartet as "dangerous," threw up roadblocks over a wide area of western New York and said the four might be heading for Canada. The nearest points of entry into Canada are at Buffalo and Niagara Falls, about 80 miles away.

The gunmen gained entrance to the penitentiary about 12:30 a. m. by telling Clyde Jefferds, 63, chief

Mt. Tremper

Mt. Tremper, March 24—Sixty-three patrons attended the meeting at the local Grange Hall Monday night. Members from Lake Katrine and Milton Granges staged an interesting hour-long program. The Lake Katrine contingent arrived in a bus. As part of the program, Miss Gerhilde Fleischer, a German exchange student and member of Milton Grange, showed slides of her home town. Miss Fleischer is sponsored by the Ulster County Grange and is a student at Milton High School. She hails from Isny, in South Germany near Lake Constance. The fortified town was founded in the 13th century and the ancient wall still surrounds it. It is located in the foothills of the Alps and they sometimes have snow in June. Miss Fleischer also showed colored slides of members of her family, dressed in picturesque Tyrolean costumes.

A surprise birthday party was given in honor of Henry Hudler at the home of his grandmother, Mrs. Mabel Hudler, Monday night.

Her daughter, Miss Charlotte Hegner, reports that Mrs. Anthony Hegner is showing some progress in recovering from her recent illness.

William Spanhake, Sr., recently became a member of the Catskill Glee Club. Ralph Longyear is also a member of the singing group, which gives concerts all over this area and is under the direction of Roland Heermance.

Arthur Reid writes from St. Petersburg, Fla., that he is enjoying the New York Yankee exhibition games there at their training camp. Mr. Reid's picture appeared briefly in a short film on St. Petersburg, which was recently shown in Kingston. He expects to return here sometime next month.

Until the end of the 1800's the east end of Long Island, N. Y., was cattle range with big herds and cowboys to watch them says the National Geographic Society.

Governor Signs For Regents Board To Get School TV

Albany, March 25 (AP) — Gov. Dewey today signed a bill authorizing the Board of Regents to charter non-profit corporations for educational television broadcasts.

Hailing TV as "a great new medium" for education, the governor said in a memorandum that the measure would provide a framework for cultural progress "without resort to state ownership, operation, control or subsidy."

He said the new law "distinguishes carefully between liberty and license" by empowering the Regents to revoke a charter if a broadcast is used for political purposes or if subversives are employed.

Also among the 12 bills signed into law today were measures that:

Provide that members of state boards, commissions, committees or authorities shall lose their posts if they fail to attend three consecutive regular meetings without excuse.

Authorize the courts to require that questions to witnesses who do not understand English be put both in English and the native tongues of the witnesses.

Continue until July 1, 1955, the right of members of the state employes' retirement system to buy additional annuities within the system and to borrow from accumulated contributions.

The educational television law stemmed from an agreement between Dewey and the Regents, who sought last year to set up a system of state-owned television stations. Ten educational channels have been assignd to the state by the Federal Communications Commission.

Several local groups have been formed to sponsor educational TV. Among them are the Metropolitan Educational Television Association in New York city, the Mohawk-Hudson Council on Educational Television in the Albany-Troy-Schenectady area, and an organization in Buffalo. Plans are under way to set up units in Rochester and Syracuse.

The new law will permit the Regents to charter these agencies as corporations authorized to build and operate stations for ultra-high-frequency broadcasts.

Among the 42 bills that Dewey signed yesterday were measures that:

Extend the Tax Commission to seize highway use tax permits that have been revoked or suspended.

Require that the state mental hygiene commissioner be a licensed physician with at least 10 years' experience in treating the mentally ill—give them as head of a public institution.

Mr. and Mrs. Laurence Dolan and family and mother, Mrs. Myra Dolan, were callers at the home of Mr. and Mrs. George Smith at Grahamsville Sunday afternoon.

Bald? Blame Ancestors

Chicago (AP) — A skin specialist at the University of Chicago advises men to forget vanity and grow bald gracefully. Dr. Stephan Rothman says there has never been a proved case of a cure of early male baldness in medical litterature. You're bald because your ancestors were bald. If it's in the genetic cards that you are to lose your hair, there's nothing you can do about it.

Cobs Prove Dangerous

Rulo, Neb. (AP) — Don Ferron's car stalled on a pile of corn cobs on a farm so Don walked to the farmhouse for help, leaving the engine running. The car's exhaust ignited the cobs, which then set fire to the car. The car's gas tank exploded, setting fire to a hog house nearby. Both car and hog house were destroyed.

Governor Signs For Regents Board To Get School TV

Albany, March 25 (AP) — Gov. Dewey today signed a bill authorizing the Board of Regents to charter non-profit corporations for educational television broadcasts.

Hailing TV as "a great new medium" for education, the governor said in a memorandum that the measure would provide a framework for cultural progress "without resort to state ownership, operation, control or subsidy."

He said the new law "distinguishes carefully between liberty and license" by empowering the Regents to revoke a charter if a broadcast is used for political purposes or if subversives are employed.

Also among the 12 bills signed into law today were measures that:

Provide that members of state boards, commissions, committees or authorities shall lose their posts if they fail to attend three consecutive regular meetings without excuse.

Authorize the courts to require that questions to witnesses who do not understand English be put both in English and the native tongues of the witnesses.

Continue until July 1, 1955, the right of members of the state employes' retirement system to buy additional annuities within the system and to borrow from accumulated contributions.

The educational television law stemmed from an agreement between Dewey and the Regents, who sought last year to set up a system of state-owned television stations. Ten educational channels have been assignd to the state by the Federal Communications Commission.

Several local groups have been formed to sponsor educational TV. Among them are the Metropolitan Educational Television Association in New York city, the Mohawk-Hudson Council on Educational Television in the Albany-Troy-Schenectady area, and an organization in Buffalo. Plans are under way to set up units in Rochester and Syracuse.

The new law will permit the Regents to charter these agencies as corporations authorized to build and operate stations for ultra-high-frequency broadcasts.

Among the 42 bills that Dewey signed yesterday were measures that:

Extend the Tax Commission to seize highway use tax permits that have been revoked or suspended.

Require that the state mental hygiene commissioner be a licensed physician with at least 10 years' experience in treating the mentally ill—give them as head of a public institution.

New Hurley

New Hurley, March 24—The offering received at the Lenten services in the New Hurley Church Sunday night, amounted to $115.50.

Several from here attended the Lenten services at the Brick Reformed Church in Montgomery Sunday night and heard an interesting address delivered by the Rev. Miner Stegenga of Poughkeepsie.

Choir rehearsal will be held at the church Thursday at 7:30 p. m.

Next Sunday One Great Hour of Sharing will be observed in the New Hurley Church. On that hour all will remember the homeless, the needy and destitute people of the world and the offering will go to World Relief.

The Young Women's Club will meet at the home of Mrs. Roy Denniston Saturday, April 3, at 2:30 p. m.

Next Sunday the Union Lenten Service will be held in the New Prospect Reformed Church at Pine Bush at 8 p. m. The Rev. Harold Schadewald of Fair Lawn, N. J., and a former minister of that church, will be the speaker.

On Sunday, April 4, Holy Communion will be observed in the New Hurley Church. New members will be received by letter and Confession of Faith.

The Central College A Cappella Choir will sing in the New Hurley Church Wednesday, April 14, at 8 p. m. This will be the choir's only appearance between Albany and New York. The members of the choir come from seven different states and Canada. The choir is under the direction of Clarence Grooters.

Mr. and Mrs. Gerow Schoonmaker arrived home last week after a months' vacation spent in Florida and other places.

Mrs. Edna DuBois spent the weekend with her niece and nephew, Mr. and Mrs. Harry Quick of Libertyville.

Susanna Denniston, a student at the Cortland State Teachers College, spent the weekend at the home of her parents, Mr. and Mrs. Roy Denniston and family.

Mr. and Mrs. Laurence Dolan and family and mother, Mrs. Myra Dolan, were callers at the home of Mr. and Mrs. George Smith at Grahamsville Sunday afternoon.

Bald? Blame Ancestors

Chicago (AP) — A skin specialist at the University of Chicago advises men to forget vanity and grow bald gracefully. Dr. Stephan Rothman says there has never been a proved case of a cure of early male baldness in medical litterature. You're bald because your ancestors were bald. If it's in the genetic cards that you are to lose your hair, there's nothing you can do about it.

Cobs Prove Dangerous

Rulo, Neb. (AP) — Don Ferron's car stalled on a pile of corn cobs on a farm so Don walked to the farmhouse for help, leaving the engine running. The car's exhaust ignited the cobs, which then set fire to the car. The car's gas tank exploded, setting fire to a hog house nearby. Both car and hog house were destroyed.

ANTI-BOOKIE BILL

A bill has been introduced into Congress which would put a serious crimp in the activities of bookmakers and gambling racketeers. It would broaden the authority of the Federal Communications Commission to prohibit the transmission of betting information on races and sporting events across state lines.

There have been objections to such legislation in the past on grounds that it would interfere with the legitimate reporting of sports events by newspapers and radio stations. Proponents of the new bill maintain that this would not be the case with their bill.

Illegal gambling provides racketeers with the kind of money they need to maintain their empires, to corrupt public officials and bribe police. If revenue from gambling could be cut off a great many existent evils might be brought under control.

The bill now under consideration may not be the answer. Perhaps it has faults which are not apparent from the first news reports on it. But some sort of legislation is necessary to break the power of crime syndicates and put those out of business who depend on violence, corruption and dishonesty to enrich themselves.

Some people claim that it's not what you know but whom you know that pays off. A much better philosophy is one in which you are more concerned with how, rather than what you do.

PITY THE DRIVER!

Motorists must have money. They are paying nearly $3,000,000,000 in gasoline taxes, and will pay more. It had been suggested that the present two-cent federal tax be cut half a cent on April 1, but President Eisenhower has asked that this cut be postponed. Some of the states are planning to raise the rate now charged.

The average tax on gasoline is now estimated at 7:5 cents per gallon. Most drivers are quite unaware that it is so high. They know there is a tax, but because it is hidden in the price charged at the pumps, they do not know how much. It amounts to one third of the net price of gasoline.

In many states the gasoline tax is spent on the highways, so that automobilists get some direct gain for their money. In others it is lumped in with income from various sources. No matter which practice is adopted, the motorist pays plenty.

To enjoy life tomorrow be careful today. Safety can only be first, never second.

THOUGHT FOR LENT

Lent is a season of meditation and prayer. When it is over a man who has spent it well can feel stronger to fight the eternal conflict within all men between material and spiritual concerns.

The last forty days of Christ's life, which Christians contemplate in this season, were among the most glorious. It was in this time that He expressed some of the finest ethical and moral concepts of human behavior which we study today. It was at the end of the forty days that He gave the greatest lesson in humility, love and forgiveness when he called out in His pain, "Father forgive them, for they know not what they do."

His teachings and His example strengthen those who think about them. His courage and His great love dignify and exalt mankind.

RE-BUILDING WASHINGTON

A plan is in the offing to rehabilitate slum areas in Washington, D. C. New residential areas, schools libraries, parks, churches and recreational centers are planned to replace blighted parts of the city. The project is in the hands of a New York real estate firm and the District of Columbia Redevelopment Land Agency. It will be financed by pooling public and private funds.

Visitors to America frequently judge the country by Washington. While there are many features of that city of which any American can feel proud, there are parts of it which are just as run down as the worst parts of other metropolitan centers. Rehabilitating these areas in the capital is a good idea.

Not only will a Washington free of slums give foreign visitors a better impression of our country but the fact that the capital took steps to rehabilitate its rundown sections may serve as an inspiration to other large cities.

'These Days'

By GEORGE SOKOLSKY

THE HELLBOMB

The most recent tests with the Hellbomb in the Pacific should frighten everyone. The radius of that bomb was so wide that 450 miles has now been set as its out periphery. Perhaps that fact would have been kept secret from the American people were it not that some Japanese fishermen were damaged during the tests.

One wonders whether Russian schnorkel submarines out of Tsingtao, Weihaiwei or Hainan watched this experiment from a safe distance. The Russians have bases along the China coast and although I give these cities as the probable sites, I do not really know where the bases are. The American press was not permitted to be present at the blowing up of the Hellbomb. Increasingly, Americans are growing dependent upon the mimeographed release for general information and upon carefully monitored magazine articles written by favored journalists who are not permitted to see what they write about.

This raises a question of policy that requires Congressional attention when Congress can take time off to devote itself to the business of the country. As of today's date, the American people have little concept of the new civilization-destroying weapons. If a single bomb has a destructive radius of 450 miles, it means that a single bomb can destroy not only the British Isles but that every large city in the United States can be wiped out by an enemy.

Last summer, we heard much about some concept called "Operation Candor." The idea was that President Eisenhower would deliver an address telling the American people precisely how dreadful this new weapon is. For weeks we heard that there was divided counsel as to the wisdom of such an address. After the Bermuda Conference, the President did speak on the subject, but it was a rather mild statement. It is obvious from the recent explosion of a Hellbomb that it was not the whole story and that those who believe in secrecy had succeeded in suppressing a recital of the menace to us.

Could it be that the infantrymen feared that if the whole truth were known, Congress would drastically cut appropriations for foot-soldiers and use the money for the Air Force and for counter-Hellbomb expenditures? What use can actually be made of foot-soldiers against a bomb that comes out of the air and devastates an area within a radius of 450 miles? What would foot-soldiers do against such a bomb? Could they do more than die as the rest of us would die?

I am not a military expert and cannot answer these questions, but I would like to know what the answers are. I would also like to know whether parents can, from now on, be justified in keeping their children in big cities that are likely to be targets. I should also like to know whether our warning devices, such as radar, and our interceptor planes are of a quantity and quality capable of defending our lives. Somebody ought to tell us about that.

We are being told that our retaliatory powers are enormous. Does that mean that if New York is wiped out, Moscow and Magnitogorsk will also be wiped out? Or that if one Hellbomb is hurled at us, 11 Hellbombs will be hurled at cities in the Soviet Universal State?

Such retaliation may be a fascinating study for those who are planning it, but what about the 8,000,000 people of New York who would be killed? And what would become of our civilization under such circumstances? It would seem to me that conscience would require those who are responsible for the Hellbomb and those who are responsible for our defense to tell us something about the seriousness of this problem.

Politically, I think it can be said that the first Hellbomb that is hurled at the United States will end the existence of constitutional government in the United States. Emergency conditions will be of such a magnitude that authority will have to be centralized. For one thing, it will be necessary to establish a government of violence to prevent the agents of the enemy from taking advantage of the confusion.

What is being done about that? Currently it would seem that nothing is being done about it in the United States. But is nothing being done about it in the Kremlin?

That Body of Yours

By JAMES W. BARTON, M.D.

REASSURANCE ABOUT HEART DISEASE

In examining Johnny Dundee, the champion boxer, I found his heart beating less than sixty times a minute. While this slow rate of beating might upset us, thinking we were not getting enough blood to the heart to keep it beating regularly, it is really a sign of a strong heart. He had engaged in hundreds of boxing bouts and his strong, muscular heart was so well trained it did not have to beat as often as others, pumping more blood to the heart with each beat than would an untrained heart.

"The growing public awareness of heart disease has made people frightened of a fast or slow heartbeat, an irregular beat, palpitations, murmurs or pain in the chest (angina pectoris). Some of these may be symptoms of heart disease but usually they are harmless. Four of five people who rush to a doctor with "pain over the heart" suffer with digestive disturbances.

What really matters is the normal rate for a particular heart. Glenn Cunningham, the heavily built, powerful runner, has a heart that beats 40 times to the minute. Even a slow rate caused by a permanent change in the heart is not necessarily a cause for alarm. For example, Mrs. White, an extremely busy, energetic woman, had an uncommon condition known as complete heart block. In this condition the electrical impulse that sets off each beat of the heart is blocked in its passage from the upper to lower chamber. For more than 30 years Mrs. White's heart rate was down to 33 beats a minute. She reared a family, made a name for herself in her profession, and flung herself into a great number of strenuous campaigns for worthy causes. She seemed to be affected by her condition only when she had a fever and her heart speeded up to about 40. Then she would comment, "It's pounding like a triphammer."

Because the individual becomes aware of his heart when it is beating rapidly, more anxiety is felt about the heart. Sometimes a rapid heart is normal for that individual; sometimes the rapid beat is only a temporary condition. In one fairly common condition, the heart rate speeds up suddenly to as much as 200 to 250 beats a minute. This may continue for minutes and hours, or, more rarely, for several days, then abruptly subside. The chief harm lies in the fear. Such an attack usually ceases when the individual learns that it is uncomfortable but not serious. As the heartbeat and rate seem so important, we will discuss it further within a short time.

Why Worry About Your Heart?

Do you get out of breath easily? Does your heart seem to skip beats? "Testing..."

Edson's Washington News Notebook

Washington, (NEA) — "If we can't do all our eating out of the garden this summer, I'm going to be mad," says Mrs. Herbert Brownell, wife of the attorney general. The Brownells live in the Wesley Heights section of Washington and Mrs. Brownell says, "I've never had so much land before."

Already well up in the Brownell yard are shoots from 1000 bulbs planted last fall. The ex-New Yorkers plan to put in peas, beans, corn and tomatoes this year.

What about Secretary of Agriculture and Mrs. Ezra Taft Benson? They have no vegetable-growing plans. Instead they've put in two big swings and a trapeze for their kids.

Water-Shy Maybe

Department of Agriculture employes are trying to promote, not a cooperative garden, but a cooperative country club. "Ag Reporter," the employes' house organ, has suggested the venture with this catch line:

"How would you like to take a swim in a cool and refreshing pool not too far from the office?" In the first week, only 12 expressed any interest.

Didn't They Know?

Secretary of Agriculture Ezra Taft Benson has been giving dairymen some free advice on how to sell their products.

"We know a lot about the market for milk," says the secretary. "We know that low-income families use less than high-income families. Families with only adults use less per person than families with children. Women consume less than men. Older women consume less than younger women. We know also that appeals to teen-agers can be made on the basis of good looks, to older women on the basis of fashion, to many on the basis of health."

When in Rome—

Whether the State Department approves or not, Mrs. Clare Boothe Luce has acquired the brand-new Italian title of "Ambasciatrice." The American ambassador to Rome has indicated that the feminine ending for the Italian noun is okay with her, and it has made happy the Italian newspaper correspondents who cover the U. S. Embassy.

'Picking' Their Words

The Communist trick of making the world "Peace" a trade name has finally raised a protest from the Hungarian newspaper, "Esti Budapest." This paper editorialized that "in the name of good taste," the world "Peace" should not be applied to toothpicks.

"It is obvious we should not put 'Peace' into our mouths — whether with a capital 'P' or not —in the form of little pieces of wood. We don't name axle grease after Beethoven, or face-cloths after Aristotle."

Food for Freedom

Sen. Paul Douglas of Illinois is backing a $2 million government campaign to release balloon-carried freedom messages and small packets of surplus U. S. "freedom food" to Iron Curtain people.

"A bit of cheese, or a packet of dried milk wrapped in a freedom message, will do wonders to upset Communist propaganda and dispel the dreary lie of starvation in the United States," says the senator.

Dream Come True

Fordham University recently bestowed an honorary Doctor of Laws degree on Secretary of Labor James P. Mitchell. It was his first college diploma. In accepting it, he declared that "This ceremony, coming after much of the labor of a lifetime, fulfills a long-cherished and secret ambition of boyhood."

Discussing the American labor situation in accepting his degree, Secretary Mitchell said:

"When men are free, there will always be some differences and disputes growing out of their varying group interests and their individual ambitions. This is as it should be. I hope the time never comes when labor-management disputes vanish from the scene, for only in totalitarian states are grievances, strikes and lockouts eliminated."

Ike's Personal Invitation

Invitations to White House functions always have the name of the invited guest carefully hand-lettered in what is known as "engraving script." To get this job done for the five formal state receptions and the smaller dinners, teas and receptions requires the full-time services of two engrossing clerks. They are Mrs. Myra Boland and Earl Leslie. This year they figure they'll turn out over 6000 invitations. Mrs. Adrian Tolley, chief of the White House Social Office, says there are so few people capable of doing this engraving script that it has become almost a lost art.

'Left Wing' Broadside Attacks Now Expected on Velde, Jenner, FBI and Hoover

By DAVID LAWRENCE

Washington, March 25 — The "left wing" has achieved a number of significant victories in Washington in the last two weeks —the most notable of which has been to bring influence to bear on President Eisenhower to use the headline power of his press conference to carry on an open war with Senator McCarthy, of Wisconsin, chairman of the Senate Subcommittee on Permanent Investigations.

Elated by this victory, the "left wing" is setting out now to get the scalps of Representative Velde, Republican, chairman of the House Committee on Un-American Activities, and Senator Jenner, Republican, chairman of the Senate Subcommittee on Internal Security. After that will come broadside attacks on the FBI in general and J. Edgar Hoover in particular. Already articles are appearing in magazines of leftish tendency, written by well known anti-McCarthy agitators, which are disparaging the work of the FBI and casting doubt on the validity of its system of reports.

The Senate Subcommittee on Permanent Investigations has, of course, been stopped in its tracks. The Republicans — Sen. Mundt, Sen. Dirksen and Sen. Potter—have been stampeded into voting to suspend all investigations despite the fact that there still are 100 Communists in defense plants which the committee, by arrangement with companies doing defense work, has been weeding out concurrently as the committee exposed them.

What stimulates the "left wingers" to greater effort is the discovery that the Republicans on Congress can be easily driven to the defensive and will not work together in resisting attack. The behavior of Eisenhower administration officials in the dispute between the office of the Secretary of the Army and the McCarthy committee has revealed a lack of team-play all around.

The "left wingers" in the White House coterie—and they comprise some "world government" advocates who think they are fighting "isolationism" when they fight Senator McCarthy, and some so-called "liberals" who have been egging the President on to come out into the open against the Wisconsin Senator—are clumsy, however, in their tactics. Thus the reporters were authorized to quote the President directly when he said on Wednesday that he doesn't think a senator should sit in judgment of his own case in the Senate, but the White House failed, in fairness to the Wisconsin senator, to point out in its authorized statement that he had already announced several days before that he didn't intend to vote on the issues before his committee.

The mixup in handling the report prepared by the office of the secretary of the army on the dispute between the legal counsel John G. Adams at the Pentagon and the staff of the McCarthy committee is another example of lack of team-play. This correspondent said earlier this week that fourteen Democrats and one Republican had clandestinely received this report from the Pentagon in advance of the chairman of the committee. This was not correct so far as the Democrats were concerned. The facts are these:

1. Only one Republican—Senator Potter, of Michigan—received the report ahead of his colleagues in the Senate, and that was one day in advance — namely, on Wednesday, March 10.

2. Senator McCarthy had lunched that day with Secretary of Defense Wilson, who mentioned that Senator Potter had the report. The Wisconsin Senator promptly went to Senator Potter and asked to see it. He was permitted to read it.

3. Senator McCarthy then phoned Assistant Secretary of Defense Fred Seaton that the document was one-sided and that he had in his files a lot of data on the other side and that he thought the memoranda he had should be considered in the interest of fair play before anything was published. Mr. Seaton is reported to have replied that the matter had gone beyond his hands. The report was "leaked" to the press the next day (Thursday) at about the same time copies were received by most of the Senators.

4. Sen. McClellan of Arkansas, Democrat, phoned the Defense Department early on Thursday, March 11, saying he had heard of the report on that, since he originally had made some inquiries on the subject himself, he felt he should have a copy of it. He told this correspondent on Tuesday of this week that the Defense Department had replied to him that he should have received it the day before — Wednesday, March 10. But he didn't. On Thursday, March 11, several copies of the report dated the same day were sent to Democrats and Republicans alike on Capitol Hill, and on Friday to several more members of Congress. The document had been mimeographed for wide distribution in disregard of the fact that the matter concerned primarily the chairman of a Senate committee to whom the report should have gone in the first place —that is, if regular procedure were followed.

Just why Senator Potter was given the report in advance of all other senators was not explained to the chairman of the subcommittee, Senator McCarthy. The McCarthy people are saying that since Lewis Berry, one of Senator Potter's campaign managers, was given, at the request of Mr. Potter, the post of assistant to John G. Adams, legal counsel of the Army, early in January at a salary of $12,000 a year, the Michigan senator has become a partisan of the office of the Secretary of the Army in the course of the inquiry on Army affairs and an opponent of the chairman of the Senate subcommittee of which he is a member. Senator Potter's friends deny it.

But this is the kind of thing that one hears on Capitol Hill these days. While the Republicans quarrel and bicker, the "left wing" rides triumphantly on towards its ultimate goal — the squelching hereafter of all anti-Communist crusading by the administration.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Palm Beach, March 24 — For all these years I have been having four-in-hand trouble in that my tie always takes a slant to the right, which is appropriate with me in political matters but awry in this sartorial detail. So being here 'mid pleasures and palaces, I bethought me that the Duke of Windsor was in town and he the inventor of the Windsor knot which has been approved by certain elements of our armed forces so why not call him up and make a date for a course of one easy lesson in executing same? This was a great deal sooner said than done, however, for it turned out that David and Wallie were guesting at railroad Robert Young's humble croft up the Strand and that Mr. Young's number is off the record.

Well I telephoned the West Palm Beach police department, but the best the man on the desk could give me was his street address, so I plopped the self down and was about to write him a note when I wondered how you salute a man who in his time, and mine, was king-emperor of a realm which the sun, for all its known and undiscovered powers, could not manage to set upon. Not "majesty," nor "your royal highness" nor "dear sir," but I remembered then a long-forgotten discourse by an expert on such trifles who sometimes sat in for Walter Hines Page at the London Embassy and on this occasion said that you couldn't go wrong calling a monarch, whether instant or erst, by the terse and simple honorific "sire" or its diminutive, "sir."

So I wrote, "sir," and said as I have herein said to you about my trouble tying ties and asked for an appointment for a demonstration of this Windsor deal. The bell-captain called a bell-man, who called a cab, and the missive was on its way and I had forgotten all about it when the phone rang and Miss Kitty Delaney, of New York, at the switchboard asked if I would take a call from a man who said he was the Duke of Windsor. The voice to her had said, "this is the Duke of Windsor" and Miss Kitty had said "you wouldn't kid a poor working girl, would you?" He said, "no." She said, "no jesting?" And the Duke said, "no, I really am the Duke of Windsor." So Miss Delaney said, "well, it certainly is a pleasure to talk to you" and he said, "it is a pleasure to speak to you, too" and she plugged him through.

Now do you know what?

I will tell you what. The Duke of Windsor said he had never heard of the Windsor knot until he saw the story and the series of little demonstrative line-drawings in the papers a few days ago and hasn't been able to master it himself.

Well, I was in the market for some finery, having shipped my sports and tropical layette to Tucson weeks ago, so I rousted out old Joe Bannon, known as the royal blood of Ireland, and his old accomplice in innocent mischief, Doc Kelton, an ancient tennis player whose defiant addiction to this flouncy proposition in his youngling days on the west side of New York was courageous above and beyond the capacity of most of the harps of his class.

Another such one, Ray McCauley, having won a walking stick at a ring-the-cane pitch at Parish Bazaar one night, observed three or four of the neighbors playing a game of dice called "craps" at the corner of 34th street and Ninth avenue and tried to hide this awful evidence by jabbing it up his back under his overcoat. As fate would have it, however, that nice little Fogarty girl who later married Con Kelly, who went on the cops, came strolling with her mother so young Mr. McCauley had to leave go the stick with his right hand to tip his hat and he missed his grab with the left and the stick clattered down with a sickening sound on the sidewalk and they chased him all the way home yelling "yoo-hoo" in high soprano.

Where was I—at?

Oh yes, Mr. Bannon and Mrs. Kelton took me shopping to a place called Schur's and introduced me to Arthur C. Roth, the manager, who gets around to Southampton, White Sulphur, Newport and all such haunts of the underpriviliged and Mr. Roth got a tie off the rack and demonstrated over and over until I thought I had it pat. But when I crept back to my cell at the Breakers and tried to solo I got the most intricate mess of rope-tricks this side of the Royal Naval Museum in Whithall and it has now been agreed that the duke, Joe Kennedy and I are to organize a seminar with Mr. Roth as dean of studies and master the thing as a matter of principle.

I was saying to Miss Kitty Delaney that Joe didn't quite qualify as the toast of the British Isles, being one of those south Bostonians whose reflexes close upon a hypothetical half-brick at the opening strain of "Wearin' of the Green," but that nevertheless he was fond of the duke and spoke nothing but well of him.

Miss Delaney said well, she felt the same way about the little fellow, herself, for it was a hard life he had led with a great deal of sadness, too, and what did I think of her? I said I thought she was a nice person, carrying herself aloof and contemptuous through inspired artificial scandals and that she seemed a little more impressed by the importance of royalty than the duke, who might profitably have given a little more weight to it himself.

ANTI-BOOKIE BILL

A bill has been introduced into Congress which would put a serious crimp in the activities of bookmakers and gambling racketeers. It would broaden the authority of the Federal Communications Commission to prohibit the transmission of betting information on races and sporting events across state lines.

There have been objections to such legislation in the past on grounds that it would interfere with the legitimate reporting of sports events by newspapers and radio stations. Proponents of the new bill maintain that this would not be the case with their bill.

Illegal gambling provides racketeers with the kind of money they need to maintain their empires, to corrupt public officials and bribe police. If revenue from gambling could be cut off a great many existent evils might be brought under control.

The bill now under consideration may not be the answer. Perhaps it has faults which are not apparent from the first news reports on it. But some sort of legislation is necessary to break the power of crime syndicates and put those out of business who depend on violence, corruption and dishonesty to enrich themselves.

Some people claim that it's not what you know but whom you know that pays off. A much better philosophy is one in which you are more concerned with how, rather than what you do.

PITY THE DRIVER!

Motorists must have money. They are paying nearly $3,000,000,000 in gasoline taxes, and will pay more. It had been suggested that the present two-cent federal tax be cut half a cent on April 1, but President Eisenhower has asked that this cut be postponed. Some of the states are planning to raise the rate now charged.

The average tax on gasoline is now estimated at 7:5 cents per gallon. Most drivers are quite unaware that it is so high. They know there is a tax, but because it is hidden in the price charged at the pumps, they do not know how much. It amounts to one third of the net price of gasoline.

In many states the gasoline tax is spent on the highways, so that automobilists get some direct gain for their money. In others it is lumped in with income from various sources. No matter which practice is adopted, the motorist pays plenty.

To enjoy life tomorrow be careful today. Safety can only be first, never second.

THOUGHT FOR LENT

Lent is a season of meditation and prayer. When it is over a man who has spent it well can feel stronger to fight the eternal conflict within all men between material and spiritual concerns.

The last forty days of Christ's life, which Christians contemplate in this season, were among the most glorious. It was in this time that He expressed some of the finest ethical and moral concepts of human behavior which we study today. It was at the end of the forty days that He gave the greatest lesson in humility, love and forgiveness when he called out in His pain, "Father forgive them, for they know not what they do."

His teachings and His example strengthen those who think about them. His courage and His great love dignify and exalt mankind.

RE-BUILDING WASHINGTON

A plan is in the offing to rehabilitate slum areas in Washington, D. C. New residential areas, schools libraries, parks, churches and recreational centers are planned to replace blighted parts of the city. The project is in the hands of a New York real estate firm and the District of Columbia Redevelopment Land Agency. It will be financed by pooling public and private funds.

Visitors to America frequently judge the country by Washington. While there are many features of that city of which any American can feel proud, there are parts of it which are just as run down as the worst parts of other metropolitan centers. Rehabilitating these areas in the capital is a good idea.

Not only will a Washington free of slums give foreign visitors a better impression of our country but the fact that the capital took steps to rehabilitate its rundown sections may serve as an inspiration to other large cities.

'These Days'

By GEORGE SOKOLSKY

THE HELLBOMB

The most recent tests with the Hellbomb in the Pacific should frighten everyone. The radius of that bomb was so wide that 450 miles has now been set as its out periphery. Perhaps that fact would have been kept secret from the American people were it not that some Japanese fishermen were damaged during the tests.

One wonders whether Russian schnorkel submarines out of Tsingtao, Weihaiwei or Hainan watched this experiment from a safe distance. The Russians have bases along the China coast and although I give these cities as the probable sites, I do not really know where the bases are. The American press was not permitted to be present at the blowing up of the Hellbomb. Increasingly, Americans are growing dependent upon the mimeographed release for general information and upon carefully monitored magazine articles written by favored journalists who are not permitted to see what they write about.

This raises a question of policy that requires Congressional attention when Congress can take time off to devote itself to the business of the country. As of today's date, the American people have little concept of the new civilization-destroying weapons. If a single bomb has a destructive radius of 450 miles, it means that a single bomb can destroy not only the British Isles but that every large city in the United States can be wiped out by an enemy.

Last summer, we heard much about some concept called "Operation Candor." The idea was that President Eisenhower would deliver an address telling the American people precisely how dreadful this new weapon is. For weeks we heard that there was divided counsel as to the wisdom of such an address. After the Bermuda Conference, the President did speak on the subject, but it was a rather mild statement. It is obvious from the recent explosion of a Hellbomb that it was not the whole story and that those who believe in secrecy had succeeded in suppressing a recital of the menace to us.

Could it be that the infantrymen feared that if the whole truth were known, Congress would drastically cut appropriations for foot-soldiers and use the money for the Air Force and for counter-Hellbomb expenditures? What use can actually be made of foot-soldiers against a bomb that comes out of the air and devastates an area within a radius of 450 miles? What would foot-soldiers do against such a bomb? Could they do more than die as the rest of us would die?

I am not a military expert and cannot answer these questions, but I would like to know what the answers are. I would also like to know whether parents can, from now on, be justified in keeping their children in big cities that are likely to be targets. I should also like to know whether our warning devices, such as radar, and our interceptor planes are of a quantity and quality capable of defending our lives. Somebody ought to tell us about that.

We are being told that our retaliatory powers are enormous. Does that mean that if New York is wiped out, Moscow and Magnitogorsk will also be wiped out? Or that if one Hellbomb is hurled at us, 11 Hellbombs will be hurled at cities in the Soviet Universal State?

Such retaliation may be a fascinating study for those who are planning it, but what about the 8,000,000 people of New York who would be killed? And what would become of our civilization under such circumstances? It would seem to me that conscience would require those who are responsible for the Hellbomb and those who are responsible for our defense to tell us something about the seriousness of this problem.

Politically, I think it can be said that the first Hellbomb that is hurled at the United States will end the existence of constitutional government in the United States. Emergency conditions will be of such a magnitude that authority will have to be centralized. For one thing, it will be necessary to establish a government of violence to prevent the agents of the enemy from taking advantage of the confusion.

What is being done about that? Currently it would seem that nothing is being done about it in the United States. But is nothing being done about it in the Kremlin?

That Body of Yours

By JAMES W. BARTON, M.D.

REASSURANCE ABOUT HEART DISEASE

In examining Johnny Dundee, the champion boxer, I found his heart beating less than sixty times a minute. While this slow rate of beating might upset us, thinking we were not getting enough blood to the heart to keep it beating regularly, it is really a sign of a strong heart. He had engaged in hundreds of boxing bouts and his strong, muscular heart was so well trained it did not have to beat as often as others, pumping more blood to the heart with each beat than would an untrained heart.

"The growing public awareness of heart disease has made people frightened of a fast or slow heartbeat, an irregular beat, palpitations, murmurs or pain in the chest (angina pectoris). Some of these may be symptoms of heart disease but usually they are harmless. Four of five people who rush to a doctor with "pain over the heart" suffer with digestive disturbances.

What really matters is the normal rate for a particular heart. Glenn Cunningham, the heavily built, powerful runner, has a heart that beats 40 times to the minute. Even a slow rate caused by a permanent change in the heart is not necessarily a cause for alarm. For example, Mrs. White, an extremely busy, energetic woman, had an uncommon condition known as complete heart block. In this condition the electrical impulse that sets off each beat of the heart is blocked in its passage from the upper to lower chamber. For more than 30 years Mrs. White's heart rate was down to 33 beats a minute. She reared a family, made a name for herself in her profession, and flung herself into a great number of strenuous campaigns for worthy causes. She seemed to be affected by her condition only when she had a fever and her heart speeded up to about 40. Then she would comment, "It's pounding like a triphammer."

Because the individual becomes aware of his heart when it is beating rapidly, more anxiety is felt about the heart. Sometimes a rapid heart is normal for that individual; sometimes the rapid beat is only a temporary condition. In one fairly common condition, the heart rate speeds up suddenly to as much as 200 to 250 beats a minute. This may continue for minutes and hours, or, more rarely, for several days, then abruptly subside. The chief harm lies in the fear. Such an attack usually ceases when the individual learns that it is uncomfortable but not serious. As the heartbeat and rate seem so important, we will discuss it further within a short time.

Edson's Washington News Notebook

Washington, (NEA) — "If we can't do all our eating out of the garden this summer, I'm going to be mad," says Mrs. Herbert Brownell, wife of the attorney general. The Brownells live in the Wesley Heights section of Washington and Mrs. Brownell says, "I've never had so much land before."

Already well up in the Brownell yard are shoots from 1000 bulbs planted last fall. The ex-New Yorkers plan to put in peas, beans, corn and tomatoes this year.

What about Secretary of Agriculture and Mrs. Ezra Taft Benson? They have no vegetable-growing plans. Instead they've put in two big swings and a trapeze for their kids.

Water-Shy Maybe

Department of Agriculture employes are trying to promote, not a cooperative garden, but a cooperative country club. "Ag Reporter," the employes' house organ, has suggested the venture with this catch line:

"How would you like to take a swim in a cool and refreshing pool not too far from the office?" In the first week, only 12 expressed any interest.

Didn't They Know?

Secretary of Agriculture Ezra Taft Benson has been giving dairymen some free advice on how to sell their products.

"We know a lot about the market for milk," says the secretary. "We know that low-income families use less than high-income families. Families with only adults use less per person than families with children. Women consume less than men. Older women consume less than younger women. We know also that appeals to teen-agers can be made on the basis of good looks, to older women on the basis of fashion, to many on the basis of health."

When in Rome—

Whether the State Department approves or not, Mrs. Clare Boothe Luce has acquired the brand-new Italian title of "Ambasciatrice." The American ambassador to Rome has indicated that the feminine ending for the Italian noun is okay with her, and it has made happy the Italian newspaper correspondents who cover the U. S. Embassy.

'Picking' Their Words

The Communist trick of making the world "Peace" a trade name has finally raised a protest from the Hungarian newspaper, "Esti Budapest." This paper editorialized that "in the name of good taste," the world "Peace" should not be applied to toothpicks.

"It is obvious we should not put 'Peace' into our mouths — whether with a capital 'P' or not —in the form of little pieces of wood. We don't name axle grease after Beethoven, or face-cloths after Aristotle."

Food for Freedom

Sen. Paul Douglas of Illinois is backing a $2 million government campaign to release balloon-carried freedom messages and small packets of surplus U. S. "freedom food" to Iron Curtain people.

"A bit of cheese, or a packet of dried milk wrapped in a freedom message, will do wonders to upset Communist propaganda and dispel the dreary lie of starvation in the United States," says the senator.

Dream Come True

Fordham University recently bestowed an honorary Doctor of Laws degree on Secretary of Labor James P. Mitchell. It was his first college diploma. In accepting it, he declared that "This ceremony, coming after much of the labor of a lifetime, fulfills a long-cherished and secret ambition of boyhood."

Discussing the American labor situation in accepting his degree, Secretary Mitchell said:

"When men are free, there will always be some differences and disputes growing out of their varying group interests and their individual ambitions. This is as it should be. I hope the time never comes when labor-management disputes vanish from the scene, for only in totalitarian states are grievances, strikes and lockouts eliminated."

Ike's Personal Invitation

Invitations to White House functions always have the name of the invited guest carefully hand-lettered in what is known as "engraving script." To get this job done for the five formal state receptions and the smaller dinners, teas and receptions requires the full-time services of two engrossing clerks. They are Mrs. Myra Boland and Earl Leslie. This year they figure they'll turn out over 6000 invitations. Mrs. Adrian Tolley, chief of the White House Social Office, says there are so few people capable of doing this engraving script that it has become almost a lost art.

Current models of cars have an average of 20 lights.

'Left Wing' Broadside Attacks Now Expected on Velde, Jenner, FBI and Hoover

By DAVID LAWRENCE

Washington, March 25 — The "left wing" has achieved a number of significant victories in Washington in the last two weeks —the most notable of which has been to bring influence to bear on President Eisenhower to use the headline power of his press conference to carry on an open war with Senator McCarthy, of Wisconsin, chairman of the Senate Subcommittee on Permanent Investigations.

Elated by this victory, the "left wing" is setting out now to get the scalps of Representative Velde, Republican, chairman of the House Committee on Un-American Activities, and Senator Jenner, Republican, chairman of the Senate Subcommittee on Internal Security. After that will come broadside attacks on the FBI in general and J. Edgar Hoover in particular. Already articles are appearing in magazines of leftish tendency, written by well known anti-McCarthy agitators, which are disparaging the work of the FBI and casting doubt on the validity of its system of reports.

The Senate Subcommittee on Permanent Investigations has, of course, been stopped in its tracks. The Republicans — Sen. Mundt, Sen. Dirksen and Sen. Potter—have been stampeded into voting to suspend all investigations despite the fact that there still are 100 Communists in defense plants which the committee, by arrangement with companies doing defense work, has been weeding out concurrently as the committee exposed them.

What stimulates the "left wingers" to greater effort is the discovery that the Republicans on Congress can be easily driven to the defensive and will not work together in resisting attack. The behavior of Eisenhower administration officials in the dispute between the office of the Secretary of the Army and the McCarthy committee has revealed a lack of team-play all around.

The "left wingers" in the White House coterie—and they comprise some "world government" advocates who think they are fighting "isolationism" when they fight Senator McCarthy, and some so-called "liberals" who have been egging the President on to come out into the open against the Wisconsin Senator—are clumsy, however, in their tactics. Thus the reporters were authorized to quote the President directly when he said on Wednesday that he doesn't think a senator should sit in judgment of his own case in the Senate, but the White House failed, in fairness to the Wisconsin senator, to point out in its authorized statement that he had already announced several days before that he didn't intend to vote on the issues before his committee.

The mixup in handling the report prepared by the office of the secretary of the army on the dispute between the legal counsel John G. Adams at the Pentagon and the staff of the McCarthy committee is another example of lack of team-play. This correspondent said earlier this week that fourteen Democrats and one Republican had clandestinely received this report from the Pentagon in advance of the chairman of the committee. This was not correct so far as the Democrats were concerned. The facts are these:

1. Only one Republican—Senator Potter, of Michigan—received the report ahead of his colleagues in the Senate, and that was one day in advance — namely, on Wednesday, March 10.

2. Senator McCarthy had lunched that day with Secretary of Defense Wilson, who mentioned that Senator Potter had the report. The Wisconsin Senator promptly went to Senator Potter and asked to see it. He was permitted to read it.

3. Senator McCarthy then phoned Assistant Secretary of Defense Fred Seaton that the document was one-sided and that he had in his files a lot of data on the other side and that he thought the memoranda he had should be considered in the interest of fair play before anything was published. Mr. Seaton is reported to have replied that the matter had gone beyond his hands. The report was "leaked" to the press the next day (Thursday) at about the same time copies were received by most of the Senators.

4. Sen. McClellan of Arkansas, Democrat, phoned the Defense Department early on Thursday, March 11, saying he had heard of the report on that, since he originally had made some inquiries on the subject himself, he felt he should have a copy of it. He told this correspondent on Tuesday of this week that the Defense Department had replied to him that he should have received it the day before — Wednesday, March 10. But he didn't. On Thursday, March 11, several copies of the report dated the same day were sent to Democrats and Republicans alike on Capitol Hill, and on Friday to several more members of Congress. The document had been mimeographed for wide distribution in disregard of the fact that the matter concerned primarily the chairman of a Senate committee to whom the report should have gone in the first place —that is, if regular procedure were followed.

Just why Senator Potter was given the report in advance of all other senators was not explained to the chairman of the subcommittee, Senator McCarthy. The McCarthy people are saying that since Lewis Berry, one of Senator Potter's campaign managers, was given, at the request of Mr. Potter, the post of assistant to John G. Adams, legal counsel of the Army, early in January at a salary of $12,000 a year, the Michigan senator has become a partisan of the office of the Secretary of the Army in the course of the inquiry on Army affairs and an opponent of the chairman of the Senate subcommittee of which he is a member. Senator Potter's friends deny it.

But this is the kind of thing that one hears on Capitol Hill these days. While the Republicans quarrel and bicker, the "left wing" rides triumphantly on towards its ultimate goal — the squelching hereafter of all anti-Communist crusading by the administration.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Palm Beach, March 24 — For all these years I have been having four-in-hand trouble in that my tie always takes a slant to the right, which is appropriate with me in political matters but awry in this sartorial detail. So being here 'mid pleasures and palaces, I bethought me that the Duke of Windsor was in town and he the inventor of the Windsor knot which has been approved by certain elements of our armed forces so why not call him up and make a date for a course of one easy lesson in executing same? This was a great deal sooner said than done, however, for it turned out that David and Wallie were guesting at railroad Robert Young's humble croft up the Strand and that Mr. Young's number is off the record.

Well I telephoned the West Palm Beach police department, but the best the man on the desk could give me was his street address, so I plopped the self down and was about to write him a note when I wondered how you salute a man who in his time, and mine, was king-emperor of a realm which the sun, for all its known and undiscovered powers, could not manage to set upon. Not "majesty," nor "your royal highness" nor "dear sir," but I remembered then a long-forgotten discourse by an expert on such trifles who sometimes sat in for Walter Hines Page at the London Embassy and on this occasion said that you couldn't go wrong calling a monarch, whether instant or erst, by the terse and simple honorific "sire" or its diminutive, "sir."

So I wrote, "sir," and said as I have herein said to you about my trouble tying ties and asked for an appointment for a demonstration of this Windsor deal. The bell-captain called a bell-man, who called a cab, and the missive was on its way and I had forgotten all about it when the phone rang and Miss Kitty Delaney, of New York, at the switchboard asked if I would take a call from a man who said he was the Duke of Windsor. The voice to her had said, "this is the Duke of Windsor" and Miss Kitty had said "you wouldn't kid a poor working girl, would you?" He said, "no." She said, "no jesting?" And the Duke said, "no, I really am the Duke of Windsor." So Miss Delaney said, "well, it certainly is a pleasure to talk to you" and he said, "it is a pleasure to speak to you, too" and she plugged him through.

Now do you know what?

I will tell you what. The Duke of Windsor said he had never heard of the Windsor knot until he saw the story and the series of little demonstrative line-drawings in the papers a few days ago and hasn't been able to master it himself.

Well, I was in the market for some finery, having shipped my sports and tropical layette to Tucson weeks ago, so I rousted out old Joe Bannon, known as the royal blood of Ireland, and his old accomplice in innocent mischief, Doc Kelton, an ancient tennis player whose defiant addiction to this flouncy proposition in his youngling days on the west side of New York was courageous above and beyond the capacity of most of the harps of his class.

As fate would have it, however, that nice little Fogarty girl who later married Con Kelly, who went on the cops, came strolling with her mother so young Mr. McCauley had to leave go the stick with his right hand to tip his hat and he missed his grab with the left and the stick clattered down with a sickening sound on the sidewalk and they chased him all the way home yelling "yoo-hoo" in high soprano.

Where was I—at?

Oh yes, Mr. Bannon and Mrs. Kelton took me shopping to a place called Schur's and introduced me to Arthur C. Roth, the manager, who gets around to Southampton, White Sulphur, Newport and all such haunts of the underpriviliged and Mr. Roth got a tie off the rack and demonstrated over and over until I thought I had it pat. But when I crept back to my cell at the Breakers and tried to solo I got the most intricate mess of rope-tricks this side of the Royal Naval Museum in Whithall and it has now been agreed that the duke, Joe Kennedy and I are to organize a seminar with Mr. Roth as dean of studies and master the thing as a matter of principle.

Miss Delaney said well, she felt the same way about the little fellow, herself, for it was a hard life he had led with a great deal of sadness, too, and what did I think of her? I said I thought she was a nice person, carrying herself aloof and contemptuous through inspired artificial scandals and that she seemed a little more impressed by the importance of royalty than the duke, who might profitably have given a little more weight to it himself.

Illness Is Basis To Deny License, Macduff Claims

Motor Vehicle Commissioner James R. Macduff today announced from Albany a tightening of procedures controlling issuance of driver licenses to put new emphasis on physical condition.

Under new procedures, a physician's statement that "the applicant, in the judgment of the physician, is capable of operating a motor vehicle on the highways in safety" will be required in every case where an individual has had fainting spells, diabetes, stroke, Bright's disease, excessive high blood pressure or any heart ailment.

Seeks Highway Safety

Commissioner Macduff said the new requirement was in line with the program of the bureau of motor vehicles "to do everything within our power to reduce traffic hazards and hold down the rising toll of death and injuries on the highway."

"To operate safely in today's traffic, the driver must have physical qualifications as well as operating skills," said Commissioner Macduff. "It is essential that we eliminate every possible element of risk."

The change will be made effective for the first time in connection with the renewal of 250,000 chauffeur licenses which expire next May 31. These renewals will start April 1 in every issuing office of the bureau throughout the state.

On the renewal application forms, for chauffeur's licenses to expire May 31, 1957, there is a new question on physical condition, asking "Have you ever had" —followed by a listing of the six conditions and space for the applicant to indicate "yes" or "no."

Illness Must Be Listed

In former years, the applicant has been required to indicate simply whether any disability was suffered in the three year period since his last license was issued. Under the new system, the condition must be indicated regardless of when it occurred.

If the answer to any of the questions on physical condition is "yes," the application must be accompanied by a physician's statement certifying as to safe driving capability.

Where the affliction occurred since the last license was issued to an individual, a new license will not be issued until the case has been reviewed by the bureau's safety division in Albany or New York. This is the same as past procedure.

In cases where the affliction occurred before his last previous license was obtained, the individual's application will be accepted, if accompanied by a physician's statement, and a new license will be issued immediately. But, the case will be earmarked for later review by the safety division and, if the physician's statement raises any question as to the individual's capacity to drive safely, a hearing will be scheduled and suspension of the license may result.

Cites Authority

Commissioner Macduff said there was no change in procedures governing issuance of licenses to persons having defects of hearing or vision, other physical disability or deformities, or a record of mental illness. There have always been strict controls over licensing of individuals in these categories and they are continued.

Commissioner Macduff said two sections of the state vehicle and traffic law gave him the authority to impose the new requirements covering physical condition of drivers.

Under one section of the law, "the commissioner . . . may refuse to issue or renew a license if he deems the applicant not qualified. . . ." Another section authorizes the commissioner, following a hearing, to suspend or revoke the license of any individual "because of some mental or physical disability. . . ."

Soviet Newspaper Charges Four Are Guilty of Espionage

Moscow, March 25 (AP) — The Newspaper Trud charged four members of the U. S. Embassy's staff with spying on Soviet airfields and other important installations on a rail trip from Moscow to Vladivostok.

The embassy refused to comment on the charges.

Trud, the trade union newspaper, claimed the alleged espionage was revealed in military Intelligence reports the Americans left behind in their compartment on the Trans-Siberian Express. It said the chief conductor found the papers at the end of the run.

The documents it continued, "constitute an Intelligence report on the main towns and stations between Moscow and Khabarovsk," an industrial and transportation center of 300,000 persons north of Vladivostok on the Manchurian border.

"Special attention was paid to airfields, radio station, industrial plants and the like," Trud said.

Four Named

The four accused by the paper were Lt. Col. Howard L. Felchlin, Maj. Walter McKinney, Maj. Martin J. Manhoff and S/Sgt. Eugene Williams.

Trud published what it said were photostat copies of their papers and commented:

"If the above-mentioned persons would like to get back their documents, which evidently were forgotten in the rush, they can do so by calling at the porter's office."

The embassy would confirm only that the four men made a train trip to Vladivostok last September.

McKinney is now away from Moscow on leave. The other three refused to give their U. S. addresses and would only repeat what Embassy Counsellor Elim O'Shaughnessy had said: "We have no comment to make."

U. S. Ambassador Charles E. Bohlen was not available to newsmen.

To Hold Hearing April 8 On Hospital Case

Bridgeport, Conn., March 25 (AP) —A Bridgeport woman told the Superior Court yesterday that her husband was "seized" at his place of business on March 15, and the next thing she knew, several hours later, he was a patient in a state mental hospital in Newton.

This "greatly surprised and shocked" her, Mrs. Rose J. Weinschenk said in her petition for a writ of habeas corpus which would release her husband, Fred Weinschenk, from the hospital.

The court said it will hold a hearing April 8. The action names Dr. William F. Green, hospital superintendent, as defendant.

Weinschenk was committed to the hospital after a psychiatrist examined him in the office of Lorin W. Willis, Fairfield county state's attorney, at Willis' request.

The examination occurred during an investigation of the authorship of letters and postcards received by Willis criticizing his prosecution of a manslaughter case involving the killing of a Stamford woman by her husband several years ago.

Mrs. Weinschenk accompanied her petition with an affidavit stating she never had seen her husband display signs of mental illness. She submitted similar affidavits signed by Mrs. Anna W. Abilleh of Port Chester, N. Y., Weinschenk's sister, and Herbert LaCour of Bridgeport, an employe of Weinschenk, who conducts a welding business here.

Polish Miners Killed

Vienna, Austria, March 25 (AP) —Warsaw radio said today that a large number of Polish coal miners—possibly as many as 100—had been killed in a major mine explosion at Chorzow, in Silesia. The broadcast charged sabotage. The broadcast said that when fire broke out in the mine, "several score" of the miners were buried and could not be pulled out in time to save them. The Polish word used for "several score" could mean up to 100. "All signs indicate that the explosion was the sabotage act of an enemy," the radio said.

"Easter will soon be here . . . Order your Easter Hams early"

Do You Remember

By SOPHIE MILLER

Who remembers the old Jitney taxicabs. According to an item in the Herald Tribune in 1948, "What is thought to have been the first five cent automobile fare in the United States was charged in Phoenix, Ariz., in 1913, when the original Jitney line was started. Similar systems soon were adopted in many other cities," the item read. According to a Kingston Freeman and Journal of Friday, April 9, 1915, our first Kingston Jitney Bus began it journeys from the Rhinebeck Ferry to the head of Wall street that morning. The car made its trips every 20 minutes from the ferry and the owners said if the business proved profitable, other machines would be placed on the route. At the time a heavy Packard touring car was used. This new service was being conducted by the Hiltebrant Taxicab Co. As far as I remember, we used to use it when we went to the movies uptown and we felt we were riding in style. They picked up other folks along the way, and of course when they had a car full that was it. I do not remember when the service stopped. Perhaps other readers know more about it.

We have the most interesting waterways such as the Rondout Creek, the Hudson river on the banks of which are built many homes. I can't imagine anyone in this locality wanting to build a new home on a new bought lot to choose any spot without a river or creek view. There are so many good high spots, just made for picture windows. Perhaps it's because as a child I lived with my grandparents in Port Ewen overlooking miles of the Hudson river with its ever changing scenes. My grandmother used to say she did not need pictures on her walls as her window in the living room facing the river gave her a different picture all day long. I think now all of a sudden folks from all over are beginning to discover what a beautiful location this is and are coming from various sections to build and settle here. Look at all the new homes in the past 10 years.

Still I think we ought to make more of the waterways, for pleasure if not for commerce. I wonder how many folks remember the little C. A. Shultz or Eddyville yacht that used to ply from Rondout to Eddyville. It was my luck to be born between two advances of travel so that I had the chance to enjoy many rides with my father who loved the waterway travels. We used to go nearly every Sunday somewhere by boat, if it was nice weather. There were many yachts like the Shultz and the ride was very reasonable. I do not care how nice the auto or how deep upholstered. You have to sit in one place and sometimes you are in back of a slow moving diesel engine mammoth truck that fills your car with its poisonous gas. If that is "getting the air" or having a "nice Sunday ride" to some, it isn't for me. Walking freely on the deck of a small yacht like the old C. A. Shultz or the beautiful Dayline boats, and listening to a band of music, with the cool, fresh, dustless air on the Hudson all around you, that is pleasant. Even food tasted different because you ate in comfort and then could walk it off and still you were traveling home or to your destination. You came home refreshed, relaxed and happy. Remember.

Weekly Food Review

(By The Associated Press)

You'll find beef and chickens among the best buys in your foodstores this weekend, reports from over the country show.

Actually, meat prices generally will be the same as a week ago or a little higher. But food men agree that items such as prime ribs, chuck roast, chopped beef and stewing, frying and roasting chickens will still give you the best value for your money.

Sirloin steak will be a bit more costly—up two to as much as six cents a pound in a number of places. Prime ribs won't show much price change. Leg of lamb will be two to four cents a pound higher in some stores and pork chops two to 10 cents more. However, most markets will keep lamb and pork prices level with those of last weekend.

Higher Prices in Offing

Wholesale prices of beef, lamb and pork rose this week, which means your butcher may be raising prices shortly.

As for chickens, the experts will tell you that there will be plenty of them at low prices for weeks to come. It's a matter of extra-big crops this year.

And there are indications of a record crop of turkeys later in the year, with a surplus possible. Hatching of light breeds in the first two months of this year is reported to have been 62 per cent greater than in the same period in 1953.

Egg prices are much the same as a week ago. The Poultry and Egg National Board reports that eggs are selling at wholesale at about seven cents a dozen less than at this time last year.

Break in Butter Prices

A big midwest food chain made news this week by cutting butter prices by a dime a pound. An official of a large creamery said he doubted that this meant a break in butter prices. Butter will come down shortly, however, since government dairy price supports will be reduced from 90 per cent of parity to 70 per cent on April 1.

There was another general round of coffee price boosts this week. Wholesale prices of a number of brands went up another nickel and a large chain increased the retail prices of its own brands by a similar amount.

Spinach entered the list of outstanding vegetable buys as supplies increased. Also in the list: Potatoes, onions, cabbage, kale and collards. Produce men rate endives, escarole, sweet potatoes, eggplant, celery and peppers as "good buys."

Grapefruit remains the best buy in fruit, the specialists say. They note the arrival of Louisiana strawberries in northern markets this week. They look for the first southern peaches around May 1.

Contrary to the vast majority of war-time trends, U. S. farmers came out of World War 2 with a smaller debt than when the war started.

Do You Remember

By SOPHIE MILLER

Who remembers the old Jitney taxicabs. According to an item in the Herald Tribune in 1948, "What is thought to have been the first five cent automobile fare in the United States was charged in Phoenix, Ariz., in 1913, when the original Jitney line was started. Similar systems soon were adopted in many other cities," the item read. According to a Kingston Freeman and Journal of Friday, April 9, 1915, our first Kingston Jitney Bus began it journeys from the Rhinebeck Ferry to the head of Wall street that morning. The car made its trips every 20 minutes from the ferry and the owners said if the business proved profitable, other machines would be placed on the route. At the time a heavy Packard touring car was used. This new service was being conducted by the Hiltebrant Taxicab Co. As far as I remember, we used to use it when we went to the movies uptown and we felt we were riding in style. They picked up other folks along the way, and of course when they had a car full that was it. I do not remember when the service stopped. Perhaps other readers know more about it.

We have the most interesting waterways such as the Rondout Creek, the Hudson river on the banks of which are built many homes. I can't imagine anyone in this locality wanting to build a new home on a new bought lot to choose any spot without a river or creek view. There are so many good high spots, just made for picture windows. Perhaps it's because as a child I lived with my grandparents in Port Ewen overlooking miles of the Hudson river with its ever changing scenes. My grandmother used to say she did not need pictures on her walls as her window in the living room facing the river gave her a different picture all day long. I think now all of a sudden folks from all over are beginning to discover what a beautiful location this is and are coming from various sections to build and settle here. Look at all the new homes in the past 10 years.

Still I think we ought to make more of the waterways, for pleasure if not for commerce. I wonder how many folks remember the little C. A. Shultz or Eddyville yacht that used to ply from Rondout to Eddyville. It was my luck to be born between two advances of travel so that I had the chance to enjoy many rides with my father who loved the waterway travels. We used to go nearly every Sunday somewhere by boat, if it was nice weather. There were many yachts like the Shultz and the ride was very reasonable. I do not care how nice the auto or how deep upholstered. You have to sit in one place and sometimes you are in back of a slow moving diesel engine mammoth truck that fills your car with its poisonous gas. If that is "getting the air" or having a "nice Sunday ride" to some, it isn't for me. Walking freely on the deck of a small yacht like the old C. A. Shultz or the beautiful Dayline boats, and listening to a band of music, with the cool, fresh, dustless air on the Hudson all around you, that is pleasant. Even food tasted different because you ate in comfort and then could walk it off and still you were traveling home or to your destination. You came home refreshed, relaxed and happy. Remember.

Most of Country Has Wet Weather Today

(By The Associated Press)

March storms, with rain, snow and strong winds, swept wide areas of the country today after seven damaging tonadoes struck areas in Oklahoma and Texas last night.

Wet weather was reported in nearly all sections of the country. A deepening storm which centered over southern Iowa early today brought widespread rains to the mid-continent and eastward through the Great Lakes region to Pennsylvania.

Thunderstorms extended from the storm center southward through Missouri, Oklahoma, eastern Texas and Arkansas. Five tornadoes hit in Oklahoma, and two struck Texas communities.

There were no fatalities reported from the twisters but damage at Tulsa alone was estimated at $100,000.

Snow fell in the Northern Plains and headed into the north central region with falls up to 6 inches forecast for the Dakotas.

Showers also were reported in the middle Atlantic states and in California.

Mostly mild weather prevailed over the country except for northern border states.

New Mambo Dance Called Big Calamity

Manila, March 25 (AP)—President Ramon Magsaysay told his cabinet today the new Mambo dance craze should be declared a national calamity.

It's tough enough to rouse government employes into working harder the President quipped. Then he cited the case of an engineer who comes to Manila for Mambo lessons:

"He dances for hours and hours and he's so tired when he goes back to his province he can't do any work at all. I think this Mambo should be declared a national calamity."

Why doesn't he fire the man? "He's a good engineer," Magsaysay said, but "strictly a waltz and slow fox trot man."

P.S.: So is Magsaysay.

Town of Esopus Winding Up Red Cross Campaign

Captains and their committees in the town of Esopus are winding up the Red Cross campaign for funds and members. The quota for the town is $1,850.

George M. Hard, chairman, today praised the volunteers who are working so ardously to meet this year's quota.

From returns already had in a few of the communities, Hard indicated a successful campaign in the township. He urged those who have not joined up to do so immediately in an effort to put the township over the top as soon as possible.

Serving as captains are Mrs. Michael Lisman, Port Ewen; Mrs. John Meyer, Connelly; Mrs. James R. Cowhey, Union Center; Mr. and Mrs. Lester McMahon, Rifton; Mrs. Jason Sahler, Ulster Park; Mrs. Richard and Mrs. William VanBenschoten, West Park; Mrs. Walter Hanley, Sleightsburg; Mrs. Chester Carkhuff, St. Remy; Mrs. Allan Dargie, New Salem; and Mrs. R. E. Kautz, Esopus.

Never before has there been a dog food that provides such a wealth of nourishment in this easily digested HOMOGENIZED form.

Gaines—and Gaines alone—developed this great new food in which all ingredients are combined into crunchy little nuggets. Each nugget provides all food essentials known to be needed to help keep your dog in his prime.

Costs less to feed than any other type dog food!

Here's the dog food you've always wished for... appetizing, easy to feed, economical. Above all, it's a food to help prolong your dog's happiest years—the years when he's healthy and strong—in the very **Prime of Life.**

COMPARE—SEE THE DIFFERENCE!

Gaines Meal is made of wholesome, Homogenized nuggets rich in MEAT PROTEIN. Gaines absorbs liquids quickly, has a crunchy texture and a meaty aroma and flavor no other meal can match.

Other dog meals are largely made up of flakes and dusty powder. Ingredients separate and nourishment varies from day to day. They are hard to moisten, get pasty, and pack down in the feeding dish.

Most of Country Has Wet Weather Today

(By The Associated Press)

March storms, with rain, snow and strong winds, swept wide areas of the country today after seven damaging tonadoes struck areas in Oklahoma and Texas last night.

Wet weather was reported in nearly all sections of the country. A deepening storm which centered over southern Iowa early today brought widespread rains to the mid-continent and eastward through the Great Lakes region to Pennsylvania.

Thunderstorms extended from the storm center southward through Missouri, Oklahoma, eastern Texas and Arkansas. Five tornadoes hit in Oklahoma, and two struck Texas communities.

There were no fatalities reported from the twisters but damage at Tulsa alone was estimated at $100,000.

Snow fell in the Northern Plains and headed into the north central region with falls up to 6 inches forecast for the Dakotas.

Showers also were reported in the middle Atlantic states and in California.

Mostly mild weather prevailed over the country except for northern border states.

New Mambo Dance Called Big Calamity

Manila, March 25 (AP)—President Ramon Magsaysay told his cabinet today the new Mambo dance craze should be declared a national calamity.

It's tough enough to rouse government employes into working harder the President quipped. Then he cited the case of an engineer who comes to Manila for Mambo lessons:

"He dances for hours and hours and he's so tired when he goes back to his province he can't do any work at all. I think this Mambo should be declared a national calamity."

Why doesn't he fire the man? "He's a good engineer," Magsaysay said, but "strictly a waltz and slow fox trot man."

P.S.: So is Magsaysay.

Town of Esopus Winding Up Red Cross Campaign

Captains and their committees in the town of Esopus are winding up the Red Cross campaign for funds and members. The quota for the town is $1,850.

George M. Hard, chairman, today praised the volunteers who are working so ardously to meet this year's quota.

From returns already had in a few of the communities, Hard indicated a successful campaign in the township. He urged those who have not joined up to do so immediately in an effort to put the township over the top as soon as possible.

Serving as captains are Mrs. Michael Lisman, Port Ewen; Mrs. John Meyer, Connelly; Mrs. James R. Cowhey, Union Center; Mr. and Mrs. Lester McMahon, Rifton; Mrs. Jason Sahler, Ulster Park; Mrs. Richard and Mrs. William VanBenschoten, West Park; Mrs. Walter Hanley, Sleightsburg; Mrs. Chester Carkhuff, St. Remy; Mrs. Allan Dargie, New Salem; and Mrs. R. E. Kautz, Esopus.

Will Pass on Powers

Cairo, Egypt, March 25 (AP)—A tense meeting of Egypt's ruling Revolutionary Council ended today with a public announcement that the military regime would hand over all governmental powers to a freely elected constituent assembly on July 24. The surprise announcement of the impending end to the military regime provoked speculation as to whether the army's secret "free officers" movement would carry out its threats to start a new revolution if the way were opened to the restoration of politicians of the old Farouk regime.

Favors Patronage

Washington, March 25 (AP) — Chairman Philip Young of the Civil Service Commission said today the Eisenhower Administration "wants no part of the spoils," but considers patronage "an essential part of a strong democratic government." Young told the national conference of business paper editors that when the administration took office Cabinet officers and agency heads found themselves unable to put people of their own choice in many of the key positions which control basic policy."

Court Upholds Law

Washington, March 26 (AP)—The U. S. Court of Appeals here today upheld a law giving the armed services the right to court-martial civilians for serious crimes committed while in service. The decision applied specifically to Robert W. Toth of Pittsburgh, an honorably discharged air force man, who is accused of murder in the slaying of a South Korean civilian. The Appeals Court reversed a ruling by U. S. District Judge Alexander Holtzoff and directed that Toth be turned over to air force authorities for court-martial.

Walls, Ceilings Damaged

Firemen were called at 12:47 p. m., today to the house of Otto Mayr, 20 Newkirk avenue, where a fire in the kitchen damaged the walls and ceilings.

Fire Routs Families

Newark, N. J., March 25 (AP)—Fire swept through several apartment buildings here early today, routing about 100 families into the street in their nightclothes. The three-alarm blaze, which broke out shortly after 3 a. m. and was put under control within an hour, caused serious damage to five buildings at Court and Broome streets.

Grand Jury Hands Up Indictments, Five Dismissals

Three open indictments, 10 sealed bills and five dismissals were reported by the Grand Jury today. The report was made to Justice Bookstein, presiding justice at the March term of Supreme Court.

Defendants named in the three open indictments were arraigned in court, pleas of innocent were entered and counsel will be assigned. All three cases, as were the sealed bills, were transferred to County Court on motion of Assistant District Attorney John Schick.

Kenneth Otis, 48, Kingston, was charged with grand larceny, second degree, alleged to have been committed January 25 when it is charged he appropriated $150 belonging to Clara Otis.

William Tompkins, 25, of Highland, was charged with grand larceny, first degree, alleged to have been committed February 13, when it is alleged he took a car of Ruth Nardone.

James Albert, 23, of 13 Washington Place, Newburgh, was charged with violation of Section 1897, Sub. 4, illegal possession of a firearm; assault, second degree, and attempted robbery, first degree. It is charged he entered the place of Austin Lyons at Granite and attempted to rob the owner of money and also threatened him with a firearm and assaulted him.

All sealed indictments were transferred to County Court on motion of Assistant District Attorney Schick.

Dismissals were returned in the case of The People vs. Raymond Taylor, who was held on burglary and grand larceny, first and second degree, charges and in the case of Irving Allison, charged with grand larceny, first degree.

Bench warrants will be issued for defendants named in the sealed indictments.

GOP Regroups Forces

Washington, March 25 (AP)—Senate Republican leaders regrouped forces today against any further floor cuts in excise taxes after losing a test in which a 100-million-dollar reduction was voted on household appliances. The GOP leadership lost control last night and, when that became apparent, agreed to accept the household appliance cut. The vote for it was 64-23. There remains a good possibility the appliance tax cut, from 10 to 5 per cent, will be knocked out in conference with the House, which voted no such reduction. Sen. Millikin (R.-Colo.), chairman of the Finance Committee, expressed belief the House would stand firm against going below the 10 per cent level on most excises this year.

French Lists Claims

Hanoi, Indochina, March 25 (AP)—The French army claimed today its tanks and mobile units killed 28 Vietminh rebels in a fresh clash in the southern sector of besieged Dien Bien Phu. It was the second time in three days the French had reported a battle for the Communist-led enemy inside the southern perimeter of the northwest Indochina fortress. They claimed 175 enemy dead in a big clash Monday.

Garlick, district plant superintendent of Kingston and John Fanning, plant superintendent of Newburgh. About 20 company officials attended the luncheon. *(Freeman photo)*

Court Upholds Law

Washington, March 26 (AP)—The U. S. Court of Appeals here today upheld a law giving the armed services the right to court-martial civilians for serious crimes committed while in service. The decision applied specifically to Robert W. Toth of Pittsburgh, an honorably discharged air force man, who is accused of murder in the slaying of a South Korean civilian. The Appeals Court reversed a ruling by U. S. District Judge Alexander Holtzoff and directed that Toth be turned over to air force authorities for court-martial.

Walls, Ceilings Damaged

Firemen were called at 12:47 p. m., today to the house of Otto Mayr, 20 Newkirk avenue, where a fire in the kitchen damaged the walls and ceilings.

Will Pass on Powers

Cairo, Egypt, March 25 (AP)—A tense meeting of Egypt's ruling Revolutionary Council ended today with a public announcement that the military regime would hand over all governmental powers to a freely elected constituent assembly on July 24. The surprise announcement of the impending end to the military regime provoked speculation as to whethter the army's secret "free officers" movement would carry out its threats to start a new revolution if the way were opened to the restoration of politicians of the old Farouk regime.

Favors Patronage

Washington, March 25 (AP) — Chairman Philip Young of the Civil Service Commission said today the Eisenhower Administration "wants no part of the spoils," but considers patronage "an essential part of a strong democratic government." Young told the national conference of business paper editors that when the administration took office Cabinet officers and agency heads found themselves unable to put people of their own choice in many of the key positions which control basic policy."

Fire Routs Families

Newark, N. J., March 25 (AP)—Fire swept through several apartment buildings here early today, routing about 100 families into the street in their nightclothes. The three-alarm blaze, which broke out shortly after 3 a. m. and was put under control within an hour, caused serious damage to five buildings at Court and Broome streets.

Grand Jury Hands Up Indictments, Five Dismissals

Three open indictments, 10 sealed bills and five dismissals were reported by the Grand Jury today. The report was made to Justice Bookstein, presiding justice at the March term of Supreme Court.

Defendants named in the three open indictments were arraigned in court, pleas of innocent were entered and counsel will be assigned. All three cases, as were the sealed bills, were transferred to County Court on motion of Assistant District Attorney John Schick.

Kenneth Otis, 48, Kingston, was charged with grand larceny, second degree, alleged to have been committed January 25 when it is charged he appropriated $150 belonging to Clara Otis.

William Tompkins, 25, of Highland, was charged with grand larceny, first degree, alleged to have been committed February 13, when it is alleged he took a car of Ruth Nardone.

James Albert, 23, of 13 Washington Place, Newburgh, was charged with violation of Section 1897, Sub. 4, illegal possession of a firearm; assault, second degree, and attempted robbery, first degree. It is charged he entered the place of Austin Lyons at Granite and attempted to rob the owner of money and also threatened him with a firearm and assaulted him.

All sealed indictments were transferred to County Court on motion of Assistant District Attorney Schick.

Dismissals were returned in the case of The People vs. Raymond Taylor, who was held on burglary and grand larceny, first and second degree, charges and in the case of Irving Allison, charged with grand larceny, first degree.

Bench warrants will be issued for defendants named in the sealed indictments.

GOP Regroups Forces

Washington, March 25 (AP)—Senate Republican leaders regrouped forces today against any further floor cuts in excise taxes after losing a test in which a 100-million-dollar reduction was voted on household appliances. The GOP leadership lost control last night and, when that became apparent, agreed to accept the household appliance cut. The vote for it was 64-23. There remains a good possibility the appliance tax cut, from 10 to 5 per cent, will be knocked out in conference with the House, which voted no such reduction. Sen. Millikin (R.-Colo.), chairman of the Finance Committee, expressed belief the House would stand firm against going below the 10 per cent level on most excises this year.

French Lists Claims

Hanoi, Indochina, March 25 (AP)—The French army claimed today its tanks and mobile units killed 28 Vietminh rebels in a fresh clash in the southern sector of besieged Dien Bien Phu. It was the second time in three days the French had reported a battle for the Communist-led enemy inside the southern perimeter of the northwest Indochina fortress. They claimed 175 enemy dead in a big clash Monday.

THE RECORD SHOP: Outside of his immediate family, nobody had ever heard of **Georgie Shaw** a few months back. But today, as a result of a Decca record called "Till We Two Are One," he's famous. People have even started asking him all about his immediate family, a sure measure of fame.

Georgie is 24. "Look," he said, "say I'm 23. It sounds better. I just turned 24 in January." No dice; we must be accurate. He's 24. Going on 25.

At 19, he was a linen buyer for a Philadelphia department store. Youngest linen buyer in the country. He'd started with the store at 17 as a stock-boy. By the time he was 21, pillow cases had lost their allure, so he quit. Pillow cases' loss was records' gain.

"They gave me a big farewell party," he says, "and I guess I had a couple of drinks. Anyhow, I began to sing. A guy who had a small night club heard me, and offered me $20 for three nights. I sang in small clubs around Philly for two years."

He's a friendly, sandy-haired youngster, with a friendly, sandy-haired type voice. And you must admit his life story is different—it's not one of those rags-to-riches tales. This one is linens to riches.

Recordingly speaking, the new hit musical, "The Golden Apple," has hurt itself. Just after it opened to great reviews, the producers rushed star Kaye Ballard to a studio and she made a record of her big number, "Lazy Afternoon." Since then, the major recording companies have cooled on doing an original cast album of the show—with the big number already on wax, an album would lose much of its sales appeal.

So, as far as record companies go, there's a worm in "The Golden Apple."

* * *

Dance bands on records are staging a comeback So says **Sammy Kaye**, and the facts bear him out. RCA has issued two new albums featuring **Ralph Flanagan**, Columbia one with **Les Brown**. And Kaye's own records keep swinging and swaying along.

"Three years ago," Sammy says, "my business manager sensed this vocalist trend coming. We decided then that, for us, money was secondary to a long-term contract. So we got a 10-year deal with Columbia, and it still has eight years to go."

And that should see him safely through the next few trends.

The Musical Masterpiece Society, a club-type record producer, has brought out eight new high quality discs. Six are operas—like "Carmen" and "The Marriage of Figaro"—and two are oratorios. You join MMS by putting down $2.50 per record—a price which compares favorably with any. This is one club where you can't get blackballed—unless your check bounces.

DICK'S PICKS: Best of a poor week is **Teresa Brewer's** latest, "Jilted," on Coral. Others you may like are "Somewhere There Is Someone," **Lou Monte** (RCA); "Cry, My Hear," **Toni Arden** (Columbia); "Tsuzammen," **Bob Santa Maria** (MGM); "Buck Dance," **David Carroll** (Mercury); "Roo Roo Kangaroo" by **Ralph Flanagan** (RCA) or **Les Elgart** (Columbia); "Crying Polka," **Milton DeLugg** (MGM).

Things are better in operetta with "Naughty Marietta" out in two versions. Capitol has it with **Gordon MacRae** and **Marguerite Piazza**, while MGM couples it with "The Firefly" for a double-header operetta treat. MGM has also issued the sound track of the new movie version of "Rose Marie," with **Ann Blyth** and **Howard Keel**. Finally **Billy May**, on Capitol, does "Naughty Operetta," eight gay and swinging arrangements of operetta classics.

The Epic label has a good version of Mozart's Concerto in G-Major and D-Major for flute and orchestra. **Hubert Barwahser** toots the flute with the **Vienna Symphony**.

NEW PALTZ NEWS

Minstrel Specialty Tryouts to Be Held

New Paltz, March 24—Tryouts for specialty acts in the minstrel show will be held at 8 p. m. Thursday, March 25.

Anyone with talent in the musical line is urged to tryout. A special invitation has been extended by the New Paltz Fire Department, sponsor, to representatives of the State Teachers College.

The first chorus rehearsal was held last Tuesday evening with only 15 men turning out. Thirty are needed. A rehearsal will be held at 8 p. m., today.

Children See Films

New Paltz, March 24—Children of the community were entertained at the Jamison House last Friday evening with three films, A Man and His Dog, Highland Holiday and Spring Comes to a Pond.

Paltz Garden Club Plans Flower Show

New Paltz, March 24 — The New Paltz Garden Club is planning to put on a flower show from 2 to 9:30 p. m. May 15 at the New Paltz High School. There will be a special invitation class called The Sky Is the Limit set along the edge of the stage. Expert flower arrangers from the Hudson valley will be invited to enter.

Purpose of a flower show is primarily to educate and secondarily to entertain, it was said. Proceeds from voluntary contributions will be used to beautify the village with trees and shrubs.

Mrs. Carleton Van de Water is chairman, assisted by the Misses Helena Olds and Bertha Bennett.

At a meeting of the Federated Garden Clubs of New York in New York last week Miss Bennett and Miss Olds received certificates accrediting them as New York State flower show judges. Miss Bennett received an award as a New York State horticultural judge.

Discussion Is Held

New Paltz, March 24 — The Book Club of the local college held a panel discussion on The Dance—Primitive and Modern, Monday night. Panel members were Mrs. Vera Irwin, Miss Barbara Mandell, Harold Winchester, Dr. Ernest Ziegfeld and Miss Myra Lansky. Two color films were shown and an informal discussion held.

Minstrel Specialty Tryouts to Be Held

New Paltz, March 24—Tryouts for specialty acts in the minstrel show will be held at 8 p. m. Thursday, March 25.

Anyone with talent in the musical line is urged to tryout. A special invitation has been extended by the New Paltz Fire Department, sponsor, to representatives of the State Teachers College.

The first chorus rehearsal was held last Tuesday evening with only 15 men turning out. Thirty are needed. A rehearsal will be held at 8 p. m., today.

Children See Films

New Paltz, March 24—Children of the community were entertained at the Jamison House last Friday evening with three films, A Man and His Dog, Highland Holiday and Spring Comes to a Pond.

Paltz Garden Club Plans Flower Show

New Paltz, March 24 — The New Paltz Garden Club is planning to put on a flower show from 2 to 9:30 p. m. May 15 at the New Paltz High School. There will be a special invitation class called The Sky Is the Limit set along the edge of the stage. Expert flower arrangers from the Hudson valley will be invited to enter.

Purpose of a flower show is primarily to educate and secondarily to entertain, it was said. Proceeds from voluntary contributions will be used to beautify the village with trees and shrubs.

Mrs. Carleton Van de Water is chairman, assisted by the Misses Helena Olds and Bertha Bennett.

At a meeting of the Federated Garden Clubs of New York in New York last week Miss Bennett and Miss Olds received certificates accrediting them as New York State flower show judges. Miss Bennett received an award as a New York State horticultural judge.

WALLKILL NEWS

Girl Scouts Observe 42nd Anniversary

Wallkill, March 23—The 42nd birthday of the Girl Scouts of America was celebrated at Wallkill with a Mother and Daughter Banquet at the Reformed Church Hall Friday evening. The Rev. Walter N. Van Popering opened the gathering with a prayer, after which Mrs. Herbert DuBois led the group in singing the Kooka Burra Song, followed by Mrs. Edmund Cooper lighting the traditional candles. The happy birthday song was sung in honor of Girl Scouting and for Lynn Beattie, a Brownie, who was celebrating her birthday.

Mrs. George Brach, chairman, introduced Mrs. Joseph Wickes, chairman of the Juliette Low Fund, who spoke on the history of Scouting and gave a report on the Juliette Low Friendship Fund telling how this fund helps to spread Scouting worldwide. A collection of $19.60 was given by those attending to add to the fund.

Mrs. Lawrence Prisco and Mrs. Franklin Witherel, leader and assistant of Troop 41, presented their troop in a dance from Hansel and Gretel. Troop 78 then entertained with a skit on safety under the direction of their leader, Mrs. Walter Wallack, and the assistant, Mrs. John Sheehy.

Troop 42 sang songs led by Mrs. Carlton Harris and Mrs. Fred Almack, leaders, while Mrs. Herman Hahlandt and Mrs. Edmund Cooper presented Troop 22 in two folk dances.

Mrs. Brach then introduced the members of the troop committee, Mrs. Ruth Saunders, Mrs. C. E. Penney, Mrs. Alfred Masten, Mrs. Herbert DuBois, Mrs. John Kessler, Mrs. John Scarzello, Mrs. Joseph Wickes, Mrs. Carl Petersen, Mrs. George Wildrick, Mrs. Stanley Yeaple and Miss Anna Brown. Mr. McElhone, custodian of the cabin, was an honored guest and was lauded for his efforts by the group. The chairman, then also reminded the group of the Girl Scout Cookie Sale now in progress and of the opening of the Camp Wendy camping periods of two weeks beginning on July 1st.

The dinner and meeting was adjourned following the singing of two songs, The Brownie Song and Hymn of Scouting by the Brownie Troops and the group, and the traditional Taps of the Scouting program.

Committees in charge were: Tables, Mrs. E. Cooper, Mrs. J. Kessler; kitchen and serving, Mrs. C. E. Penney, Mrs. H. Mahlandt, Mrs. C. Harris, Mrs. H. DuBois, Mrs. C. Peterson, Mrs. G. Wildrick; cleanup, Mrs. J. Wickes, Mrs. S. Yeaple, Mrs. F. Almack, Mrs. J. Scarzello, Mrs. L. Brisco and Mrs. F. Witherall. Favors were made by Troop 78 of Mrs. Walter Wallack and Troop 41 of Mrs. Lawrence Prisco, both of whom are Brownie groups.

Proceeds Announced

Wallkill, March 23 — Mrs. George Geyer, chairman of the Heart Fund Drive of the town of Shawangunk, announces that the proceeds of the recent drive amount to $157.03. Mrs. Geyer wishes to thank the Rev. Walter N. Van Popering who acted as co-chairman, the Youth Fellowship Group of the Reformed Church who did the canvassing and all others who participated and generously gave their support.

Three-County FFA Winners Announced

Wallkill, March 23 — The Orange-Rockland-Sullivan group of the Future Farmers of America held its annual speaking contest in Pine Bush Central School on Monday evening. Roy Denniston of the Wallkill Chapter won first place, with his topic, Why Cooperative? John Witkowski of the Middletown Chapter who spoke on Land Management for the Individual Farmer, won second place. John Garrison of Wallkill spoke on Cooperative Farm Purchasing and Marketing and received third place. Floyd Dempsey of Middletown spoke on Father and Son Partnerships and received fourth place.

Judges were Ralph Gennarino, high school principal; Clarence Crispell, guidance director, and Miss Virginia Brown, English teacher, all of Pine Bush Central School.

The Middletown Chamber of Commerce has sponsored this contest for some years with a generous contribution for cash awards. The club members appreciate the cooperation of the chamber in providing the awards.

Roy Denniston will compete in a sectional elimination contest. The winner of that contest will speak at the annual State FFA Convention in Cobleskill.

After the contest, plans for the Spring Rally were presented. It will be held at the Florida High School in the afternoon and evening of May 1.

Home Bureau Hears Address on Area

Wallkill, March 23—Kenneth Hasbrouck, citizenship education teacher at Wallkill Central School, gave a talk on the history of the area at a recent Wallkill Home Bureau meeting at the Valley National Bank community room.

Mr. Hasbrouck also displayed a map of the central school district, old deeds, land grants and census figures for 1790. He noted that this was the 170th year of education in New York state.

The speaker for the afternoon session was Mrs. Helen R. Stantial of Kingston, assistant county home demonstration agent. She talked on Knowing Why When You Buy, giving several hints on good shopping habits. She remarked that the Ulster County Home Bureau office gives a weekly food marketing report on the Kingston radio station. The unit will meet again at 2 p. m. Tuesday at the home of Mrs. Lester Mack for a lesson in making huck towel bags.

Ivanhoe Lodge Meets

Wallkill, March 23—At the regular session of Ivanhoe Lodge Tuesday evening Chancellor Potter called the meeting to order with 28 members present. It was announced that the pinochle tournament started Tuesday and Lester Mack and Clifford Caswell were the new captains. Members were reminded that the next regular card party will be Friday, March 26, at 8 p. m. at the lodge rooms. Herbert DuBois and Herman Mahlandt are in charge.

Returns to Norfolk

Wallkill, March 23—Robert E. Hyde, quartermaster seaman, USN, son of Mr. and Mrs. Joyce Hyde of Wallkill, returned to Norfolk, Va., last Thursday aboard the destroyed Gushing after a tour of duty with the Sixth Fleet in the Mediterranean. The ship visited the ports of Algiers, Algeria, Ausut, Sicily, Naples, Italy; Athens, Greece, and Cannes, France.

Serves on Destroyer

Wallkill, March 23 — Seaman Theodore E. Hall, son of Mr. and Mrs. Fred Hall of Wallkill is serving aboard the destroyer Ammen, which was scheduled to return this week to Newport, R. I., after completing a world cruise.

Hides Scars

Mother Nature tries hard to cover ugly scars and, in the tropics, this is accomplished very quickly. Fallen trees speedily turn to soil, aided by the action of plant roots. A floating log turns into a veritable flower box, and oftentimes it is the beginning of a floating island where birds may nest among the rank foliage.

Leaves From Boyle's Notebook

New York (AP)—If there is anything more puzzling than being a teen-ager, it is the problem of being a teen-ager's father.

You can't even solve this one by mail. The correspondence schools duck the subject, although they can teach you to understand a jet engine and other simple toys of the time.

But today we bring you a plain rule of thumb way to let dad feel he at least dwells on the same plant as his teen-age kids:

"Since you can't whip 'em, why not join 'em?"

This advice comes from Lester Rand, at 28 a retired teen-ager himself, but one who has kept in touch with the field. He is president of the Youth Research Institute.

The organization makes business surveys for firms selling youth products. It has a staff of 1,800 youngsters scattered over the nation who trudge about asking other youngsters such questions as, "junior, what are your buying habits? Why not give this new brand of bubble gum a 30-day test and see if you don't really find it easier on your jaws than the brand you are now using?"

Takes Strong Man

Rand, a specialist in the 5-to-25 age bracket, said it takes a strong man to be the father of present-day teen-agers, and added, "even the strong will find it a trying period."

But he went on to say that it is a lot tougher to be a teen-ager now than it was when dad was a boy, and the way for dad to meet the situation is to climb out of his rut and "get into the groove" with his kids.

"Look young!" said Rand. "Anyone over 21 looks ancient to a teen-ager. Many fathers of teen-agers, of course, can't help looking older than they actually are, but they ought to keep a young attitude.

Act the Part

"Instead of acting shocked at the things your teen-age boy or girl may do, just play along as if you thought it were normal. In that way you're acceptable. You're one of the crowd. That can make up for a lot of your parental shortcomings.

"Dress youthful. Get out of that old business suit when you come home and slide into a pair of slacks and a sweater or sport shirt. Look like a high school kid yourself.

"If you buy a new car, get a convertible — and your worries are just about at an end. It's a good thing to have even though you may never get to drive it yourself. Teen-agers love convertibles."

Tips on Rejuvenation

Here are a few tips by Rand on how to rejuvenate your outlook:

"Forget about Charlie Chaplin or Mary Pickford, or at least don't speak about them in the presence of the young and hopeful. Learn and try to memorize the names of the singers and movie stars popular in the teen-age set—Perry Como, Stewart Granger, Eddie Fisher, Tony Curtis.

"If somebody mentions Shirley Temple, say you're too young to remember her. Don't talk about how things "used to be." Those comparisons are sudden death.

"Know the latest dances. Forget about the waltz. Don't even say the world out loud.

Keep Up on Fads

"Keep up on teen-age fads and approve of them heartily, no matter how rediculous they seem.

"Pick up a few teen-age expressions such as 'this tears me up' (I really like it), 'cast an eyeball' (read), 'glurpy' (really great), or 'petunia' (sissy).

"Otherwise you'll be tabbed 'square,' and that means you're 'kind-ve not too goodish,' or bad. But don't try to learn too much teen-age talk. Kids resent your intruding on their privacy."

Everything clear now, dad? To understand your teen-age boy you just become one yourself. This gets the problem off your shoulder, but leaves mother the task of dealing with two teen-agers in the family, one new and one second hand.

Her clue then is to cry, "oh pain, oh agony." That's teen-talk for: "Things aren't going so good."

Territorial First

A white man named Antonio Espejo found silver ore in what now is Arizona 37 years before the Pilgrims landed at Plymouth Rock, marking the first mineral discovery in the territory.

WALLKILL NEWS

Girl Scouts Observe 42nd Anniversary

Wallkill, March 23—The 42nd birthday of the Girl Scouts of America was celebrated at Wallkill with a Mother and Daughter Banquet at the Reformed Church Hall Friday evening. The Rev. Walter N. Van Popering opened the gathering with a prayer, after which Mrs. Herbert DuBois led the group in singing the Kooka Burra Song, followed by Mrs. Edmund Cooper lighting the traditional candles. The happy birthday song was sung in honor of Girl Scouting and for Lynn Beattie, a Brownie, who was celebrating her birthday.

Mrs. George Brach, chairman, introduced Mrs. Joseph Wickes, chairman of the Juliette Low Fund, who spoke on the history of Scouting and gave a report on the Juliette Low Friendship Fund telling how this fund helps to spread Scouting worldwide. A collection of $19.60 was given by those attending to add to the fund.

Mrs. Lawrence Prisco and Mrs. Franklin Witherel, leader and assistant of Troop 41, presented their troop in a dance from Hansel and Gretel. Troop 78 then entertained with a skit on safety under the direction of their leader, Mrs. Walter Wallack, and the assistant, Mrs. John Sheehy.

Troop 42 sang songs led by Mrs. Carlton Harris and Mrs. Fred Almack, leaders, while Mrs. Herman Hahlandt and Mrs. Edmund Cooper presented Troop 22 in two folk dances.

Mrs. Brach then introduced the members of the troop committee, Mrs. Ruth Saunders, Mrs. C. E. Penney, Mrs. Alfred Masten, Mrs. Herbert DuBois, Mrs. John Kessler, Mrs. John Scarzello, Mrs. Joseph Wickes, Mrs. Carl Petersen, Mrs. George Wildrick, Mrs. Stanley Yeaple and Miss Anna Brown. Mr. McElhone, custodian of the cabin, was an honored guest and was lauded for his efforts by the group. The chairman, then also reminded the group of the Girl Scout Cookie Sale now in progress and of the opening of the Camp Wendy camping periods of two weeks beginning on July 1st.

The dinner and meeting was adjourned following the singing of two songs, The Brownie Song and Hymn of Scouting by the Brownie Troops and the group, and the traditional Taps of the Scouting program.

Committees in charge were: Tables, Mrs. E. Cooper, Mrs. J. Kessler; kitchen and serving, Mrs. C. E. Penney, Mrs. H. Mahlandt, Mrs. C. Harris, Mrs. H. DuBois, Mrs. C. Peterson, Mrs. G. Wildrick; cleanup, Mrs. J. Wickes, Mrs. S. Yeaple, Mrs. F. Almack, Mrs. J. Scarzello, Mrs. L. Brisco and Mrs. F. Witherall. Favors were made by Troop 78 of Mrs. Walter Wallack and Troop 41 of Mrs. Lawrence Prisco, both of whom are Brownie groups.

Proceeds Announced

Wallkill, March 23 — Mrs. George Geyer, chairman of the Heart Fund Drive of the town of Shawangunk, announces that the proceeds of the recent drive amount to $157.03. Mrs. Geyer wishes to thank the Rev. Walter N. Van Popering who acted as co-chairman, the Youth Fellowship Group of the Reformed Church who did the canvassing and all others who participated and generously gave their support.

Three-County FFA Winners Announced

Wallkill, March 23 — The Orange-Rockland-Sullivan group of the Future Farmers of America held its annual speaking contest in Pine Bush Central School on Monday evening. Roy Denniston of the Wallkill Chapter won first place, with his topic, Why Cooperative? John Witkowski of the Middletown Chapter who spoke on Land Management for the Individual Farmer, won second place. John Garrison of Wallkill spoke on Cooperative Farm Purchasing and Marketing and received third place. Floyd Dempsey of Middletown spoke on Father and Son Partnerships and received fourth place.

Judges were Ralph Gennarino, high school principal; Clarence Crispell, guidance director, and Miss Virginia Brown, English teacher, all of Pine Bush Central School.

The Middletown Chamber of Commerce has sponsored this contest for some years with a generous contribution for cash awards. The club members appreciate the cooperation of the chamber in providing the awards.

Roy Denniston will compete in a sectional elimination contest. The winner of that contest will speak at the annual State FFA Convention in Cobleskill.

After the contest, plans for the Spring Rally were presented. It will be held at the Florida High School in the afternoon and evening of May 1.

Let Norway Kippers Brighten Many Commonplace Dishes

NORWAY SARDINES give these stuffed green peppers added zest, and make a new dish of an old favorite.

By GAYNOR MADDOX
NEA Food and Markets Editor

Our favorite niece married a Norwegian boy. They have Norway kippers on Sunday morning with scrambled eggs and small biscuits with strawberry jam.

But they use kippers other ways. (The kippers are packed in easy-to-open aluminum cans that preserve their distinct flavor and are decidedly economical.) Here are two other Norwegian recipe ideas with American accent.

Green Peppers Stuffed With Norway Kippers
(Serves 4)

One 6½-ounce can Norway kippers (or two 3¼-ounce cans), 4 green peppers, 2 tomatoes, 2 cups boiled rice, 4 tablespoons tomato sauce, 2 ounces melted butter, pinch of marjoram, bread crumbs, salt and pepper.

Parboil green peppers until medium soft. Trim off stems and tops. Mix boiled rice with kipper fillets which have been cut into 1-inch pieces. Add tomato sauce, marjoram, salt and pepper. Stuff peppers with this mixture, sprinkle with bread crumbs and melted butter. Place in baking dish. Wash tomatoes and cut in half. Sprinkle with bread crumbs, salt, pepper, and remainder of melted peppers and bake in medium oven for 20 minutes or until tops are butter. Place in baking dish with well browned. Garnish with quartered lemons and parsley.

Kipper Potato Salad
(6 to 8 servings)

One 6½-ounce can Norway kippers (or two 3¼-ounce cans), 6 or 8 cold boiled potatoes, sliced, 3 hard-cooked eggs, 2 celery stalks with leaves, finely chopped, 8 to 10 sprigs chopped chives (or 1 small minced onion), 2 sprigs parsley, chopped, 3 tablespoons mayonnaise, small head of lettuce, 1 tomato, cut into sections, salt and pepper to taste.

To make potato salad: to the sliced potatoes, add the chopped celery stalks, 2 hard-cooked eggs, finely chopped, chopped chives (or minced onion), chopped parsley, mayonnaise, salt and pepper. Mix gently. Arrange crisp lettuce leaves around the inside of bowl and fill with potato salad. Decorate top of salad with wagon-wheel-shaped Norway kipper fillets. Garnish with hard-cooked egg. Decorate wtih fresh parsley.

TOMORROW'S DINNER:

Grapefruit, green peppers stuffed with Norway kippers, country-fried potatoes, buttered carrots, rye bread, butter or margarine, prune pie with cream cheese topping, tea, coffee, milk.

SHOKAN NEWS

Shokan, March 24 — Mr. and Mrs. Bernard Casablanca and son Vincent motored from Washington Heights Saturday and spent the night at their summer home in the village center. The Casablancas, who vacationed in St. Petersburg during the winter, found the weather uncomfortably cool in the Sunshine City. The couple in the course of their weekend trip here made arrangements for getting their peach trees sprayed. The orchard which they bought of Emily and Marvin Greene last year is the only commercial one in this section.

Mr. and Mrs. Henry Parker were numbered among the Kingstonians calling in the hub of the reservoir country recently.

The old state road home and acreage of the late Mr. and Mrs. George Giles is reported to have been bought by Mr. and Mrs. Robert Adsit of Ashokan. The property has frontage on both sides the road and the house commands a good view of the distant Wittenberg range and several nearby peaks of the Shokan hinterland.

Wedding anniversaries falling, Friday, March 26 include that of Mr. and Mrs. Henry Wells, well-known Woodstock couple who formerly resided in Shokan. Mrs. Wells before marriage 41 years ago was Minnie Barringer, one of several children of Mr. and Mrs. Freeman Barringer of the town of Olive.

Old Timer, noting the frequent passage of ready-mix and crushed stone trucks up the trail from Kingston, remarked that "history sure does repeat itself—but in reverse," OT explains that half a century ago and more there was a vast movement of bluestone from the Hurley, Olive and Shandaken hill country to the Rondout Creek docks, while now, stone in various forms is being trucked from the creekside to the mountains in vast quantity. This bringing of stone to the three rock-bound townships is a good deal like "carrying coals to Newcastle," our ancient friend opines.

Interested callers at the corner store and museum Sunday included Robert Moore of Rio in western Orange county. "Trader" Moore, who also has an old country store and curio shop on Route 42 between Port Jervis and Monticello, expressed the opinion that our local set-up is one of the best he has seen.

CLOROX makes linens *more than white* ... it makes them *sanitary*, too!

Yes, there are two big reasons why so many women always launder their cottons and linens with Clorox: For extra whiteness... Clorox removes dinginess, stains, even scorch and mildew; for extra health protection, too ... no other home laundering product equals Clorox in germ-killing efficiency!

And remember, Clorox deodorizes in laundering ... leaves linens fresh smelling whether dried indoors or out. Further, Clorox, a liquid, contains no gritty particles to damage wash and washer. It's extra gentle, free from caustic, made by an exclusive, patented formula.

CLOROX gives you a cleaner-looking, more sanitary bathroom, too!

In routine cleaning of tile, wash basin, tub, shower and toilet bowl, Clorox removes stains, deodorizes, disinfects! What's more, Clorox, which is non-poisonous, provides a type of disinfection recommended by hundreds of public health departments. Let the Clorox label be your guide to added health protection!

When it's CLOROX-clean... it's SAFER for family health!

Goat Goes to Jail

Moberly, Mo. (AP) — When day ift police officers came to work e morning, they were puzzled find a black and white nanny at in one of the jail cells. Night officers had left no report on the animal. The goat was a patient prisoner. And finally its owner came sheepishly in to claim his goat. It had wandered away from its pen during the night.

As Pegler Sees It

One more jot in this budget of social chit-chat and I am on my way to the rude beach-comber's hut of driftwood, thatch and old tin where Ned Hutton conducts his campaign of paid ads to save the world from the editorial designs of most of the papers which publish them. I just want to add that I told the duke I would cut him in on the deal if he would arrange to deliver railroad Young to a lunching with Gus Metzman, who used to be president of the New York Central. I was willing to settle for the movie and television rights, with sound, and cut it down the middle with the Duke, but it turned out that Young had put himself elsewhere when Gus came to town.

Craziest idea I ever heard of, anyway, a trader in securities wanting to run one of the biggest railroads in the world just because he had a little success with the C and O, which is all downhill with the pay-loads of coal and uphill with the empties. What genius could lose money on that deal? When I get pains I call a doctor, not a faro dealer, and when I buy a railroad ticket I don't want to settle for a society figure in the front office who gets his bang in life by reading his name in type as host to a homeless little duke.

Goat Goes to Jail

Moberly, Mo. (AP) — When day ift police officers came to work e morning, they were puzzled find a black and white nanny at in one of the jail cells. Night officers had left no report on the animal. The goat was a patient prisoner. And finally its owner came sheepishly in to claim his goat. It had wandered away from its pen during the night.

As Pegler Sees It

One more jot in this budget of social chit-chat and I am on my way to the rude beach-comber's hut of driftwood, thatch and old tin where Ned Hutton conducts his campaign of paid ads to save the world from the editorial designs of most of the papers which publish them. I just want to add that I told the duke I would cut him in on the deal if he would arrange to deliver railroad Young to a lunching with Gus Metzman, who used to be president of the New York Central. I was willing to settle for the movie and television rights, with sound, and cut it down the middle with the Duke, but it turned out that Young had put himself elsewhere when Gus came to town.

Craziest idea I ever heard of, anyway, a trader in securities wanting to run one of the biggest railroads in the world just because he had a little success with the C and O, which is all downhill with the pay-loads of coal and uphill with the empties. What genius could lose money on that deal? When I get pains I call a doctor, not a faro dealer, and when I buy a railroad ticket I don't want to settle for a society figure in the front office who gets his bang in life by reading his name in type as host to a homeless little duke.

A trap-door spider that nests in trees has been discovered in the Belgian Congo. It hollows out a groove in the bark of a tree, builds its structure therein, and camouflages it so expertly that, until a few years ago, they had been overlooked.

Po'keepsie Plant Wins Safety Award

The award of honor, highest recognition possible, has been given to IBM Plant 2, Poughkeepsie for its high safety record by the National Safety Council. During the period covered by the award, Plant 2 completed 15,156,937 man hours with a frequency rate 85 per cent better than par and a severity rate 85 per cent over par.

A telegram from Ned H. Dearborn of the National Safety Council received yesterday by John F. Greene, plant safety manager, announced the award. It read: "Heartiest and very special congratulations of the directors and staff of the National Safety Council on your fine safety performance — truly a job well done."

The award of honor is presented only where an establishment record satisfies rigid requirements laid down in the council's plan for recognizing good industrial safety records. It is not achieved through the medium of a contest.

IBM Plant 2 has been the recipient of many fine safety awards during its twelve and a half years in Poughkeepsie. Last year the plant won first place in the light machining division of the National Safety Council's annual safety contest working over 4,000,000 man hours with one lost time accident for a year's period from July 1, 1952, through June 30, 1953. It also was given an award of merit from the Greater New York Safety Council. In 1952, the plant received the grand award given by Associated Industries.

Goldilocks and the Bears

Klauser's performing bears are from Germany and are one of the finest circus importations made by the Polack Bros. Shrine Circus for their 1954 tour, a 45-week route under Shrine auspices. Goldilocks, teen aged daughter of Mr. and Mrs. Walter Klauser puts the Syrian and Malayan bears through their many stunts which include roller skating and the driving of police motor cycles, alone and without human assistance.

Cyprus Temple will present the nationally famous show, the "largest indoor circus in America" and the show will give matinee and night shows daily starting Wednesday March 31 through Saturday evening April 3, in the New Scotland avenue armory, Albany.

Thirty headline circus acts are in the two and one-half hour program. Matinees are scheduled Wednesday, Thursday and Friday at 3:45 p. m. Saturday matinee at 2:15 p. m. All night shows will start at 8:15.

Kings DA Claims Police Head Involved in Policy

New York, March 25 (AP)—Julius Helfand, Kings county asst. district atty., says wiretap evidence involves a police lieutenant in the three million dollar a year numbers ring smashed last weekend.

Helfand told Judge Samuel S. Leibowitz yesterday that Victor Rivera, 39, convicted number policy collector, is a "key" to the identity of the police officer.

Rivera has been held in $10,000 bail as a material witness in the case. He has proved a balky material witness before the Brooklyn rackets probing grand jury and Leibowtz ordered Rivera to start talking or face contempt charges.

Helfand said a tapped telephone conversation from Rivera's home to that of Oscar Cuebas, alleged head of the policy ring, made reference to "a lieutenant."

"The pattern of protection we have uncovered is the same as in the Gross case except as to its extent," Helfand said.

Harry Gross, now in jail, testified he paid a million dollars a year for police protection in operating his 20 million dollar a year bookie business. Gross' arrest in 1950 resulted in a police shakeup unparralleled in recent New York history.

The numbers racket was exposed last Friday when 26 persons, including Cuebas, were arrested in raids climaxing several months of investigation.

Yesterday the grand jury heard Rivera and his wife, Mary, 26, and three plainclothesemen of the morals squad.

The jury is scheduled to hear more witnesses today.

Judges Will Study Consolidation of Courts

New York, March 25 (AP)—The possibility of consolidating the city's municipal courts will be studied by a special committee of municipal justices, it was announced today.

President Justice Daniel Gutman said such mergers should result in "substantial" economies and more effective handling of court calendars.

In announcing the project, Gutman named Justice Herman C. Stoute, of the Tenth District, as chairman of the committee.

At present, there are four municipal court locations in Manhattan, four in Brooklyn, six in queens and two in the Bronx.

Noting that centralization has been partially effected in Manhattan, Brooklyn and Queens, Gutman said such action would be avoided in areas where it would cause "great inconvenience or hardship" to the public.

Also serving on the committee are Justices Lester Lazarus, of Manhattan; James W. Donoghue, of the Bronx; Harold J. Crawford, of Queens; and Philip Simon, of Brooklyn.

Charred Plane Is Found In Andes Mountains

Arica, Chile, March 25 (AP)—The charred remains of a plane piloted by Hamilton Sweet of 13 Maple street, Ossining, N. Y., who had been missing since Feb. 20, was found Tuesday by an Indian. There was no immediate report on what happened to Sweet himself.

The plane had come down to Bolivian territory at the bottom of a ravine southeast of Sajama Mountain in the Andes chain.

The discovery ended a long search by children and American pilots and a group of U. S. scientists from La Paz.

Sweet flew around the east coast of South America and planned to return to the United States along the west coast. While in Santiago he advertised for someone willing to travel to the United States with him for $180. There were 250 applicants. He selected one but at the last minute the man was unable to obtain a visa. Sweet left alone.

It was reported he was trying a new device on a four-seat plane. Santiago airport officials said he declined help to repair a propeller which appeared loose.

Hormone Glands Can Be Replaced, Professor Advises

By FRANK CAREY
(AP Science Reporter)

New Haven, Conn., March 25 (AP)—If your hormone-producing glands wear out or are destroyed, can they be replaced?

A famous Yale University scientist says yes—they can be.

He already has replaced the glands of "9 or 10" people with the glands of babies who died in their mothers' wombs. And, so far as he can ascertain, these borrowed vital organs are healthy and functioning in the new hosts.

Dr. Harry S. N. Greene, professor of pathology, today reported this remarkable story to a group of science writers touring leading research centers at the invitation of the American Cancer Society.

The experimental transplants began more than two years ago; and these and the results of many years experience and many thousands of transplants between animals have persuaded the scientist that many grave human glandular deficiencies can be corrected by transplants.

Basic Research

"But we are not going into the transplant business," Greene emphasized. "This is basic research. Our job was to show that it can be done. We will leave it to others to apply our fundamental findings to their clinical problems."

He said he and his group would not accept patients for further transplant therapy.

Among the embryonic organs successfully transplanted to adult humans were:

1. A pituitary gland—the tiny organ at the base of the brain which controls almost all the hormone-producing organs of the body;
2. Thyroid glands—which control nervous reactions;
3. Parathyroid glands — which govern the body's use of metals like calcium.
4. Adrenal glands—which enable humans to undergo such stresses as cold, hunger, fatigue, poisons, injury and various forms of shock.

Without any of these glands or the hormones they produce, one soon would die.

Po'keepsie Plant Wins Safety Award

The award of honor, highest recognition possible, has been given to IBM Plant 2, Poughkeepsie for its high safety record by the National Safety Council. During the period covered by the award, Plant 2 completed 15,156,937 man hours with a frequency rate 85 per cent better than par and a severity rate 85 per cent over par.

A telegram from Ned H. Dearborn of the National Safety Council received yesterday by John F. Greene, plant safety manager, announced the award. It read: "Heartiest and very special congratulations of the directors and staff of the National Safety Council on your fine safety performance — truly a job well done."

The award of honor is presented only where an establishment record satisfies rigid requirements laid down in the council's plan for recognizing good industrial safety records. It is not achieved through the medium of a contest.

IBM Plant 2 has been the recipient of many fine safety awards during its twelve and a half years in Poughkeepsie. Last year the plant won first place in the light machining division of the National Safety Council's annual safety contest working over 4,000,000 man hours with one lost time accident for a year's period from July 1, 1952, through June 30, 1953. It also was given an award of merit from the Greater New York Safety Council. In 1952, the plant received the grand award given by Associated Industries.

Goldilocks and the Bears

Klauser's performing bears are from Germany and are one of the finest circus importations made by the Polack Bros. Shrine Circus for their 1954 tour, a 45-week route under Shrine auspices. Goldilocks, teen aged daughter of Mr. and Mrs. Walter Klauser puts the Syrian and Malayan bears through their many stunts which include roller skating and the driving of police motor cycles, alone and without human assistance.

Cyprus Temple will present the nationally famous show, the "largest indoor circus in America" and the show will give matinee and night shows daily starting Wednesday March 31 through Saturday evening April 3, in the New Scotland avenue armory, Albany.

Thirty headline circus acts are in the two and one-half hour program. Matinees are scheduled Wednesday, Thursday and Friday at 3:45 p. m. Saturday matinee at 2:15 p. m. All night shows will start at 8:15.

Hormone Glands Can Be Replaced, Professor Advises

By FRANK CAREY
(AP Science Reporter)

New Haven, Conn., March 25 (AP)—If your hormone-producing glands wear out or are destroyed, can they be replaced?

A famous Yale University scientist says yes—they can be.

He already has replaced the glands of "9 or 10" people with the glands of babies who died in their mothers' wombs. And, so far as he can ascertain, these borrowed vital organs are healthy and functioning in the new hosts.

Dr. Harry S. N. Greene, professor of pathology, today reported this remarkable story to a group of science writers touring leading research centers at the invitation of the American Cancer Society.

The experimental transplants began more than two years ago; and these and the results of many years experience and many thousands of transplants between animals have persuaded the scientist that many grave human glandular deficiencies can be corrected by transplants.

Basic Research

"But we are not going into the transplant business," Greene emphasized. "This is basic research. Our job was to show that it can be done. We will leave it to others to apply our fundamental findings to their clinical problems."

He said he and his group would not accept patients for further transplant therapy.

Among the embryonic organs successfully transplanted to adult humans were:

1. A pituitary gland—the tiny organ at the base of the brain which controls almost all the hormone-producing organs of the body;
2. Thyroid glands—which control nervous reactions;
3. Parathyroid glands — which govern the body's use of metals like calcium.
4. Adrenal glands—which enable humans to undergo such stresses as cold, hunger, fatigue, poisons, injury and various forms of shock.

Without any of these glands or the hormones they produce, one soon would die.

In the United States there are 1,312,000 broken or disrupted families headed by men and 4,654,000 headed by women.

Kings DA Claims Police Head Involved in Policy

New York, March 25 (AP)—Julius Helfand, Kings county asst. district atty., says wiretap evidence involves a police lieutenant in the three million dollar a year numbers ring smashed last weekend.

Helfand told Judge Samuel S. Leibowitz yesterday that Victor Rivera, 39, convicted number policy collector, is a "key" to the identity of the police officer.

Rivera has been held in $10,000 bail as a material witness in the case. He has proved a balky material witness before the Brooklyn rackets probing grand jury and Leibowtz ordered Rivera to start talking or face contempt charges.

Helfand said a tapped telephone conversation from Rivera's home to that of Oscar Cuebas, alleged head of the policy ring, made reference to "a lieutenant."

"The pattern of protection we have uncovered is the same as in the Gross case except as to its extent," Helfand said.

Harry Gross, now in jail, testified he paid a million dollars a year for police protection in operating his 20 million dollar a year bookie business. Gross' arrest in 1950 resulted in a police shakeup unparralleled in recent New York history.

The numbers racket was exposed last Friday when 26 persons, including Cuebas, were arrested in raids climaxing several months of investigation.

Yesterday the grand jury heard Rivera and his wife, Mary, 26, and three plainclothesemen of the morals squad.

The jury is scheduled to hear more witnesses today.

Judges Will Study Consolidation of Courts

New York, March 25 (AP)—The possibility of consolidating the city's municipal courts will be studied by a special committee of municipal justices, it was announced today.

President Justice Daniel Gutman said such mergers should result in "substantial" economies and more effective handling of court calendars.

In announcing the project, Gutman named Justice Herman C. Stoute, of the Tenth District, as chairman of the committee.

At present, there are four municipal court locations in Manhattan, four in Brooklyn, six in queens and two in the Bronx.

Noting that centralization has been partially effected in Manhattan, Brooklyn and Queens, Gutman said such action would be avoided in areas where it would cause "great inconvenience or hardship" to the public.

Also serving on the committee are Justices Lester Lazarus, of Manhattan; James W. Donoghue, of the Bronx; Harold J. Crawford, of Queens; and Philip Simon, of Brooklyn.

Charred Plane Is Found In Andes Mountains

Arica, Chile, March 25 (AP)—The charred remains of a plane piloted by Hamilton Sweet of 13 Maple street, Ossining, N. Y., who had been missing since Feb. 20, was found Tuesday by an Indian. There was no immediate report on what happened to Sweet himself.

The plane had come down to Bolivian territory at the bottom of a ravine southeast of Sajama Mountain in the Andes chain.

The discovery ended a long search by children and American pilots and a group of U. S. scientists from La Paz.

Sweet flew around the east coast of South America and planned to return to the United States along the west coast. While in Santiago he advertised for someone willing to travel to the United States with him for $180. There were 250 applicants. He selected one but at the last minute the man was unable to obtain a visa. Sweet left alone.

It was reported he was trying a new device on a four-seat plane. Santiago airport officials said he declined help to repair a propeller which appeared loose.

200 Firemen Fight Manhattan Loft Fire

New York, March 25 (AP)—More than 200 firemen fought a stubborn, smoky blaze in an eight-story Manhattan loft building for two hours early today before bringing it under control.

Ten firemen required medical treatment, mostly from smoke inhalation, but none of the injuries was serious.

The five-alarm blaze (at 5 E. 17th street) apparently started on the fifth floor, occupied by a plastics manufacturer.

Flames quickly spread to the top floors and flashed down an elevator shaft to the basement.

Police termed the damage "considerable" but gave no monetary estimate.

Japan Reports Atomic Ashes From Arctic Circle

Tokyo, March 25 (AP)—A Socialist Diet member said today atomic particles are falling on Japan from Russian A-bomb tests near the Arctic Circle.

Shigeyoshi Matsumae, an engineer, said his information was "gleaned from American military quarters." He refused to elaborate.

The U. S. Far East Command had no comment.

Matsumae's statement to newsmen followed release of a report yesterday by the Right Wing Socialist Party of which he is a member. The Socialists are pushing a resolution in the Diet calling on the UN to ban atomic weapons and urging international control of atomic energy.

The report said small quantities of radioactive ash falls on Japan about three times every two weeks from Russian explosions in Siberia.

"The United States has confirmed through these ashes that Russia possesses atomic bombs," the report said. "The ashes take three days to reach Japan and take one week to circle the globe."

Realty Board to Meet

The Ulster County Real Estate Board will hold a meeting Friday evening at 7:30 o'clock at the Governor Clinton Hotel at which time a report will be given on plans for the annual conference of the Lower Hudson Valley District which will be held at Bear Mountain. George W. Moore and Lawrence MacAvery are attending a meeting today at the Palatine Hotel in Newburgh at which plans will be made for the meeting.

200 Firemen Fight Manhattan Loft Fire

New York, March 25 (AP)—More than 200 firemen fought a stubborn, smoky blaze in an eight-story Manhattan loft building for two hours early today before bringing it under control.

Ten firemen required medical treatment, mostly from smoke inhalation, but none of the injuries was serious.

The five-alarm blaze (at 5 E. 17th street) apparently started on the fifth floor, occupied by a plastics manufacturer.

Flames quickly spread to the top floors and flashed down an elevator shaft to the basement.

Police termed the damage "considerable" but gave no monetary estimate.

Democrats to Meet

The Democratic Club will hold its monthly meeting at St. Mary's Society Hall, North street, this evening at 8 o'clock.

Japan Reports Atomic Ashes From Arctic Circle

Tokyo, March 25 (AP)—A Socialist Diet member said today atomic particles are falling on Japan from Russian A-bomb tests near the Arctic Circle.

Shigeyoshi Matsumae, an engineer, said his information was "gleaned from American military quarters." He refused to elaborate.

The U. S. Far East Command had no comment.

Matsumae's statement to newsmen followed release of a report yesterday by the Right Wing Socialist Party of which he is a member. The Socialists are pushing a resolution in the Diet calling on the UN to ban atomic weapons and urging international control of atomic energy.

The report said small quantities of radioactive ash falls on Japan about three times every two weeks from Russian explosions in Siberia.

"The United States has confirmed through these ashes that Russia possesses atomic bombs," the report said. "The ashes take three days to reach Japan and take one week to circle the globe."

Realty Board to Meet

The Ulster County Real Estate Board will hold a meeting Friday evening at 7:30 o'clock at the Governor Clinton Hotel at which time a report will be given on plans for the annual conference of the Lower Hudson Valley District which will be held at Bear Mountain. George W. Moore and Lawrence MacAvery are attending a meeting today at the Palatine Hotel in Newburgh at which plans will be made for the meeting.

STATE OF NEW YORK DEPARTMENT OF CONSERVATION, WATER POWER AND CONTROL COMMISSION—In the Matter of the Application of CITY OF KINGSTON.

PUBLIC NOTICE

Notice is hereby given that, pursuant to Section 523, Article XI of the Conservation Law, the Water Power and Control Commission will meet in the City Hall in the city of Kingston on the 31st day of March, 1954, at 10 o'clock in the forenoon of that day for the purpose of hearing all persons, waterworks corporations, municipal corporations or other civil divisions of the State of New York that may be affected by the execution of the plans of the city of Kingston for the installation of a supply main in the town of Ulster from its existing conduits in that town for the purpose of furnishing a water supply to the new International Business Machines Corporation plant in said town plans for which have been filed with the Water Power and Control Commission, at its office in Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity, whether they provide for the proper and safe construction of all work connected therewith, whether they provide for the proper protection of the supply and watershed from contamination or provide for the proper filtration of such additional supply, whether they are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether they make fair and equitable provisions for the determination and payment of any and all legal damages to persons and property, both direct and indirect, which will result from the execution thereof.

All persons, waterworks corporations, municipal corporations, or other civil divisions of the State of New York, who have objections to the execution of said plans, in order to be heard thereon, must file such objections thereto in writing and in duplicate in the office of the Water Power and Control Commission in the city of Albany, N. Y., on or before the 30th day of March, 1954. Every objection so filed must particularly specify the grounds thereof.

No persons, waterworks or municipal corporation or local authority can be heard in opposition thereto except on objections filed.

Dated, Albany, New York, March 12, 1954.

THE PEOPLE OF THE STATE OF NEW YORK, BY THE GRACE OF GOD FREE AND INDEPENDENT, TO—

GEORGE W. McKENNA JR., LEON McKENNA, LEO McKENNA, WINONA McKENNA LONEY

GREETING:

YOU AND EACH OF YOU ARE HEREBY CITED TO SHOW CAUSE at a Surrogate's Court to be held in and for the County of Ulster at the Surrogate's Office in the City of Kingston, N. Y., on the 26th day of April, 1954, at ten o'clock in the forenoon of that day, why a certain instrument in writing, dated February 10, 1953, relating to both real and personal estate, presented to said Surrogate's Court, should not be proved, admitted to probate and recorded as the last Will and Testament of MIDA L. McKENNA, late of the Village of New Paltz, State of New York, Ulster County, deceased, upon the petition of DOROTHY F. JEWETT, of the Village of New Paltz, the Executrix named therein.

IN TESTIMONY WHEREOF, We have cause the seal of said Surrogate's court to be hereunto affixed. WITNESS, Hon. JOHN B. STERLEY, Surrogate of our said County of Ulster, at Kingston, N. Y. this 23rd day of March, 1954.

[L. S.]

H. LeROY GILL
Clerk of the Surrogate's Court

COUNTY COURT: COUNTY OF ULSTER—VERA SKUHRA, Plaintiff, against DOROTHY SARRACH PARODI, Individually and as Administratrix of the Goods, Chattels and Credits which were of ARTHUR SARRACH, deceased, and HARRY ECKHART and EVELYN ECKHART, his wife, SAUL GOLDFARB, BELLE GOLDFARB, MANUEL REINA, UNITED STATES OF AMERICA and THE PEOPLE OF THE STATE OF NEW YORK, Defendants.

In pursuance of a judgment of foreclosure and sale duly made and entered in the Office of the Clerk of the County of Ulster, in the above entitled action, and bearing date the 23rd day of March, 1954, I, the undersigned, the Referee in said judgment named, will sell at public auction on the 7th day of May, 1954, at 12 o'clock noon on that day, at the front door of the Ulster County Court House, in the City of Kingston, New York, the premises described by said judgment to be sold, and therein described as follows:

PARCEL I

All that lot, piece or parcel of land, with the buildings and improvements thereon, in the Town of Esopus, County of Ulster and State of New York, described as follows:

BEGINNING at a point on the east side of the Rifton-Kingston Road, said point being about 150 feet north of the Rifton Hotel (Pilar M. Diaz), and running thence along the east side of the road aforesaid, north 21 degrees 30 minutes east for 900 feet, thence north 52 degrees 30 minutes east for 320 feet, thence north 41 degrees east 164 feet to an iron pipe set in the ground; thence south 58 degrees 20 minutes east about 377 feet to the center line of Black Creek; thence up the center line of Black Creek 1010 feet to the bounds of the lands of Lang; thence along the bounds of the lands of Lang, south 61 degrees 45 minutes east 708 feet to an iron pipe set in the ground; thence south 40 degrees 15 minutes west 700 feet; thence south 80 degrees west 410 feet; thence south 58 degrees west 305 feet; thence north 85 degrees 30 minutes west 390 feet; thence north 67 degrees west 525 feet to the center line of Black Creek; thence along the center line of Black Creek, south 56 degrees 30 minutes west 380 feet; thence south 67 degrees 30 minutes west 325 feet; thence south 23 degrees west 145 feet to the lands of Diaz; thence north 73 degrees west 25 feet; thence south 74 degrees west 243 feet to the point or place of beginning. Containing 42.9 acres more or less.

PARCEL II

ALSO a parcel on the west side of the Rifton-Kingston Road aforesaid, described as follows:

BEGINNING on the west side of the said Rifton-Kingston Road, at the northeast corner of the lands of Douglas, and being about 120 feet southwest of the main building (Black Swan Inn) on the parcel described above, and running thence along the north bounds of the lands of said Douglas, north 55 degrees 30 minutes west for 180 feet to an iron pipe set in the ground; thence along lands of the Central Hudson Gas & Electric Corp. north 44 degrees 30 minutes east for 170 feet, thence south 55 degrees 30 minutes east for 43 feet, thence north 38 degrees east for 163 feet, thence south 76 degrees east for 78 feet, thence north 40 degrees east for 183 feet and thence south 64 degrees 15 minutes east for 65 feet to an iron pipe set in the ground on th west side of the aforesaid Rifton-Kingston road; and thence along the west side of the said road, south 41 degrees west for 545 feet to the point or place of beginning, containing 1.5 acres more or less.

EXCEPTING AND RESERVING therefrom that portion being the strip of land five feet in width from the center line or point of a drilled well located near the northwest corner of a barn foundation on a bearing about north 45 degrees east for about 35 feet to the lands of the parties of the first part. There is reserved to the purchasers a right of way over this excepted parcel by foot or by vehicle.

ALSO EXCEPTING AND RESERVING therefrom that portion of the lands beginning at a point on the east side of the Rifton-Kingston road about 150 feet north of the Rifton Hotel (Pilar M. Diaz) running north 74 degress east 243 feet to the northwest corner of a bridge over the Black Creek; thence north 70 degrees 30 minutes west 194 feet to the easterly side of the road aforesaid; and thence along the easterly side of the said road, south 21 degrees 30 minutes west 142 feet to the point or place of beginning. Containing 0.31 acre more or less. This exception is in a proposed exchange of lands with one Pilar M. Diaz and it is understood that in the event that the sellers do not effectuate the proposed exchange with the said Diaz, then in that event, this piece or parcel of land shall be transferred and conveyed to the purchasers herein.

SUBJECT to all the rights, privileges and easements heretofore reserved by or granted to the United Hudson Electric Corporation and/or Central Hudson Gas & Electric Corporation and to such rights as the said corporations may have with respect to the use of the waters of the Wallkill River and the flooding thereof and the flooding of a stream known as the "Black Creek."

EXCEPTING from the parcel last above described Lot No. 24 as defined and shown on a certain map of Rifton Lake Park made by C. R. Smith, Engineer, dated June 25, 1926 and recorded in the Ulster County Clerk's Office on July 1, 1926, as Map No. 798.

Being a portion of the premises which were conveyed by Jane S. Pintard, individually and as executrix of the estate of William A. Pintard, deceased to Pearl Seigal Anos, by deed dated January 19, 1946, and recorded in Ulster County Clerk's Office in Liber 660 of Deeds at page 229.

Slight Mistake Will Ruin Hand

By OSWALD JACOBY
Written for NEA Service

When South played today's hand at two spades he felt very comfortable. The contract was reasonable, and the play seemed quite straightforward. One slight mistake was, however, enough to cause his downfall.

West opened the deuce of hearts, and East won with the ace and returned the suit. South took the second trick with the king of hearts, led a trump to dummy's ace, and then returned the king of clubs.

East took the ace of clubs, but decided not to return the club. He knew that both South and West were void of clubs at this point, and it was unwise to give South a chance to discard while forcing West to ruff with a card that might easily be a natural trump trick. East therefore returned another heart, and South won with the queen.

South now led the jack of spades, hoping that West would duck this trick. West, not a bit deceived, stepped up at once with the king of spades, cashed the ace of diamonds, and led another diamond to dummy's queen.

At this point dummy's cards

were the king of diamonds and four clubs, while South held a small diamond and four trumps. South could have made the hand if he had led dummy's queen of clubs with the intention of discarding a diamond (or of overruffing if East could ruff).

Almost as good a play is to lead the queen of diamonds from the dummy instead. Either way, South reduces his hand to the four trumps and is therefore sure to win the next trick in his own hand.

When the hand was actually played, South made a slight mistake. He knew that there were two trumps out against him, and he wanted to get to his hand quickly in order to draw one or both of those trumps. He therefore led a low club from dummy and ruffed in his own hand.

West overruffed and led another diamond to dummy's king. There was now no way for declarer to get out of the dummy. He had to lead a club, and he couldn't stop West from winning the setting trick with the ten of spades.

Cooking Lesson Effective

Jonesboro, Ark. (AP)—Defending a suit against her husband for failing to pay installments on a set of aluminumware, Mrs. J. C. Davenport in a cross action charged food stuck to the pans. A company representative promptly whipped out a small stove, picked up a pan and fried an egg in the courtroom. Then he removed the egg and showed the jury a pan with no egg stuck to it. The jury ruled the company could have both the pans and the money Davenport had paid on them.

Editor, The Freeman:

In regard to the disgraceful affair in the Kingston High School, which is the talk of the town and neighboring towns, I feel as a taxpayer I should express by views.

When a boy or girl reaches high school age it ought not to be necessary for such pupils to be watched lest they commit a crime or misdemeanor, i.e. if such pupils received proper home training. Some fathers are too busy in the office, factory or politics to teach their sons how to enjoy life decently, so they turn their sons and daughters over to the mother, who is too busy either keeping house or writing a paper on "How to help the heathens in foreign lands," to advise her son or help her daughter in her problems. The children are turned over to the teachers and clergymen who are supposed to produce perfect specimens not only in studies and religion but also in morals and manners.

The power of discipline has been taken from the teachers so that they can do very little to enforce law and order.

It would seem to me, when necessary, the father should take his son to the garage and apply a little exercise on the boy in the proper place for such exercise, and help the boy to grow up to be a good citizen.

Thank you.

HELENA CLEARWATER.

Dewey Persistent

Albany, N. Y., March 25 (AP)—Persistent Gov. Dewey will carry on his fight for compulsory automobile liability insurance—but he isn't saying when the next round will begin. The governor told a news conference yesterday that his insurance bill, defeated in the Senate on the closing day of the legislative session, "will pass and will become law some day." Dewey is reported to be considering calling the lawmakers back into special session this spring to find some solution for the problems of the the bankrupt Long Island Rail Road, and there has been speculation that he might bring up the insurance issue then.

Washington, March 25 (AP)—The Atomic Energy Commission (AEC) has had one security risk case result in the resignation of an employe. Officials of the closely guarded agency so informed a House Appropriations Committee. Their testimony was made public yesterday.

JACOBY ON BRIDGE

Slight Mistake Will Ruin Hand

By OSWALD JACOBY
Written for NEA Service

When South played today's hand at two spades he felt very comfortable. The contract was reasonable, and the play seemed quite straightforward. One slight mistake was, however, enough to cause his downfall.

West opened the deuce of hearts, and East won with the ace and returned the suit. South took the second trick with the king of hearts, led a trump to dummy's ace, and then returned the king of clubs.

East took the ace of clubs, but decided not to return the club. He knew that both South and West were void of clubs at this point, and it was unwise to give South a chance to discard while forcing West to ruff with a card that might easily be a natural trump trick. East therefore returned another heart, and South won with the queen.

South now led the jack of spades, hoping that West would duck this trick. West, not a bit deceived, stepped up at once with the king of spades, cashed the ace of diamonds, and led another diamond to dummy's queen.

At this point dummy's cards

were the king of diamonds and four clubs, while South held a small diamond and four trumps. South could have made the hand if he had led dummy's queen of clubs with the intention of discarding a diamond (or of overruffing if East could ruff).

Almost as good a play is to lead the queen of diamonds from the dummy instead. Either way, South reduces his hand to the four trumps and is therefore sure to win the next trick in his own hand.

When the hand was actually played, South made a slight mistake. He knew that there were two trumps out against him, and he wanted to get to his hand quickly in order to draw one or both of those trumps. He therefore led a low club from dummy and ruffed in his own hand.

West overruffed and led another diamond to dummy's king. There was now no way for declarer to get out of the dummy. He had to lead a club, and he couldn't stop West from winning the setting trick with the ten of spades.

Cooking Lesson Effective

Jonesboro, Ark. (AP)—Defending a suit against her husband for failing to pay installments on a set of aluminumware, Mrs. J. C. Davenport in a cross action charged food stuck to the pans. A company representative promptly whipped out a small stove, picked up a pan and fried an egg in the courtroom. Then he removed the egg and showed the jury a pan with no egg stuck to it. The jury ruled the company could have both the pans and the money Davenport had paid on them.

131 St. James street
Kingston, N. Y.

Editor, The Freeman:

In regard to the disgraceful affair in the Kingston High School, which is the talk of the town and neighboring towns, I feel as a taxpayer I should express by views.

When a boy or girl reaches high school age it ought not to be necessary for such pupils to be watched lest they commit a crime or misdemeanor, i.e. if such pupils received proper home training. Some fathers are too busy in the office, factory or politics to teach their sons how to enjoy life decently, so they turn their sons and daughters over to the mother, who is too busy either keeping house or writing a paper on "How to help the heathens in foreign lands," to advise her son or help her daughter in her problems. The children are turned over to the teachers and clergymen who are supposed to produce perfect specimens not only in studies and religion but also in morals and manners.

The power of discipline has been taken from the teachers so that they can do very little to enforce law and order.

It would seem to me, when necessary, the father should take his son to the garage and apply a little exercise on the boy in the proper place for such exercise, and help the boy to grow up to be a good citizen.

Thank you.

HELENA CLEARWATER.

Dewey Persistent

Albany, N. Y., March 25 (AP)—Persistent Gov. Dewey will carry on his fight for compulsory automobile liability insurance—but he isn't saying when the next round will begin. The governor told a news conference yesterday that his insurance bill, defeated in the Senate on the closing day of the legislative session, "will pass and will become law some day." Dewey is reported to be considering calling the lawmakers back into special session this spring to find some solution for the problems of the the bankrupt Long Island Rail Road, and there has been speculation that he might bring up the insurance issue then.

One Designation

Washington, March 25 (AP)—The Atomic Energy Commission (AEC) has had one security risk case result in the resignation of an employe. Officials of the closely guarded agency so informed a House Appropriations Committee. Their testimony was made public yesterday.

TOO PERSONAL TO LEND

A young girl writes me: "There is a girl in my class at school who is forever borrowing my lipstick. She puts some on when she leaves her house in the morning but never takes her lipstick with her. At the end of the day when it is worn off, she always asks me to lend her mine. Rather than appear "cheap" I let her borrow it, but I'm getting pretty tired of it. Will you please tell me how I can tactfully refuse?"

Since you have been lending her your lipstick right along, it would be difficult to suddenly say that you do not like to lend your lipstick. You might buy an inexpensive lipstick to keep in your bag and offer it to her whenever she asks to borrow yours. (You might be glad to buy yourself a new one and keep the one you now have for her.)

With the Groom in Mourning

Dear Mrs. Post: My fiance's mother died a month ago. We had planned to be married two months from now. As I am an only child, mother wants me to have the nicest wedding possible—bridesmaids, ushers and a large reception at the country club for two hundred guests. Will you please tell me if this could be proper under the circumstances, or might I be thought heartless by his family?

Answer: A wedding such as you describe would, I am afraid, be thought inconsiderate of your fiance's feelings. You can, however, have a lovely wedding—even though limited to your families and your own best friends. Otherwise you would have to postpone the date of a really big wedding for another three months.

When She Goes Out With Him

Dear Mrs. Post: We are a group of teen-agers who would like you to answer the following question for us. When going out on a date, is it the girl's place to suggest where she would like to go, or does the boy may the plans for the evening?

Answer: Unless he invites her to something definite beforehand, he generally asks her where she would like to go.

* * *

Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-15, "Manners in Public" answers many frequently asked questions. To obtain a copy, send 10 cents in coin to Dept. E.P., c/o The Kingston Daily Freeman, P.O. Box 99, Station G, New York 19, N. Y.

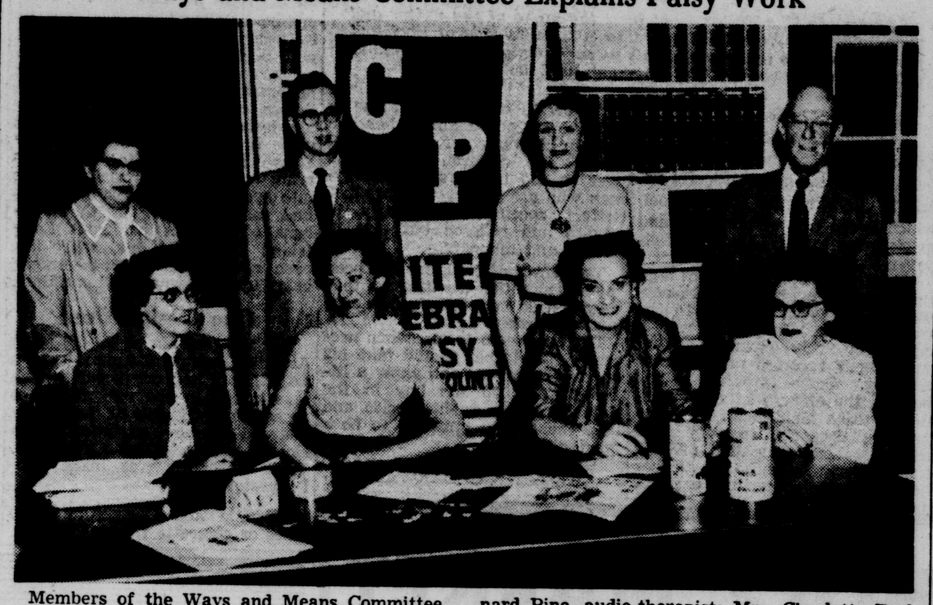
Ways and Means Committee Explains Palsy Work



Members of the Ways and Means Committee explained the work done by Ulster County Cerebral Palsy Organization to the town chairmen for the drive. Those who told of the work and planned a tour of the Clinic are, seated, left to right, Miss Mary Keresman, secretary; Mrs. De Vall Dunbar, county chairman; Mrs. Vincent Connelly, chairman, Ways and Means Committee; and Mrs. Nathan Friedman, publicity chairman. Standing are Miss Phyliss Bulgatz, physio-therapist; Bernard Pine, audio-therapist; Mrs. Charlotte Peck, director of the Cerebral Palsy Clinic; and Dr. Henry L. Bibby, president. Joseph Kelly, city chairman, was not present for the picture. The 30 town chairmen were taken on a tour of the clinic by the two therapists who explained the work done for the patients, and then saw the motion picture, Upstream, which deals with the subject and treatment of cerebral palsy. The drive in Ulster county will begin May 1. *(Freeman photo)*

Harvey Laugh-Filled Comedy Hit; Repeat Performance Tonight

A near-capacity crowd enjoyed every laugh-packed minute of the Coach House Players latest presentation, Harvey, Wednesday night, featuring Irving Rose as the befriender of the rabbit who wasn't there. Or was he?

Convincing performances were turned in by each member of the well-chosen cast, with the usual smooth production handled by Houston Richards, director. This play was presented under the sponsorship of the Rotary Club of Kingston, and will be repeated tonight at the George Washington School for the second and final performance.

In addition to the professional performance of Harvey's buddy Dowd, played by Irving Rose, mention should be made of the fine characterization by Terry Roberts of Veta Louise, Dowd's sister.

Others in the cast included Rose Helen Mellert, Mary Becker, Bernard Pine, Frances Matteson, Teresa Lloyd, Edward Buziak, Harriet Engelen, Louise Brokenshaw, Norman Shapiro and Duke Steeley.

Clinton Chapter OES

The regular meeting of Clinton Chapter OES will be held Friday at 8 p. m. There will be initiation of new members and the regular business meeting. Following the meeting, a covered dish supper will be held. Each member is asked to bring an article of food. Rolls and dessert will be furnished by the Chapter.

Bridge Grows Old

Oroville, Calif. (AP)—The historic bridge across the Feather river at Bidwell's Bar, east of here, is in its second century and still giving public service. It began its history in a clipper ship, coming around Cape Horn in 1853. The pilings were started in 1854 and some sections laid and in 1856 it was opened to traffic.

St. Ursula Academy Senior Is Second In Oratory Contest

MISS JOYCE HALLORAN

Miss Joyce Halloran, a senior at St. Ursula Academy, won second place in the annual CYO Archdiocesan Oratorical Contest in New York last weekend, it was announced here.

The youthful orator spoke on The Pope's Christmas Message for 1953 and Catholic Youth. Having won the Ulster county contest, making her eligible for further competition, Miss Halloran competed against winners of the other county contests of the New York Archdiocese representing St. Marys' parish of Kingston.

Miss Mary Lou Sullivan, representing St. Elizabeth's parish in Manhattan, a student at Mother Cabrini High School, took first place. Third place was won by Louis Zuccarello of St. Francis of Rome parish in the Bronx.

Miss Halloran was awarded a gold cup. Judges who named the St. Ursula student to represent Ulster county were City Judge Raymond Mino and Attorney Charles Gaffney.

Local Speakers Named For Cancer Society Annual Dinner Meeting

The annual dinner meeting of Ulster County Unit, American Cancer Society, will be held at Bethany Hall, Old Dutch Church, Wednesday at 6:30 p. m.

All persons who are interested in the subject of cancer are cordially invited to attend. Reservations should be made not later than Monday with Mrs. Lloyd Le Fever, Richmond Park.

There will be several speakers featured at the event. Among these will be Dr. Habeeb Maroon, who recently completed a post-graduate course at Memorial Center, New York. Another speaker will be Mrs. William Haggerty, who with her husband, Dr. William Haggerty, president of New Paltz State Teachers College, returned some time ago from a tour of duty under UNESCO in India.

The Hon. Louis Bruhn, formerly District Attorney of Ulster county, and is now campaign chairman for the Cancer Crusade for 1954 in the county, will also give a talk.

Members of the Ways and Means Committee explained the work done by Ulster County Cerebral Palsy Organization to the town chairmen for the drive. Those who told of the work and planned a tour of the Clinic are, seated, left to right, Miss Mary Keresman, secretary; Mrs. De Vall Dunbar, county chairman; Mrs. Vincent Connelly, chairman, Ways and Means Committee; and Mrs. Nathan Friedman, publicity chairman. Standing are Miss Phyliss Bulgatz, physio-therapist; Bernard Pine, audio-therapist; Mrs. Charlotte Peck, director of the Cerebral Palsy Clinic; and Dr. Henry L. Bibby, president. Joseph Kelly, city chairman, was not present for the picture. The 30 town chairmen were taken on a tour of the clinic by the two therapists who explained the work done for the patients, and then saw the motion picture, Upstream, which deals with the subject and treatment of cerebral palsy. The drive in Ulster county will begin May 1. *(Freeman photo)*

Harvey Laugh-Filled Comedy Hit; Repeat Performance Tonight

A near-capacity crowd enjoyed every laugh-packed minute of the Coach House Players latest presentation, Harvey, Wednesday night, featuring Irving Rose as the befriender of the rabbit who wasn't there. Or was he?

Convincing performances were turned in by each member of the well-chosen cast, with the usual smooth production handled by Houston Richards, director. This play was presented under the sponsorship of the Rotary Club of Kingston, and will be repeated tonight at the George Washington School for the second and final performance.

In addition to the professional performance of Harvey's buddy Dowd, played by Irving Rose, mention should be made of the fine characterization by Terry Roberts of Veta Louise, Dowd's sister.

Others in the cast included Rose Helen Mellert, Mary Becker, Bernard Pine, Frances Matteson, Teresa Lloyd, Edward Buziak, Harriet Engelen, Louise Brokenshaw, Norman Shapiro and Duke Steeley.

Bridge Grows Old

Oroville, Calif. (AP)—The historic bridge across the Feather river at Bidwell's Bar, east of here, is in its second century and still giving public service. It began its history in a clipper ship, coming around Cape Horn in 1853. The pilings were started in 1854 and some sections laid and in 1856 it was opened to traffic.

St. Ursula Academy Senior Is Second In Oratory Contest

MISS JOYCE HALLORAN

Miss Joyce Halloran, a senior at St. Ursula Academy, won second place in the annual CYO Archdiocesan Oratorical Contest in New York last weekend, it was announced here.

The youthful orator spoke on The Pope's Christmas Message for 1953 and Catholic Youth. Having won the Ulster county contest, making her eligible for further competition, Miss Halloran competed against winners of the other county contests of the New York Archdiocese representing St. Marys' parish of Kingston.

Miss Mary Lou Sullivan, representing St. Elizabeth's parish in Manhattan, a student at Mother Cabrini High School, took first place. Third place was won by Louis Zuccarello of St. Francis of Rome parish in the Bronx.

Miss Halloran was awarded a gold cup. Judges who named the St. Ursula student to represent Ulster county were City Judge Raymond Mino and Attorney Charles Gaffney.

The Metropolitan Recreation Organization will sponsor a cake sale to be held Saturday, at Montgomery Wards. All proceeds will go toward making up food baskets for needy families at Eastertime.

Local Speakers Named For Cancer Society Annual Dinner Meeting

The annual dinner meeting of Ulster County Unit, American Cancer Society, will be held at Bethany Hall, Old Dutch Church, Wednesday at 6:30 p. m.

All persons who are interested in the subject of cancer are cordially invited to attend. Reservations should be made not later than Monday with Mrs. Lloyd Le Fever, Richmond Park.

There will be several speakers featured at the event. Among these will be Dr. Habeeb Maroon, who recently completed a post-graduate course at Memorial Center, New York. Another speaker will be Mrs. William Haggerty, who with her husband, Dr. William Haggerty, president of New Paltz State Teachers College, returned some time ago from a tour of duty under UNESCO in India.

The Hon. Louis Bruhn, formerly District Attorney of Ulster county, and is now campaign chairman for the Cancer Crusade for 1954 in the county, will also give a talk.

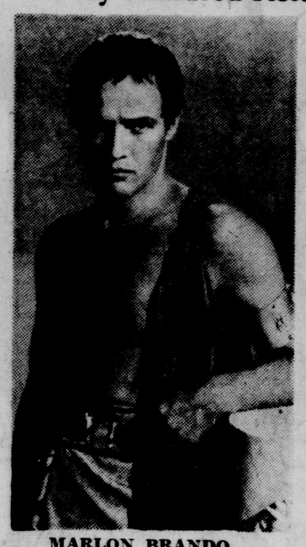
Play Featured Roles in Julius Caesar



MARLON BRANDO

DEBORAH KERR

Marlon Brando, as Mark Antony in the film version of Shakespeare's immortal Julius Caesar, gives one of his finest screen characterizations. Deborah Kerr portrays Portia, wife of Brutus in the film, MGM's screening of the great drama by the Bard, which is now showing at the Kingston Theatre. Also starring in one of Hollywood's most impressive casts are James Mason, as Brutus; John Gielgud as Cassius; Louis Calhern as Caesar; Edmond O'Brien as Casca; and Greer Garson as Calpurnia.

HIGHLAND NEWS

Highland, March 25 — Clyde Dallas, a freshman at Syracuse University, spent the weekend at his home here.

Mr. and Mrs. Murray Rosenbloom, Los Angeles, Calif., have announced the birth of a son Barry Allen. Mr. and Mrs. Rosenbloom a few years ago conducted the store on upper Main street near the Central School.

The women of the Presbyterian Church met Monday afternoon and dismantled the kitchen preparatory to the men taking over Wednesday and Thursday evenings to paint walls and cupboards. Later the women will replace the dishes and silver.

Mrs. Jesse Alexander and her granddaughter Audrey Lawson spent the weekend with Mrs. Alexander's sister and husband Mr. and Mrs. Leo Ladd, Hoosick Falls.

Mrs. Charles Champlin will be hostess to the meeting of the Ladies' Aid Society at 2:30 p. m. Wednesday, April 7. She will be assisted by Mrs. Alfred Lane and Mrs. Fred Wilklow. The chairman of the meeting is Mrs. John C. Miller.

Due to unforseen circumstances the meeting of the Past Noble Grands Club of Vineyard Rebekah Lodge to be held in Odd Fellows Hall has been postponed until April 8. The officers are asked to wear long white gowns. NG Irene Ronk is in charge of refreshments assisted by VG Madeline Ronk, Lillian Mackey, William Mackey, Joan Benson and Mrs. Dora Mittelstaedt. Officers do not wear white for the meeting March 25. The refreshment committee for that date is Helen Schaeffer, Mrs. Myra Ball, Mrs. Lucille Williams, Herman Schaeffer, Mrs. Gladys Mears and Mrs. Dora Mittelstaedt.

Mr. and Mrs. John Skipp and family drove to Northampton, Mass., Sunday.

The UD Society will be entertained Saturday afternoon by Mrs. Charles Champlin.

Mr. and Mrs. Robert Coutant, Wappingers Falls, joined his parents Sunday in attending services in the Presbyterian Church.

The attendance at the minstrel show two nights last week was 1,200 as Friday nights performance sold 500 tickets and Saturday night 700 tickets.

Mrs. Hubert Elting spent the weekend with Mr. and Mrs. Harvey Slater at Claryville.

The film, The Church of the Empty Cross, was shown Wednesday afternoon in the Presbyterian Church. This is the finest movie produced by the church this year.

Members of St. Augustine's Church open the Catholic drive Sunday with Frank Mandy, chairman and Miss Eleanor Mandy, secretary. Others assisting are Mrs. M. McCarthy, Miss Sarah Gethings, Mrs. Frank Lugattula, Miss Joan Hasbrouck, Mrs. Harvey Slater, Mrs. Joseph Filiberti, Salvatore Sciortino, Anthony Sorbello, Nicholas Anzivina, Mrs. Thomas Shay, Jr., Mrs. Frank Skipp, Mrs. Joseph Sorce, Mrs. Frank Woolsey, Mrs. Elizabeth Aldous, Mrs. Louis DiPrima, Mrs. Theresa Manglia, Miss Madeline Canino, Mrs. June Barry, Mrs. Clark Emery, Ralph Roberto, Stanley Rydzewski, Joseph Curico, Frank McCann, Mrs. Rose Brenni, Mrs. David Reilly, Mrs. Gabriel Trabucco, Miss Anna O'Brien, Mrs. Dominick Milano, Carmine Costantino, Gabriel DiLorenzo.

Roger Heaton, son of Mr. and Mrs. Howard Heaton of North road, is now stationed at Fort Dix, N. J., where he is taking his basic army training. He graduated from the local high school and was active in all athletics. He has received a school contract for a 17-week course in field radio maintenance at Ft. Benning, Ga.

Teachers Request Poughkeepsie Pay Boosts of $1,500

A maximum salary schedule of $6,700 is being asked by Poughkeepsie public school teachers, according to a story in the Poughkeepsie New Yorker.

This would be an increase of $1,500 over the present maximum salary of $5,200 reached after 16 years of teaching.

According to Raphael Brevetti, president of the Poughkeepsie Public School Teachers Association, the teachers are asking for the $1,500 increase in $300 annual increments for five years.

The present salary schedule provides $3,000 for a beginning teacher with increments up to maximum of $5,200. The new schedule sought by the teachers would embody a salary range from $3,400 to $6,700.

Brevetti said the association wanted to emphasize that the recent state change in the Poughkeepsie tax equalization rates would increase the board of education's taxing power to permit teacher salary increases.

Better Farming Helps Wild Animals, Is Report

Ithaca, March 23 (AP)—Better methods of farming have given wild animals a break in New York State, a Cornell University Farm and Home Week audience was told today.

Harlan B. Brumsted of the Cornell Conservation Department said "improvements in agriculture leading to the abandonment of marginal farm lands have caused changes in New York's wildlife populations."

He said animals find natural homes in abandoned areas and added:

"A familiar example is the marked increase in deer and ruffled grouse and the widening range of the snowshoe rabbit which has followed extensive land abandonment in southern New York and in the outskirts of the mountain regions."

He urged farmers to take advantage of the abandoned areas as recreation spots and to build up ponds and wooded areas as wildlife habitats.

Yesterday, a professor in biochemistry and nutrition at Cornell said some milk processors believe that by adding vitamins to their milk they will increase their market because the public is vitamin conscious.

However, L. A. Maynard added, "glamorizing milk in this fashion tends to obscure its basic values and in the long run doesn't benefit the dairy farmer."

Firecracker Is Cause Of Boy Losing 4 Fingers

North Massapequa, N. Y., March 25 (AP)—A 13-year-old boy lost four fingers last night after setting off a powerful fireworks bomb in his hand. His condition is critical.

Police said the boy, Frederick Yanke, of Hicksville Rd., Massapequa, was with two other youths—Barry Stuart, 15, of Jerusalem avenue, Massapequa, and a younger boy who was not identified. The accident occurred in the rear of Southedge School, where Yanke is in the eighth grade.

After four hours of surgery at Meadowbrook Hospital, doctors amputated three fingers of Yanke's left hand and the index finger on his right hand. Both of Yanke's eyes were burned and he suffered a nose fracture.

Yanke touched a match to a "salute bomb," described as a three-by-two-inch cylinder containing highly explosive aluminum powder used to give added power to aerial fireworks displays.

Authorities said questioning of Stuart disclosed that seven such bombs were stolen several months ago from the suffolk Novelty Fireworks Co., in Bellport on Long Island.

Police said Yanke was not involved in the theft of the bombs. They said Stuart told them that five of the bombs had been set off during the past month. The last and seventh bomb was found on the school grounds.

The Stuart boy and the unidentified youngster were allowed to remain in their homes pending action by the Suffolk county district attorney's office.

Of the 300 minerals found in North Carolina, 70 are in commercial quantity.

Haber's Grill Meets Hudson Ericksons in Tournament Debut

Harry's Angels Also Scheduled For Tonight

Brodhead, Bezemer Haber to See Action

Haber's Grill, sentimental favorites to win the Kingston tournament, make their debut tonight against Erickson's Shells of Hudson in the 8:30 feature at the municipal auditorium. And tournament promoters expect a full house.

Coach G. Warren Kias' top-flight stars, bolstered by another former Maroon ace, Jim Riehl, can go all the way in the opinion of experts.

Harry's Angels, repeat champions in the YMCA "A" division, go against the powerful Pine Plains A.C. in the 7:30 p. m. curtain raiser.

The Grills have seven of this year's varsity roster, including All-DUSO Dick Bezemer and Skip Broadhead; Bill Haber, John Godwin, Ray Lawrence, Bob Bondar and Bob Maines.

Riehl Solid Help

Riehl, who can play up front or backcourt with equal finesse, has been a solid player with the Woodstock Varsity and in the Y League since his return from service. He scored 33 points in a game Saturday night.

The Grills have speed to burn and their fast break of offense is expected to give the opposition conniptions. Of the first eight teams to appear in the tournament only Otisville showed speed and shooting adaptability comparable to the high school wizards.

George McElroy and Andy Murphy, the tournament directors, have no line on the Erickson strength, but they are supposed to be stronger than the Savoias, who impressed against Lincoln Park Inn.

Ed Weaver Out

Harry Kaprelian was unsuccessful in his efforts to sign Big Ed Weaver of West Point for the Angels and will go with an all-local roster. The one newcomer is Jack Hake, who recently moved to Woodstock.

The other members of the "A" championship crew are Big Bill East, Bill Kleine, Eric Goercke, Lafayette "Champ" Holstein, Ward Dunham, Billy Waterous, Fred Orr, and Joe Murkoff.

Pine Plains' best known operators are Ken Hinsek, Irv Jackson, Fred Couse and Denny Hahn.

Joe Winter, Stock Car Driver, Makes Plans for '54 Campaign

NOT THE WRECK: of Old 97 as the legend has it.

Above are Joseph Winter of Kingston and stock car No. 97 that he will race this summer at such tracks as Rhinebeck Speedway, Arlington, South Westerlo, Coxsackie and Danbury, Conn.

"Old 97" is a 1938 Chevrolet coupe cut down to a new design, windows taken out, motor overhauled and a few changes made here and there. It was coated with red, white and blue paint and a big "97" painted on its doors and trunk. That was in 1952.

After it was assembled, Winter took "97" to Coxsackie Speedway for a speed test on a third-of-a-mile track where it was timed in 14 seconds.

In his first race, Winter qualified for the main event at Coxsackie Speedway but was forced out by a blow-out.

One of the best performances by "97" was a seventh place finish against a crack field last summer at Arlington Speedway where "97" ran out of its class against modified stock cars.

Three Types Cars

Winter points out that there are thre types of stock cars on race tracks. First is the straight stock which has only factory parts. The sportsman stock is a car in which the motor can be souped up inside. The modified stock can be souped up any way possible for speed and horsepower.

The local speedster started in the driving field in 1941, then went into service for a nine-year hitch. He was a bit rusty when he returned to action in 1952, improved considerably in 1953 and now is ready to make his bid for fame and fortune in the 1954 season.

Winter would like to have a sponsor for the 1954 season but as yet hasn't found one. "But I'm still looking," he says hopefully.

City Baseball Meeting Monday

An important organizational meeting of the City Baseball League will be held Monday at 7:30 p. m. at the City Hall, John Misasi, secretary, has announced.

All managers, officers and others interested in the make-up of the league for the 1954 twilight campaign are requested to attend.

Molinas Cleared In Bet Scandal; Return in Doubt

New York, March 25 (AP)—"He broke faith with us."

Thus National Basketball Association President Maurice Podoloff today all but squashed any chance Jack Molinas, suspended Fort Wayne star, had of being reinstated to his club.

The Pistons dropped Molinas when it was found that he had placed bets on the team to win. Yesterday, a Bronx county grand jury reported that no evidence of any crime had been found.

Molinas, overjoyed, immediately said he would like to get back into action.

"We are not concerned with whether Molinas committed a crime," Podoloff said in Minneapolis. "To us, his betting means that he broke faith with us. It was a flagrant violation of a written contract."

He added that he could not personally outlaw Molinas because such authority rests with the board of governors of the NBA. However, he indicated he doubted if Molinas would be permitted to play again.

SPORTS

By Charles J. Tiano
Sports Editor

Dutchess Recreation expects jam-packed house for Saturday night's pivotal Hudson Valley clash between Jones Dairy and Poughkeepsie Cabs.

The HVBL title is at stake, with the Dairymen a game and a half ahead of the Cabbies, who must sweep three games to enhance their pennant ambitions.

If the Joneses are able to salvage one set, they return to Kingston for the April 3 finale with Poughkeepsie Academy, while the Cabbies tangle with Rapp's Express on adjoining alleys at the Bowlodrome.

A Cabbie sweep over Joneses Saturday would put the locals in a serious jam. The Cabbies would have a 1½-game lead going in against Rapp's. And Jones Dairy learned a long time ago they can't count on local assistance against the Cabs. Not after the way Schryvers folded against the Bridge City trundlers last week at the Centrals.

If Jones Dairy wins the 1953-54 HVBL pennant, it will have to do it on its own.

• This and Data:

Frankie Morse and the Ellenville Finkes blasted Newburgh Tooheys out of the pennant race with a 2-1 upset over the Hill City stars last weekend at Ellenville. Big Ed Weaver, who is not likely to be in the Harry's Angel lineup tonight, and Bill Hannon, Army's great scorer and rebounder, anxious to book an exhibition game against some area team. Big Jack Doyle smiles at reports his wreckers will be "loaded" against Woodstock Varsity Friday night. "As of the moment, we are sure of just three players," he says. Woodstock rooters are high on Jack Hake, a young lad who recently moved into the village. George McElroy's 30 points helped Ellenville score a 127-109 upset over Middletown Royals in rhubarb-filled SOWDU League playoff. We don't know what SOWDU means, either. With Ellenville leading 107-97 and 4:37 left, Ellenville's Chick Meehan and Dave Latimer of Middletown bumped while vying for a rebound, and started to fight. Other players quickly separated them, but the Ellenville coach rushed into the crowd fists flailing, spectators descended from the stands and half a dozen fist fights broke out. Fortunately, the melee was short-lived. Only damage—a few of the folks suddenly ran out of breath.

Murray Olderman prediction: The Philadelphia Athletics will move to Los Angeles because: (1) Globetrotter boss Abe Saperstein owns a hunk of the A's; (2) Saperstein is in cahoots with enterpreneur Bill Veeck; (3) Veeck's current preoccupation is investigating big league possibilities for Los Angeles.

• Of Men and Mice:

Post-season taboo agreement among upstate colleges—Niagara, Siena, Colgate, Syracuse et al—will keep Frank Koenig out of the Kingston tournament, but Siena's seniors will be on hand as advertised. Mumbles from Miami: Gil Hodges still passes by strikes on the outside corner . . . Jackie Robinson and his ailing knees may be lucky to start more than 100 games this year. Port Jervis High's track squad opens its season April 24 at the Penn Relays. The old adage that a team winning the close games is likely to win the pennant didn't hold during the 1953 season. The Yankees, winner of the American League flag, split their games won by one run. They won 18 and lost 18. Boston Red Sox, fourth place team, had the best record in the league for one-run games. They triumphed in 35 and dropped 15. Chick Meehan, ex-NBA player who coaches basketball at Kerhonkson High, rates a round of applause for dropping out of the Kingston tournament. "If I thought my presence jeopardized the amateur standing of any high school kid or collegian, I'd never forgive myself," he said. Dick Wilbur, the flashy young man who scored 36 points Tuesday night, is the same lad who sparked Otisville High to a 35-game winning streak. The college scouts are hot on his trail.

Don't bet on good weather for April 10. That's first day of trout season . . . remember?

Nardico Convinced He Doesn't Belong In Heavy Division

Miami Beach, Fla., March 25 (AP)—Danny Nardico, the Tampa brawler who depends on raw courage to overcome his lack of boxing ability, retreated back to the light heavyweight ranks today after taking a second savage beating from Charley Norkus of Jersey City.

Norkus, the unrated 24-year-old heavyweight, had a 17-pound advantage as he hammered out a unanimous 10-round decision over Nardico last night in the Miami Beach auditorium. He weighed 197¼ to Nardico's 180¼.

They were rematched for a national television audience (CBS) as a result of their bloody eight-knockdown battle in the same ring Jan. 20. Norkus flattened Nardico six times and hit the deck twice himself before the fight was stopped.

Lesson Is Learned

Niether man went down for a count last night, but it was the same kind of brawl they had staged before, and it was enough to convince a brutally beaten Nardico he doesn't belong in the heavyweight ranks.

"He's just too tough," Danny declared through puffed lips in his dressing room. "I had too give too much weight."

"We tried something and learned our lesson," added Nardico's trainer, Bill Gore. "From now on, Danny will stay in the light heavyweight division."

Although there was no local television blackout, new records were set for the auditorium as a standing room only crowd of 4,059 paid a gross gate of $17,710 to see the fight in person.

Referee Jimmy Peerless gave Norkus 98 points to 96 for Nardico. Judge Stu Winston voted it 98-91 and Judge Morris Feingold 97-91.

Schoolboy Tourney Opens

Glens Falls, March 25 (AP)—The 32nd annual eastern states scholastic basketball tournament opens here tonight with eight teams—including one former titlist—ready for action. The field in the three-day elimination tourney includes four preparatory schools and four Roman Catholic schools. The Carteret School of West Orange, N. J., is the only former champion competing. Carteret, which won the Headmasters and Coaches Assn. tournament this season with a 17-2 record, was the eastern states titlist in 1950.

Newhouser Flashes Good Form In Comeback Trial With Tribe

Ex-Tiger Pitches 3-Inning Shutout

(By The Associated Press)

The date was July 22, 1953—less than a year ago—and Hal Newhouser who once had drawn $65,000 for pitching for the Detroit Tigers, was talking:

"This is the end. I'm finished as an active player. My arm just can't stand the strain any more."

The handsome fireballer had just been told that at the age of 32, he was all through. He couldn't even hold a job with the last place Tigers. After almost 15 years, there was no place left in their organization for him. He had his unconditional release and memories.

But Newhouser couldn't stay out of the game, and today he's back trying to win a spot with the Cleveland Indians. He's on trial, of course, but what Manager Al Lopez has seen has been encouraging.

Newhouser got credit for his first victory of the spring training season yesterday when the Indians battered the Chicago Cubs 12-2. Despite the heavy bombing, the slim lefthander bore down all the way through his three-inning stint and didn't allow the Cubs a run.

If Newhouser comes through for Lopez, it will be in the form of a bonus for the Tribe manager who still is trying to devise some way to catch the New York Yankees. Lopez isn't counting too much on Bob Feller, another veteran, but if the two old-timers can win, say, 20-22 between them, Lopez will consider himself a fortunate fellow.

Grasso Breaks Ankle

That was the good news. The injury jinx that has been haunting the major league clubs all through training struck the Indians when second-string catcher Mickey Grasso broke his left ankle sliding into a base. He will be out about three months. Grasso is Jim Hegan's No. 1 understudy.

Meanwhile, the Baltimore Orioles, the Cactus League leaders, won their 11th game against five defeats by turning back the New York Giants 4-3 at Phoenix. They jumped on Sal (The Barber) Maglie for three runs in the sixth after the veteran Giant hurler had run up a scoreless skein of 13 innings.

The Detroit Tigers and the Philadelphia Phillies, who have been having the same trouble—no hitting—came to different fates. The Tigers broke a five-game losing streak with a 5-4 victory over the Milwaukee Braves achieved on a two-out single in the bottom of the ninth by rookie Harry Bright.

The Phillies, who have scored just six runs in their last five games, dropped a 7-1 decision to the Washington Senators. Johnny Schmitz and Chuck Stobbs combined to harass the Phillies. Bob Oldis hit a home run and a double for the winners.

The Pittsburgh Pirates, who have been consigned to the National League cellar, have been hitting home runs all over the lot, and bashed five more in a 10-4 victory over the Philadelphia A's. Winning pitcher Max Surkont was impressive, yielding only one hit in his three-inning tenure on the mound.

Skowron Powers Yanks

Young Bill Skowron drove in six runs for the New York Yankees to lead the world champions to an 11-7 victory over the Boston Red Sox. Skowron is a first-baseman and the Yanks already have three, but he might stick as a pinch hitter. He has looked very good, indeed.

The St. Louis Cardinals scored four runs in the ninth inning to turn back the Brooklyn Dodgers 5-2. Stu Miller went five innings for the Cards, allowing the Brooks only one hit, a home run by Gil Hodges.

Bob Keegan and Mike Fornieles held the Cincinnati Redlegs to eight hits in tossing the Chicago White Sox to a 6-4 victory.

Haber's Grill Meets Hudson Ericksons in Tournament Debut

Harry's Angels Also Scheduled For Tonight

Brodhead, Bezemer Haber to See Action

Haber's Grill, sentimental favorites to win the Kingston tournament, make their debut tonight against Erickson's Shells of Hudson in the 8:30 feature at the municipal auditorium. And tournament promoters expect a full house.

Coach G. Warren Kias' top-flight stars, bolstered by another former Maroon ace, Jim Riehl, can go all the way in the opinion of experts.

Harry's Angels, repeat champions in the YMCA "A" division, go against the powerful Pine Plains A.C. in the 7:30 p. m. curtain raiser.

The Grills have seven of this year's varsity roster, including All-DUSO Dick Bezemer and Skip Broadhead; Bill Haber, John Godwin, Ray Lawrence, Bob Bondar and Bob Maines.

Riehl Solid Help

Riehl, who can play up front or backcourt with equal finesse, has been a solid player with the Woodstock Varsity and in the Y League since his return from service. He scored 33 points in a game Saturday night.

The Grills have speed to burn and their fast break of offense is expected to give the opposition conniptions. Of the first eight teams to appear in the tournament only Otisville showed speed and shooting adaptability comparable to the high school wizards.

George McElroy and Andy Murphy, the tournament directors, have no line on the Erickson strength, but they are supposed to be stronger than the Savoias, who impressed against Lincoln Park Inn.

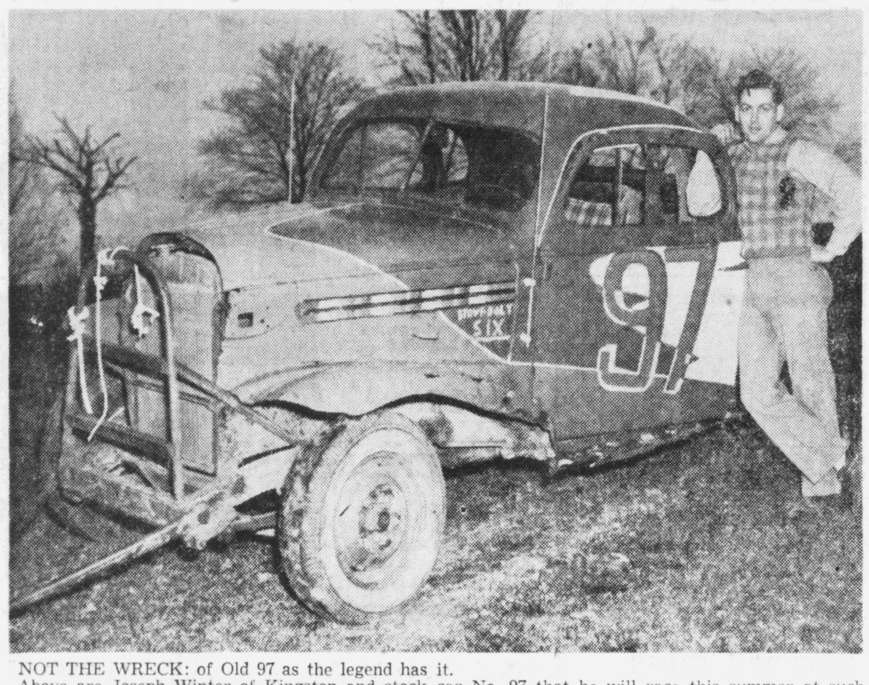
Ed Weaver Out

Harry Kaprelian was unsuccessful in his efforts to sign Big Ed Weaver of West Point for the Angels and will go with an all-local roster. The one newcomer is Jack Hake, who recently moved to Woodstock.

The other members of the "A" championship crew are Big Bill East, Bill Kleine, Eric Goercke, Lafayette "Champ" Holstein, Ward Dunham, Billy Waterous, Fred Orr, and Joe Murkoff.

Pine Plains' best known operators are Ken Hinsek, Irv Jackson, Fred Couse and Denny Hahn.

Joe Winter, Stock Car Driver, Makes Plans for '54 Campaign



NOT THE WRECK: of Old 97 as the legend has it.

Above are Joseph Winter of Kingston and stock car No. 97 that he will race this summer at such tracks as Rhinebeck Speedway, Arlington, South Westerlo, Coxsackie and Danbury, Conn.

"Old 97" is a 1938 Chevrolet coupe cut down to a new design, windows taken out, motor overhauled and a few changes made here and there. It was coated with red, white and blue paint and a big "97" painted on its doors and trunk. That was in 1952.

After it was assembled, Winter took "97" to Coxsackie Speedway for a speed test on a third-of-a-mile track where it was timed in 14 seconds.

In his first race, Winter qualified for the main event at Coxsackie Speedway but was forced out by a blow-out.

One of the best performances by "97" was a seventh place finish against a crack field last summer at Arlington Speedway where "97" ran out of its class against modified stock cars.

Three Types Cars

Winter points out that there are thre types of stock cars on race tracks. First is the straight stock which has only factory parts. The sportsman stock is a car in which the motor can be souped up inside. The modified stock can be souped up any way possible for speed and horsepower.

The local speedster started in the driving field in 1941, then went into service for a nine-year hitch. He was a bit rusty when he returned to action in 1952, improved considerably in 1953 and now is ready to make his bid for fame and fortune in the 1954 season.

Winter would like to have a sponsor for the 1954 season but as yet hasn't found one. "But I'm still looking," he says hopefully.

City Baseball Meeting Monday

An important organizational meeting of the City Baseball League will be held Monday at 7:30 p. m. at the City Hall, John Misasi, secretary, has announced.

All managers, officers and others interested in the make-up of the league for the 1954 twilight campaign are requested to attend.

Molinas Cleared In Bet Scandal; Return in Doubt

New York, March 25 (AP)—"He broke faith with us."

Thus National Basketball Association President Maurice Podoloff today all but squashed any chance Jack Molinas, suspended Fort Wayne star, had of being reinstated to his club.

The Pistons dropped Molinas when it was found that he had placed bets on the team to win. Yesterday, a Bronx county grand jury reported that no evidence of any crime had been found.

Molinas, overjoyed, immediately said he would like to get back into action.

"We are not concerned with whether Molinas committed a crime," Podoloff said in Minneapolis. "To us, his betting means that he broke faith with us. It was a flagrant violation of a written contract."

He added that he could not personally outlaw Molinas because such authority rests with the board of governors of the NBA. However, he indicated he doubted if Molinas would be permitted to play again.

Dutchess Recreation expects jam-packed house for Saturday night's pivotal Hudson Valley clash between Jones Dairy and Poughkeepsie Cabs.

The HVBL title is at stake, with the Dairymen a game and a half ahead of the Cabbies, who must sweep three games to enhance their pennant ambitions.

If the Joneses are able to salvage one set, they return to Kingston for the April 3 finale with Poughkeepsie Academy, while the Cabbies tangle with Rapp's Express on adjoining alleys at the Bowlodrome.

A Cabbie sweep over Joneses Saturday would put the locals in a serious jam. The Cabbies would have a 1½-game lead going in against Rapp's. And Jones Dairy learned a long time ago they can't count on local assistance against the Cabs. Not after the way Schryvers folded against the Bridge City trundlers last week at the Centrals.

If Jones Dairy wins the 1953-54 HVBL pennant, it will have to do it on its own.

• This and Data:

Frankie Morse and the Ellenville Finkes blasted Newburgh Tooheys out of the pennant race with a 2-1 upset over the Hill City stars last weekend at Ellenville. Big Ed Weaver, who is not likely to be in the Harry's Angel lineup tonight, and Bill Hannon, Army's great scorer and rebounder, anxious to book an exhibition game against some area team. Big Jack Doyle smiles at reports his wreckers will be "loaded" against Woodstock Varsity Friday night. "As of the moment, we are sure of just three players," he says. Woodstock rooters are high on Jack Hake, a young lad who recently moved into the village. George McElroy's 30 points helped Ellenville score a 127-109 upset over Middletown Royals in rhubarb-filled SOWDU League playoff. We don't know what SOWDU means, either. Petersen Pounds 242-653; E. Dumenigo, F. Beichert Crack 564 and 563 Series

Larry Petersen, Jr., fired a hat trick string of 242 (high single of the night), 210 and 201 for a pace-setting 653 series in the Central Rec Major League firing Wednesday night.

Art Smith, Jr., led the CYO Holy Name division with 220-574 at the Bowlodrome.

The distaff department exploded with two neat triples. Eleanor Dumenigo fired 564 to pace the Friendship League at the Central Recs where Betty Cadden topped the singles department with 220, her first 200 game. Over at the Bowlodrome, Flo Beichert continued to show her Giant-rooting husband, Knute, all the tricks about the bowling game, with a fancy 234 singleton and 563 series.

Dick Talleur's 190 and 500 marks topped the pin-busting in the Central Hudson wheel.

In the only other league reporting, S. Williams shot 184 and 457 in the Chalet Pioneers.

Cliff Davis Raps 624

Cliff Davis, who topped last week's Central Major League firing, almost did it again last night when he fired 624 on sticks of 206-234 after a 184 opener. Also reaching the 600 class were Randy Kelder 203-211-602 and Frank Grimaldi 217-224-611.

The results:

Wonderly Co. (1½)—L. Petersen 242-210-201-653; R. Kelder 203-211-60; George Shufeldt 539; Cliff Quick 215-537—938-981-906-2825.

Lakers Register 89 to 76 Victory

(By The Associated Press)

George Mikan and Jim Pollard, who've helped the Minneapolis Lakers to four National Basketball Association championships in the past five years, are up to their old playoff tricks.

The veteran Laker stars were the big guns last night as the champions walloped the Rochester Royals 89-76 to take a 1-0 lead in the best of three series for the Western Division title. The winner of that one will play the victor in the Eastern Division best of three series, with starts tonight with Boston playing at Syracuse.

Mikan was the game's high scorer with 28 points and it was Big George who tossed in two free throws to put Minneapolis back in front 52-51 after Rochester had grabbed its only lead in the third quarter. Pollard chipped in with 23 points.

Hockey Play Resumes

The National Hockey League's Stanley Cup playoffs resume tonight with both Toronto and Boston still looking for their first goal. Toronto's Maple Leafs meet the Red Wings again in Detroit, where goalie Terry Sawchuk of the Wings handed them a 5-0 blanking Tuesday night as the playoffs got under way. Boston, which managed only 12 shots against the Montreal Canadiens' defense in a 2-0 defeat Tuesday, will try again against the Canadiens in Montreal. Both series are best of seven affairs.

Zenith Radio Corporation

Gentlemen:

This year will mark the 34th year I've been in business. Years ago when I went into this business I made myself one promise and that was never to sell a product unless I was first sold on it and believed in the company that made it.

Maybe I've waited too long to write to you, but for all the years I've been in business, I've never sold any product that I've believed in more than Zenith. And there is only one reason —by your continuous, never changing policy to make superlative quality products, you've kept me and my salesmen sold.

I could take some short-cuts right now. I could buy off-brand, off-quality television sets at bigger discounts and make more "on the spot" profit, but I've got to sell what I believe in and I believe in quality for the long-pull that's why, for 1954, we are lining up with Zenith more solidly than ever before.

When we get a new salesman we go over our lines with him and because it is a salesman's business to know more about TV than the folks he sells we show him that its just as easy to measure Zenith TV quality as it is for a housewife to measure a room with a yardstick.

We know when we buy a Zenith TV that within that Zenith cabinet is housed one of the most powerful TV chassis in the industry. And we know that the quality inside that set is basically the same no matter whether the price tag is $199.95 or $999.95. The big tough transformers that make the set last years longer, moulded bakelite condensers and resistors instead of paper-wound, wax-covered types. All of these go together to produce the kind of television set that I believe in and believe me it shows on the sales floor.

And it keeps right on going past the sales floor into the customers home. Experience alone has proved that the kind of quality you put in Zenith TV needs less servicing. In fact, many, many Zenith TV's which we have sold over the years have never had one bit of service except for replacement of burned out tubes.

We know, too, that Zenith has been specializing for 36 years in radionics exclusively and believe us it pays off when we take that 36 year reputation for superior engineering and sell a set to a customer who lives in the fringes. We know that Zenith TV is engineered to perform magnificiently in the fringe areas pulling in a clear, undistorted picture even at critical distances of 100 miles or more,

The new 1954 Zenith's are positively great. We are going to buy more of them than ever before to recommend to our customers. We are going to do this because experience with Zenith TV has proved to us that we can take pride in offering this great name of a true specialist in Television to our customers.

We are backing up our belief in Zenith Quality TV by offering to install a Zenith TV set in any customers home alongside any other brand at any other price. We believe so much in Zenith that we say to them that if the Zenith does not out-perform the competing set, just call and we'll pick up the Zenith. No obligations, no charges.

We want to thank you, Zenith Radio Corporation, for sticking to "quality first."

We believe in it just as much as you do.

Very truly yours,
Ben Rhymer

Petersen Pounds 242-653; E. Dumenigo, F. Beichert Crack 564 and 563 Series

Larry Petersen, Jr., fired a hat trick string of 242 (high single of the night), 210 and 201 for a pace-setting 653 series in the Central Rec Major League firing Wednesday night.

Art Smith, Jr., led the CYO Holy Name division with 220-574 at the Bowlodrome.

The distaff department exploded with two neat triples. Eleanor Dumenigo fired 564 to pace the Friendship League at the Central Recs where Betty Cadden topped the singles department with 220, her first 200 game. Over at the Bowlodrome, Flo Beichert continued to show her Giant-rooting husband, Knute, all the tricks about the bowling game, with a fancy 234 singleton and 563 series.

Dick Talleur's 190 and 500 marks topped the pin-busting in the Central Hudson wheel.

In the only other league reporting, S. Williams shot 184 and 457 in the Chalet Pioneers.

Cliff Davis Raps 624

Cliff Davis, who topped last week's Central Major League firing, almost did it again last night when he fired 624 on sticks of 206-234 after a 184 opener. Also reaching the 600 class were Randy Kelder 203-211-602 and Frank Grimaldi 217-224-611.

And there is only one reason —by your continuous, never changing policy to make superlative quality products, you've kept me and my salesmen sold.

I could take some short-cuts right now. I could buy off-brand, off-quality television sets at bigger discounts and make more "on the spot" profit, but I've got to sell what I believe in and I believe in quality for the long-pull that's why, for 1954, we are lining up with Zenith more solidly than ever before.

When we get a new salesman we go over our lines with him and because it is a salesman's business to know more about TV than the folks he sells we show him that its just as easy to measure Zenith TV quality as it is for a housewife to measure a room with a yardstick.

We know when we buy a Zenith TV that within that Zenith cabinet is housed one of the most powerful TV chassis in the industry. And we know that the quality inside that set is basically the same no matter whether the price tag is $199.95 or $999.95. The big tough transformers that make the set last years longer, moulded bakelite condensers and resistors instead of paper-wound, wax-covered types. All of these go together to produce the kind of television set that I believe in and believe me it shows on the sales floor.

And it keeps right on going past the sales floor into the customers home. Experience alone has proved that the kind of quality you put in Zenith TV needs less servicing. In fact, many, many Zenith TV's which we have sold over the years have never had one bit of service except for replacement of burned out tubes.

We know, too, that Zenith has been specializing for 36 years in radionics exclusively and believe us it pays off when we take that 36 year reputation for superior engineering and sell a set to a customer who lives in the fringes. We know that Zenith TV is engineered to perform magnificiently in the fringe areas pulling in a clear, undistorted picture even at critical distances of 100 miles or more.

The new 1954 Zenith's are positively great. We are going to buy more of them than ever before to recommend to our customers. We are going to do this because experience with Zenith TV has proved to us that we can take pride in offering this great name of a true specialist in Television to our customers.

We are backing up our belief in Zenith Quality TV by offering to install a Zenith TV set in any customers home alongside any other brand at any other price. We believe so much in Zenith that we say to them that if the Zenith does not out-perform the competing set, just call and we'll pick up the Zenith. No obligations, no charges.

We want to thank you, Zenith Radio Corporation, for sticking to "quality first."

We believe in it just as much as you do.

Very truly yours,
Ben Rhymer

Robbins Defends Crown

St. Augustine, Fla., March 25 (AP) — Tom Robbins, defending champion and medalist in the American Seniors Golf Assn. tournament, meets Bob Wingate, former national public links champion, in the featured match at today's quarterfinal round. Robbins was one under par for 12 holes and that's as far as the Larchmont, N. Y., golfer had to go to beat Judge Lloyd Beatty of Glen Ridge, N. J., 7 and 6, yesterday. Wingate, whose home is in Fayetteville, N. C., beat Bill Diddle of Indianapolis 2 and 1.

Rapps Even Playoffs With 83 to 72 Win

SPORTSMAN'S DIGEST By hal sharp

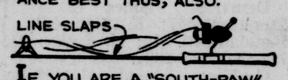
THIS-AND-THAT'S OF SPINNING REELS

UNCOILING LINE MUST NOT SLAP AGAINST ROD

MOST PEOPLE ARE RIGHT-HANDED AND CAST WITH THAT HAND, USING LEFT HAND TO REEL WITH. THUS MOST REELS ARE SO MADE. THIS LEFT-HAND REELING IS AWKWARD AT FIRST FOR MOST RIGHT-HANDERS, BUT PRACTICE OVERCOMES IT.

SPINNING REELS ARE MADE TO MOUNT UNDER THE HAND'S GRIP, SO THE UNCOILING LINE WILL NOT SLAP THE ROD IN CASTING. ROD AND REEL BALANCE BEST THUS, ALSO.

LINE SLAPS



IF YOU ARE A "SOUTH-PAW" AND CAST BEST THAT WAY, THERE ARE SOME REELS MADE FOR RIGHT-HAND REELING. GET ONE OF THOSE IF IT FITS YOUR NORMAL USE.

Driven to Drink?

Knoxville, Tenn. (AP)—He wasn't either driving while drunk, the man told the judge. He merely drank a pint of wine while waiting for officers to arrive after the accident. People just don't do those things, decided the judge, and fined the defendant $50.

Final Clash Set Next Wednesday

Rapp's Express tied up the playoff race for second place in the "B" Division of the Winter League Wednesday night by defeating J & E Milk Bar by the score of 83 to 72.

Rapp's led throughout the game with leads of 33 to 22, 46 to 35, and 66 to 56. J & E Milk Bar lost the touch that they had Tuesday night and were never seriously in the game. Both teams fouled frequently which sidelined several good players shortly after the second half started.

Herm Sickler with 22 and Frank Tiano with 20 were the two top scorers for Rapps. For the Milk Bar, Harry Van Wagenen and Bob Faurote each had 25.

The final game will probably be played next Wednesday night.

Robbins Defends Crown

St. Augustine, Fla., March 25 (AP) — Tom Robbins, defending champion and medalist in the American Seniors Golf Assn. tournament, meets Bob Wingate, former national public links champion, in the featured match at today's quarterfinal round. Robbins was one under par for 12 holes and that's as far as the Larchmont, N. Y., golfer had to go to beat Judge Lloyd Beatty of Glen Ridge, N. J., 7 and 6, yesterday. Wingate, whose home is in Fayetteville, N. C., beat Bill Diddle of Indianapolis 2 and 1.

Rapps Even Playoffs With 83 to 72 Win

SPORTSMAN'S DIGEST By hal sharp

THIS-AND-THAT'S OF SPINNING REELS

UNCOILING LINE MUST NOT SLAP AGAINST ROD

MOST PEOPLE ARE RIGHT-HANDED AND CAST WITH THAT HAND, USING LEFT HAND TO REEL WITH. THUS MOST REELS ARE SO MADE. THIS LEFT-HAND REELING IS AWKWARD AT FIRST FOR MOST RIGHT-HANDERS, BUT PRACTICE OVERCOMES IT.

SPINNING REELS ARE MADE TO MOUNT UNDER THE HAND'S GRIP, SO THE UNCOILING LINE WILL NOT SLAP THE ROD IN CASTING. ROD AND REEL BALANCE BEST THUS, ALSO.

LINE SLAPS

IF YOU ARE A "SOUTH-PAW" AND CAST BEST THAT WAY, THERE ARE SOME REELS MADE FOR RIGHT-HAND REELING. GET ONE OF THOSE IF IT FITS YOUR NORMAL USE.

Driven to Drink?

Knoxville, Tenn. (AP)—He wasn't either driving while drunk, the man told the judge. He merely drank a pint of wine while waiting for officers to arrive after the accident. People just don't do those things, decided the judge, and fined the defendant $50.

Final Clash Set Next Wednesday

Rapp's Express tied up the playoff race for second place in the "B" Division of the Winter League Wednesday night by defeating J & E Milk Bar by the score of 83 to 72.

Rapp's led throughout the game with leads of 33 to 22, 46 to 35, and 66 to 56. J & E Milk Bar lost the touch that they had Tuesday night and were never seriously in the game. Both teams fouled frequently which sidelined several good players shortly after the second half started.

Herm Sickler with 22 and Frank Tiano with 20 were the two top scorers for Rapps. For the Milk Bar, Harry Van Wagenen and Bob Faurote each had 25.

The final game will probably be played next Wednesday night.

Red Cross . . .

Cross work and governmental responsibilities.

Red Cross is charged by congressional charter with assistance in warning, voluntary evacuation, care of personal property, rescue and first aid, providing medical, nursing and hospital care of victims as well as food, shelter and clothing. In fact all emergency service immediately following a disaster becomes the duty of Red Cross as well as rehabilitation of families affected by disaster. Red Cross maintains a staff of volunteer and experienced workers ready to step in and render this aid immediately and to cooperate with local agencies in the work.

At the meeting Tuesday evening Miss Chesney gave a summary of Red Cross work at Worcester, Mass., following the serious wind damage last year. She was one of the Red Cross workers assigned to that area where millions of dollars of damage was done and thousands made homeless.

A tablespoon of vinegar added to the water after beets have been peeled and diced will keep their color a bright red.

Twins Replace Twins

Mannheim, Germany, March 25 (AP)—Robert and Edsel Campbell, twins from Sarasota, Fla., were sent home last week after confusing fellow soldiers at a U. S. Air Force pool here for more than a year. But the soldiers looked twice when their replacements arrived—Louis and Anthony Lamonica, of Hammond, La., identical twins.

Arrested by Wife

James Decker, 32, of 210 O'Neil street, was arrested by his wife Rena Decker, at 8:20 a. m., today on a third degree assault charge. Officers Gerald Every and Anthony Turck responded to a call to the house. City Judge Raymond J. Mino put the case over until Friday morning to allow Decker time to get counsel.

IBM Recommends Stock Split-Up

The directors of International Business Machines Corporation voted Wednesday in New York to recommend to stockholders for their approval at the annual meeting April 27, a stock split-up by increasing the outstanding stock 25 per cent.

Upon approval by stockholders, one-quarter of a share for each share held will be issued as soon as possible after May 7, 1954, the record date. Script certificates will be issued for each fraction of a share.

Subsequent to the stockholders' approval of the split up, the board of directors will declare a second quarter dividend for 1954 on the outstanding stock, including the new shares, of $1 per share payable June 10, 1954, to stockholders of record at the close of business May 18, 1954.

During World War 2 France lost 25 per cent of its locomotives and 20 per cent of its railroad cars.

Cedarville, Ohio (AP)—Frank Albert Jurkat, professor of languages, has been teaching at Cedarville College for nearly 60 years. Jurkat joined the faculty in 1895, just two years after the school was founded by the Presbyterian Church. This year the Baptists took the school over and installed an entirely new faculty—except for Prof. Jurkat, who at 77 says he has no intention of retiring.

Crowds Visit Lions Club Exposition

A view of the crowd thronging the state armory on Manor avenue for the seventh annual Lions Club exposition and automobile show. Thousands have already visited the armory where approximately 60 exhibits and an automobile show have been prepared. The event, known as "Kingston Area on Parade," will continue through Saturday night.

The Joiners

News of Interest to Fraternal Organizations

Atharhacton Rebekah Lodge will meet at 8 p. m. today in Mechanics Hall. The Past Noble Grand will entertain the lodge.

A regular meeting of Charles DeWitt Council, 91, JOUAM, will be be held Friday at 8 p. m. at Mechanics' Hall, 14 Henry street. A social hour with refreshments will follow. A full attendance of members is anticipated.

Many bears have a third eyelid which is transparent and can be used like sunglasses for protection against glare.

Attracting considerable interest is this 1916 Willys-Overland job, the oldtimer of the show. Betty Schoonmaker takes a turn at the wheel. Standing at the left, Margery Glass and Meta Weidner, and at the right, Joseph E. Smith of the Albany Avenue Garage and Glenda Wentworth.

The "youngest" car at the show—and the smallest—the nifty little 1954 Metropolian coupe displayed by Nash Motors of Kingston. Mrs. Kenneth McCullen is at the wheel with Miss Dorothy McCullen on the seat beside her and Kevin McCullen on the rear seat. Ernest J. DuBois of Nash Motors stands at the right. *(Freeman photos)*

Two Gunmen . . .

night guard, that they had cigarettes and a newspaper for Compton.

Jeffers said he admitted the two men while checking his ledger and that when he turned to face them one levelled a pistol at him.

They gagged Jeffers and tied his hands, then walked him down a corridor and into the turnkey's office.

One of the men took the jail keys, opened a cell block door and confronted James Marshall, another guard. Marshall quoted the gunman as saying, "OK, I'll take over now."

Marshall was forced to release Compton and Mendolla from their cells and then was taken to the turnkey's office, where he also was bound and gagged.

The gunmen and their fugitive companions fled in Jeffer's auto before the two guards could free themselves and sound the alarm.

Records at the penitentiary showed that a Paul Brothers of Rochester had visited Compton last Saturday. When detectives went to Brothers' home after the break, they found Jeffer's car parked outside. Brothers was not at home.

A taxicab company told police one of their cabs had been called to the neighborhood of Brothers' home about 2 a. m. today, and nothing has been heard from the driver since.

Need Stock First

Following the announcement of the settlement Wednesday night, a spokesman for the Great Atlantic and Pacific Tea Company said in Albany that the stores, shut down by a walkout of about 200 AFL Teamsters Union members from the Albany warehouse, would reopen as soon as stocks could be delivered.

Union members last night ratified an agreement reached after two days of negotiations in New York city between representatives of the union and the big grocery chain.

Terms of the settlement were not announced. It was reliably reported, however, that they included new wage scales to be written into a new contract. The present contract expires April 30.

The two local stores are located at 91 North Front street and 106-110 Prince street.

Held for Grand Jury

Miss Camille Plotzyk, 23, of Quarryville was arrested on Wednesday for allegedly entering her aunt's home near Saugerties on Tuesday night without permission. She was arraigned before Justice Glenford Myers of Saugerties and ordered held for grand jury action on a charge of unlawful entry. Sgt. Arthur A. Reilly and Trooper Raymond Kowalski made the arrest on complaint of the aunt, Mrs. Marjorie Etcher. Sgt. Reilly said the information charges Miss Plotzyk with using a skeleton key to gain entrance to the home.

U. S. Hydrogen

asked questions along these lines.

Lord Salisbury, Britain's atomic chief, told the House of Lords last night the "hideous reality" of the hydrogen bomb makes necessary a live-and-let-live understanding between Russia and the west. He warned that no one could win an atomic war.

Other peers expressed similar fears. Lord Henderson, Laborite, proposed an "all-in" Europe security treaty which would recognize the continued existence of both the east's defense arrangements and the west's NATO alliance. Lord Salisbury said the government would be ready to study the idea.

Prime Minister Churchill told the House of Commons last Monday he had not abandoned his 10-month-old suggestion for an informal meeting between the heads of major powers, including Russia, to ease world tension. He said "increasing good will in the world" may avert war but he warned at the same time of the stupendous problems and perils comprised in the sphere of atomic and hydrogen developments."

Many papers carried roundups of latest atomic and hydrogen bomb developments throughout the world. Maps and diagrams spelled out for average Britons just how a single hydrogen bomb could obliterate or devastate much of their island homeland.

The science editor of London's Liberal News Chronicle said the extended risk area now announced for future American H-bomb tests in the Pacific would cover territory equal to all the British Isles, half of France, all of Holland and Belgium and Germany as far west as Frankfurt.

He added that "no means of controlling the hydrogen reaction can be foreseen."

The News Chronicle warned editorially that fear and despair over the hydrogen bomb may develop into a helpless apathy which might make atomic warfare "not only possible but inevitable." The newspaper referred to President Eisenhower's invitation to Russia to join in pooling atomic energy for peaceful uses but said "the time has now come to have done with the oblique and to go directly once again for the goal."

Picked Up on Warrants

Two men were picked up by police today on warrants charging third degree assault. Robert Mower, 26, of 52 Elmendorf street, was arrested on complaint of his wife, Shirley, and was released under $500 bail for City Court appearance. Frank Ferraro, 25, of 100 West Union street was arrested on complaint of his wife, Elizabeth, and bail was fixed at $500 for court appearance. Both were picked up by Officers Francis Buchanan and Edward Edwards.

Will Continue Talks

Washington, March 25 (AP)—France's top military leader, Gen. Paul Ely, has postponed his departure for 24 hours to continue high level strategy talks about the Indochina war with American defense officials. Ely, who was scheduled to wind up his three-day conference today, arranged instead to go to the Pentagon for another round of discussions with Adm. Arthur Radford, chairman of the Joint Chiefs of Staff.

Cedarville, Ohio (AP)—Frank Albert Jurkat, professor of languages, has been teaching at Cedarville College for nearly 60 years. Jurkat joined the faculty in 1895, just two years after the school was founded by the Presbyterian Church. This year the Baptists took the school over and installed an entirely new faculty—except for Prof. Jurkat, who at 77 says he has no intention of retiring.

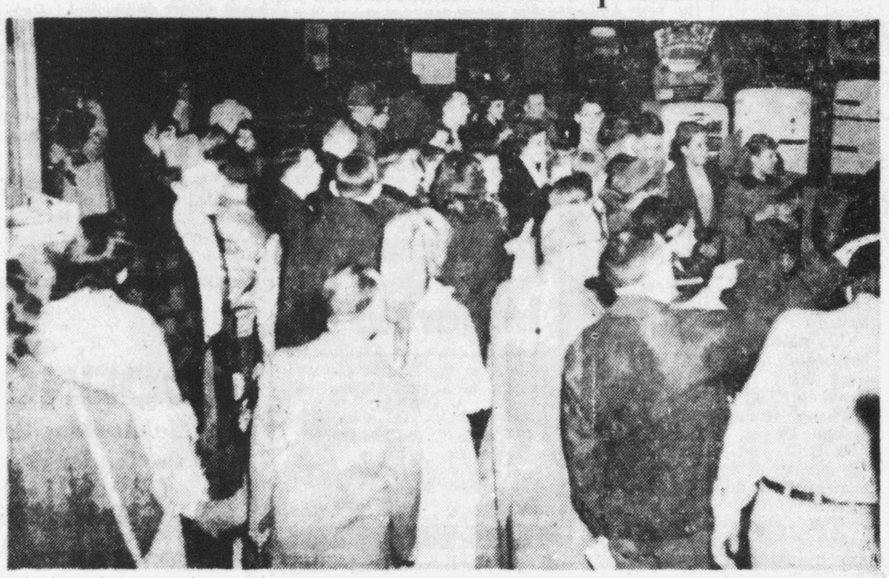
Crowds Visit Lions Club Exposition



A view of the crowd thronging the state armory on Manor avenue for the seventh annual Lions Club exposition and automobile show. Thousands have already visited the armory where approximately 60 exhibits and an automobile show have been prepared. The event, known as "Kingston Area on Parade," will continue through Saturday night.

The Joiners

News of Interest to Fraternal Organizations

Atharhacton Rebekah Lodge will meet at 8 p. m. today in Mechanics Hall. The Past Noble Grand will entertain the lodge.

A regular meeting of Charles DeWitt Council, 91, JOUAM, will be be held Friday at 8 p. m. at Mechanics' Hall, 14 Henry street. A social hour with refreshments will follow. A full attendance of members is anticipated.

Many bears have a third eyelid which is transparent and can be used like sunglasses for protection against glare.

Attracting considerable interest is this 1916 Willys-Overland job, the oldtimer of the show. Betty Schoonmaker takes a turn at the wheel. Standing at the left, Margery Glass and Meta Weidner, and at the right, Joseph E. Smith of the Albany Avenue Garage and Glenda Wentworth.

The "youngest" car at the show—and the smallest—the nifty little 1954 Metropolian coupe displayed by Nash Motors of Kingston. Mrs. Kenneth McCullen is at the wheel with Miss Dorothy McCullen on the seat beside her and Kevin McCullen on the rear seat. Ernest J. DuBois of Nash Motors stands at the right. *(Freeman photos)*

Two Gunmen . . .

night guard, that they had cigarettes and a newspaper for Compton.

Jeffers said he admitted the two men while checking his ledger and that when he turned to face them one levelled a pistol at him.

They gagged Jeffers and tied his hands, then walked him down a corridor and into the turnkey's office.

One of the men took the jail keys, opened a cell block door and confronted James Marshall, another guard. Marshall quoted the gunman as saying, "OK, I'll take over now."

Marshall was forced to release Compton and Mendolla from their cells and then was taken to the turnkey's office, where he also was bound and gagged.

The gunmen and their fugitive companions fled in Jeffer's auto before the two guards could free themselves and sound the alarm.

Records at the penitentiary showed that a Paul Brothers of Rochester had visited Compton last Saturday. When detectives went to Brothers' home after the break, they found Jeffer's car parked outside. Brothers was not at home.

A taxicab company told police one of their cabs had been called to the neighborhood of Brothers' home about 2 a. m. today, and nothing has been heard from the driver since.

Need Stock First

Following the announcement of the settlement Wednesday night, a spokesman for the Great Atlantic and Pacific Tea Company said in Albany that the stores, shut down by a walkout of about 200 AFL Teamsters Union members from the Albany warehouse, would reopen as soon as stocks could be delivered.

Union members last night ratified an agreement reached after two days of negotiations in New York city between representatives of the union and the big grocery chain.

Terms of the settlement were not announced. It was reliably reported, however, that they included new wage scales to be written into a new contract. The present contract expires April 30.

The two local stores are located at 91 North Front street and 106-110 Prince street.

Held for Grand Jury

Miss Camille Plotzyk, 23, of Quarryville was arrested on Wednesday for allegedly entering her aunt's home near Saugerties on Tuesday night without permission. She was arraigned before Justice Glenford Myers of Saugerties and ordered held for grand jury action on a charge of unlawful entry. Sgt. Arthur A. Reilly and Trooper Raymond Kowalski made the arrest on complaint of the aunt, Mrs. Marjorie Etcher. Sgt. Reilly said the information charges Miss Plotzyk with using a skeleton key to gain entrance to the home.

U. S. Hydrogen

asked questions along these lines.

Lord Salisbury, Britain's atomic chief, told the House of Lords last night the "hideous reality" of the hydrogen bomb makes necessary a live-and-let-live understanding between Russia and the west. He warned that no one could win an atomic war.

Other peers expressed similar fears. Lord Henderson, Laborite, proposed an "all-in" Europe security treaty which would recognize the continued existence of both the east's defense arrangements and the west's NATO alliance. Lord Salisbury said the government would be ready to study the idea.

Prime Minister Churchill told the House of Commons last Monday he had not abandoned his 10-month-old suggestion for an informal meeting between the heads of major powers, including Russia, to ease world tension. He said "increasing good will in the world" may avert war but he warned at the same time of the stupendous problems and perils comprised in the sphere of atomic and hydrogen developments."

Many papers carried roundups of latest atomic and hydrogen bomb developments throughout the world. Maps and diagrams spelled out for average Britons just how a single hydrogen bomb could obliterate or devastate much of their island homeland.

The science editor of London's Liberal News Chronicle said the extended risk area now announced for future American H-bomb tests in the Pacific would cover territory equal to all the British Isles, half of France, all of Holland and Belgium and Germany as far west as Frankfurt.

He added that "no means of controlling the hydrogen reaction can be foreseen."

The News Chronicle warned editorially that fear and despair over the hydrogen bomb may develop into a helpless apathy which might make atomic warfare "not only possible but inevitable." The newspaper referred to President Eisenhower's invitation to Russia to join in pooling atomic energy for peaceful uses but said "the time has now come to have done with the oblique and to go directly once again for the goal."

Picked Up on Warrants

Two men were picked up by police today on warrants charging third degree assault. Robert Mower, 26, of 52 Elmendorf street, was arrested on complaint of his wife, Shirley, and was released under $500 bail for City Court appearance. Frank Ferraro, 25, of 100 West Union street was arrested on complaint of his wife, Elizabeth, and bail was fixed at $500 for court appearance. Both were picked up by Officers Francis Buchanan and Edward Edwards.

Will Continue Talks

Washington, March 25 (AP)—France's top military leader, Gen. Paul Ely, has postponed his departure for 24 hours to continue high level strategy talks about the Indochina war with American defense officials. Ely, who was scheduled to wind up his three-day conference today, arranged instead to go to the Pentagon for another round of discussions with Adm. Arthur Radford, chairman of the Joint Chiefs of Staff.

Corregidor Scrap Sold

Manila (AP)—About 10,000 tons of scrap steel and iron, strewn during World War 2 about Corregidor Island, is being sold to dealers for conversion into materials needed for the Philippines' economic development.

20-Day Dock Strike Is Falling Apart

Spread to Other Ports Not Likely; 4,000 Back to Work

New York, March 25 (AP)—The AFL contended today that a rival union's 20-day dock strike that has cost an estimated 275 million dollars is "falling apart."

More men were reported going back to work.

And the possibility that the strike might spread today to other east coast ports failed to materialize.

The AFL International Longshoremen's Assn. (AFL-ILA) said 4,000 of its members crossed picket lines of the rival Independent ILA and went to work, compared with 3,600 yesterday.

The old ILA, ousted from the AFL for harboring racketeers, struck in what has been known as a wildcat walkout in a jurisdictional dispute with the new AFL-ILA for control of the waterfront.

Bradley Endorses Strike

Capt. William V. Bradley, president of the old ILA, yesterday gave official endorsement to the strike. It was this that led to belief that ILA locals in other ports might strike in a show of ILA strength.

But there were no reports today of walkouts in these ports that have been getting increased business because of the New York tieup.

Tugboat men in New York, affiliated with the ILA, also continued on the job.

City officials said 27 of 56 ships berthed in New York city piers were being worked today, compared to 25 of 58 yesterday.

Phony Attempt, Says Dwyer

John Dwyer, chairman of the AFL-ILA port committee, said the number of men working today presented "a much brighter picture."

"The longshoremen are not fooled by Bradley's phony attempt to pull the mob's chestnuts out of the fire," Dwyer said.

Bradley had said that ILA men in the other ports wanted "to go out" and that "we'll have a job keeping the other ports working."

C. G. Tegnell, director of research for the State Chamber of Commerce, said the strike had cost the nation's No. 1 port 275 million dollars in lost business and that the figure would rise to a half billion if the walkout continued another 10 days.

The walkout by members of the ILA—ousted from the AFL last fall for harboring racketeers—has been staged in defiance of a Federal Court injunction. Contempt of court proceedings are pending.

A National Labor Relations Board source indicated last night that the strike endorsement would provide the basis for new contempt charges, intended to subject the ILA to heavy fines and ILA officers to jail terms.

A Puerto Rican constitution modeled on that of the United States was approved by the U. S. Congress and a vote of the Puerto Rican people in 1952.

20-Day Dock Strike Is Falling Apart

Spread to Other Ports Not Likely; 4,000 Back to Work

New York, March 25 (AP)—The AFL contended today that a rival union's 20-day dock strike that has cost an estimated 275 million dollars is "falling apart."

More men were reported going back to work.

And the possibility that the strike might spread today to other east coast ports failed to materialize.

The AFL International Longshoremen's Assn. (AFL-ILA) said 4,000 of its members crossed picket lines of the rival Independent ILA and went to work, compared with 3,600 yesterday.

The old ILA, ousted from the AFL for harboring racketeers, struck in what has been known as a wildcat walkout in a jurisdictional dispute with the new AFL-ILA for control of the waterfront.

Bradley Endorses Strike

Capt. William V. Bradley, president of the old ILA, yesterday gave official endorsement to the strike. It was this that led to belief that ILA locals in other ports might strike in a show of ILA strength.

But there were no reports today of walkouts in these ports that have been getting increased business because of the New York tieup.

Tugboat men in New York, affiliated with the ILA, also continued on the job.

City officials said 27 of 56 ships berthed in New York city piers were being worked today, compared to 25 of 58 yesterday.

Phony Attempt, Says Dwyer

John Dwyer, chairman of the AFL-ILA port committee, said the number of men working today presented "a much brighter picture."

"The longshoremen are not fooled by Bradley's phony attempt to pull the mob's chestnuts out of the fire," Dwyer said.

Bradley had said that ILA men in the other ports wanted "to go out" and that "we'll have a job keeping the other ports working."

C. G. Tegnell, director of research for the State Chamber of Commerce, said the strike had cost the nation's No. 1 port 275 million dollars in lost business and that the figure would rise to a half billion if the walkout continued another 10 days.

The walkout by members of the ILA—ousted from the AFL last fall for harboring racketeers—has been staged in defiance of a Federal Court injunction. Contempt of court proceedings are pending.

A National Labor Relations Board source indicated last night that the strike endorsement would provide the basis for new contempt charges, intended to subject the ILA to heavy fines and ILA officers to jail terms.
